Chris Barez-brown

*Upping Your Elvis* Chris Barez-Brown, 2021-03-25 *Upping Your Elvis* is best described as a big energetic boost in a book. Learn how we're not naturally designed for business and how we spend far too much energy trying to fit in with its needs rather than the other way around. We're fish out of water-and it's sucking the life out of us. Packed full of simple tips and behaviours that will transform the way you show up, Chris Barez-Brown's latest book helps people understand what makes them tick, liberating them from the restrictive systems of traditional business and opening their eyes to a new way of working and living. This is the handbook to help you find your inner Elvis, that special mix of authenticity, energy, focus, talent and courage that is unique to you.

*Shine* Chris Baréz-Brown, 2012-02-07 We all have good days and bad days at work. Some days you feel bullet-proof. People listen to you, your meetings run like clockwork, and you keep having new ideas. Other days are like wading through quicksand. You can't get anything done, and when the printer jams (again) you want to quit. Wouldn't it be great if every day went your way? If you jumped

out of bed every morning ready for anything? You can stand out, break the rules, and making things happen. You can be a bit more ‘Elvis.’ You can love every minute. The only limitation is you: your energy, your belief, your perspective.

Wake Up! Chris Baréz-Brown, 2017-09-19 “A series of balanced, playful, and interesting experiences that will capture your attention, engage your imagination, and stimulate your senses.”  
—Cosmopolitan (UK) Don’t waste a minute of your extraordinary life! You have an unlimited capacity to have fun, meet amazing people, and feel truly awake every single day. But do you? When you’re living on autopilot (and most people are—80 percent of the time), those opportunities pass you by. Snap out of it! Any one of the 54 playful strategies in Wake Up! will bring your brain back to life. Chris Baréz-Brown spells out the Insight, Plan, and Payoff of every strategy. For example, Steal Back Time: The Insight: If you’re not in control of your time, you are not in control of your life. The Plan: Steal some back! Schedule a meeting that doesn’t exist, or skip a commitment that fills you with dread and instead do something that fills you with joy. The Payoff: When we act more consciously to decide how we

spend our time, we naturally create space to wake up more and more every day. Stop sleepwalking through life and make everyday count! “Author and TEDx inspirational speaker Chris Barez-Brown explains how you can be a happier person through quick routine breaks, such as simply standing up.” —GQ (UK) “Tons of ideas to enjoy the little things and be present for the world around you.” —Health “This fun book stimulates the imagination and will definitely add spice to readers’ lives.” —Library Journal

**Innovator's Playbook** Nathan Baird,2020-04-13 Take a Design-led Approach to Innovation Innovation drives growth in organisations and entire economies. Yet innovation is hard, risky and rarely successful. Most innovations and startups fail because of a lack of focus on the front end of the innovation process where customer needs are researched, insights are distilled, solutions are ideated, prototyped and tested and business models are shaped. But innovation doesn't have to be this way. In Innovator's Playbook, author and leading Design Thinking expert Nathan Baird shares his 20 years of hands-on experience, tools and methods for developing a winning customer-centric approach to innovation. This book will teach you how to apply the design thinking method to innovation and help you to innovate better with five practical and proven stages: 1. Build the right team for innovation. 2. Better understand your customer through empathy. 3. Distill and refine customer-centric needs and

insights. 4. Unleash your team's creativity to create fresh new ideas to address customer needs. 5. Experiment and validate desirable, feasible and viable solutions. Innovator's Playbook helps entrepreneurs, corporate teams, startups and leaders across all levels to use design-led methodologies for start-to-finish innovation success.

*The Star Machine* Jeanine Basinger, 2009-01-06 ONE OF THE HOLLYWOOD REPORTER'S 100 GREATEST FILM BOOKS OF ALL TIME • From one of our most distinguished film scholars, comes a rich, penetrating, amusing book about the golden age of movies and how the studios worked to manufacture stars. With revelatory insights and delightful asides, Jeanine Basinger shows us how the

studio “star machine” worked when it worked, how it failed when it didn’t, and how irrelevant it could sometimes be. She gives us case studies focusing on big stars groomed into the system: the “awesomely beautiful” (and disillusioned) Tyrone Power; the seductive, disobedient Lana Turner; and a dazzling cast of others. She anatomizes their careers, showing how their fame happened, and what happened to them as a result. Deeply engrossing, full of energy, wit, and wisdom, *The Star Machine* is destined to become a classic of the film canon.

I feel that I loved you more than any other women except your dear mother. You were my soul mate, my friend, and my heart. Although the time we shared together was short, I have no reservations in my mind that it should have been for eternity. Elvis, you were always my inspiration with your blessed understanding of God and His Son. You are my gift from Heaven. I wish

the world had really known you... as I knew you.

It happens every day when we are at work, with our loved ones, or simply living our lives. *Wake Up!* is a series of experiments designed to help you break free from this trap. From climbing a tree to writing a letter, here are a year's worth of balanced, playful experiences that will engage your imagination and stimulate your senses. By escaping autopilot more often you'll feel tuned in, tap in to who you really are, and make every day count.
