Step Up Your Game Naresh C. Rao, 2016-02-02 As a sports and wellness medicine practitioner whose clients include Olympic and professional athletes, triathletes, and weekend warriors, Dr. Naresh Rao has uncovered the secrets of how and why elite athletes consistently perform at the highest levels. In *Step Up Your Game*, he reveals what separates the best athletes from the rest of us, despite our best efforts in any chosen sport. According to Rao, top athletes know that peak performance requires much more than consistent practice. He reveals a comprehensive program that takes into account every aspect of optimizing wellness—from monitoring health to improving nutrition, following a thorough training protocol, and developing a plan for recovering from and preventing injury. The mental game is just as important as the physical one; these athletes make sure

to address their motivational, psychological, and spiritual needs, too. In short, the athletes who are at the top of their game know that if they want to improve—whether it's their accuracy at the goal, time at the finish line, or consistency of play—they need to take each of these aspects into consideration every single day. *Step Up Your Game* reveals how remarkable success is available to athletes with the conviction and desire to improve. By integrating Dr. Rao's program into an existing fitness routine, readers will take ownership of their training in a systematic way, remove the stress that often hampers outcomes, and—most importantly—begin to fully enjoy their exercise experience as they work to achieve their healthiest selves. Skyhorse Publishing, as well as our Sports Publishing imprint, is proud to publish a broad range of books for readers interested in sports—books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. In addition to books on popular team sports, we also publish books for a wide variety of athletes and sports enthusiasts, including books on running, cycling, horseback riding, swimming, tennis, martial arts, golf, camping, hiking, aviation, boating, and so much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Level Up Your Life Steve Kamb, 2016-01-12 In 5 years, Steve Kamb has transformed himself from wanna-be daydreamer into a real-life superhero and actually turned his life into a gigantic video game: flying stunt planes in New Zealand, gambling in a tuxedo at the Casino de Monte-Carlo, and even finding Nemo on the Great Barrier Reef. To help him accomplish all of these goals, he built a system that allowed him to complete quests, take on boss battles, earn experience points, and literally level up his life. If you have always dreamed of adventure and growth but can't seem to leave your hobbit-hole, Level Up Your Life is for you. Kamb will teach you exactly how to use your favorite video games, books, and movies as inspiration for adventure rather than an escape from the grind of everyday life. Hundreds of thousands of everyday Joes and Jills have joined Steve's Rebellion through his popular website, NerdFitness.com, and leveled up their lives—losing weight, getting stronger, and living better. In Level Up Your Life, you'll meet more than a dozen of these members of The Rebellion: men and women, young and old, single and married, from all walks of life who have created superhero versions of themselves to live adventurously and happily. Within this guide, you'll follow in their footsteps and learn exactly how to:

- Create

your own “Alter Ego” with real-life super powers • Build your own Epic Quest List, broken into categories and difficulty levels • Hack your productivity habits to start making progress • Train your body for any adventure • Build in rewards and accountability that will actually motivate you to succeed • Travel the world freely (and cheaply) • Recruit the right allies to your side and find powerful mentors for guidance Adventure is out there, and the world needs more heroes. Will you heed the call?

101 Improv Games for Children and Adults Bob Bedore,2004-02-09 What is the big

deal about improv? It's fun. It strengthens our imagination, promotes self-confidence, increases spontaneity, promotes teamwork, and it's magic: it creates something out of nothing. **101 IMPROV GAMES FOR CHILDREN AND ADULTS** contains the basics: what improv is all about and how to do it, special instructions for how to teach improv to children, plus more advanced training on how to use your voice and body in ways you haven't thought of before. It has helpful hints for creating scenes and environments out of thin air. All this plus 101 games with simple instructions, from easy warm-up games to over-the-top crowd pleasers such as Fairy Tales, Bizarre Games, On Your Toes and Narrative Games. This is the tenth in the Hunter House SmartFun activity books series, and the first one for adults as well as children. The book is a great resource for educators as well as for the professional actor or the layperson working with improv for fun. The book contains lively illustrations and is easy to use. Improv is about creating something out of nothing, but a really good improviser can create something great out of nothing. This book shows you how.

101 More Improv Games for Children and Adults Bob Bedore, 2013-03-15 101 More Improv Games for Children and Adults: A Smart Fun Book for Ages 5 and Up is the follow-up to Bob Bedore's popular 101 Improv Games for Children and Adults. This sequel takes us even deeper into the craft of improv — the magical art of creating something out of nothing — with all new games! Author Bob Bedore emphasizes how you can use improvisation, creativity, and teamwork any time, any place, to get your imagination flowing, win over a crowd, or be a wittier conversationalist. Actors and improv students will appreciate the author's fun, down-to-earth approach to developing theater craft. And improv isn't only for serious thespians. Used as a classroom activity, it teaches kids how to have fun, relax, and work together without seeming like an educational tool at all. Great on its own or as a companion to Bedore's first book, 101 More Improv Games for Children and Adults is centered around entertaining an audience and creating memorable scenes. This sequel includes information on how to produce your own improv show. 101 More Improv Games for Children and Adults is full of wacky and brilliant activities for kids, teachers, actors, comedians, improv groups, or anyone else.

Extending Virtual Worlds Ann Latham Cudworth, 2018-09-03 Written as the successor to Virtual World Design: Creating Immersive Virtual Environments, this book carries the ideas brought forward in its predecessor to new levels of virtual world design

exploration and experimentation. Written by an Emmy award-winning designer with 22 years of experience creating virtual environments for television and online communities, *Extending Virtual Worlds: Advanced Design for Virtual Environments* explores advanced topics such as multi-regional design, game-based sims, and narrative structure for environments. The book provides bedrock knowledge and practical examples of how to leverage design concepts within the intertwined structures of physics engines, level of detail (LOD) systems, and advanced material editors. It also shows designers new ways to influence the experience of virtual world visitors through immersive narrative and storytelling. With over 150 illustrations and 10 step-by-step projects that include the necessary 3D models and modular components, it delivers hours of stimulating creative challenges for people working in public virtual worlds or on private grids. By using this book, novices and advanced users will deepen their understanding of game design and how it can be applied to creating game-based virtual environments. It also serves as a foundational text for class work in distance learning, simulation, and other learning technologies that use virtual environments.

101 Improv Games for Children and Adults Bob Bedore, 2004-02 101 Improv Games for Children and Adults starts with the basics of improvisational comedy, giving aspiring performers the building blocks required to think on their feet. A great resource for educators as well as for the professional actor or layperson, the book includes rules for 101 games that cover everything from easy warm-ups to over-the-top crowd pleasers, such as Fairy Tales, Bizarre Games, On Your Toes, and Narrative Games.

SWAG 101 Rob Crews, 2013-11-04 *SWAG 101* by Rob Crews The trajectory of learning has changed, therefore the trajectory of teaching must change as well. Be innovative in player development. I love talking the game with Rob Crews, especially when you talk about hitters. The insight that Rob has given me when it comes down to his perspective on hitting has been very beneficial to me as a hitting coach. You are not going to find another hitting coach as passionate as Coach Crews. -TIM WALTON Head Coach, University of Florida Softball Rob breaks down teaching and learning not only for athletes but for the common everyday citizen. I recommend *SWAG 101* to everyone interested in becoming more knowledgeable of the teaching and learning process no matter your intelligence level. -ORV FRANCHUK Hitting Coach, Los Angeles Dodgers *SWAG 101* teaches hitting and the

mental game from a player's perspective. His innovative ideas and strategies are straight forward and keep the game simple. I'm proud to call Rob a teacher and a friend. -HOWARD DOBSON Hitting Coach LSU, Team USA Softball This book is an absolute must read for those players aspiring to reach the top level game! SWAG - the secret weapon all great hitters possess but are reluctant to share. -LAUREN GIBSON 2013 SEC Player of the Year, Team USA Softball Rob knows hitting and more importantly he knows hitters. In SWAG 101, hitters learn to know themselves through his teachings - perhaps the most critical piece to the performance puzzle. -KRIS HERMAN Head Coach, Williams College Softball The book does a great job of tying in the various components of learning and how important each aspect is to an athlete in their own development. Rob is world class when it comes to showing the countless ways there are for an athlete to improve -not just with the physical, but more importantly the mental facet. -MIKE STEUERWALD Head Coach, Chicago Bandits, NPF The bottom line is most athletes with great swings and great form, aren't even that good! So what makes them good? SWAG 101 is about Invisible Mechanics -the mechanics that we can't see. What goes on under the hood. Most of which precedes the swing. Its about perception. Organizing your thoughts. In this book, the author digs deeper into the athlete's operating system. Invisible Mechanics is the brain working together with the eyes to create a faster, more efficient response from the body. The COMPLETE GAME instructional model, as narrated by Rob Crews, combines mind/body research outlining and how effective teaching is continuing to evolve.
