Tourist Trap Sue Ann Bowling,2011-07-08 Roi and his best friends from slavery are taking a challenge journey on Falaron, a planet terraformed from Earth during the Ice Age. They look forward to a vacation of dog sledding, hang gliding, horseback trekking, sailing, whitewater rafting, and rock climbingbut the friction developing within the group is adding its own level of challenge to the trip. Their guide, Penny, finds the four a refreshing change from her usual spoiled clients. She is worried, however, by the unusual number of accidents the group is experiencing. Even though they are vacationing on a wilderness planet, this foursome seems particularly accident prone. But they arent all accidents. Rois half-brother Zhaim, a brilliant and malicious sociopath, has decided that the journey is an ideal opportunity to rid himself of his rival. He is capable of manipulating not only the weather but affairs on distant planets. His schemes distract the only two adults who would be able to protect the young people and draw them far enough away that they can be of no help. He has even managed to plant an unsuspecting agent in the party. As the group travels, their journey becomes a far more serious challenge than any of them could have imagined.

Hermits Peter France, 2014-09-30 Ours is an age where solitude tends to be discussed in the context of the 'problem of loneliness'. However in previous ages the capacity to seek fulfillment outside society has been admired and seen as a measure of discernment and inner security. In this lucid and highly readable book, Peter France shows how hermits, from the Taoists and Ancient Greeks to the present day, have something vitally important to say to a society that fears solitude.

Homecoming Sue Ann Bowling, 2010-03-19 During the last Interglacial, more than 125,000 years ago, humans hybridized with the R'il'nai and spread across the galaxy to colonize other planets. Although they formed The Confederation, they still depended on the R'il'nai for guidance and protection not only from the Maungs but from each other. But only one of the pureblood R'il'nai still lives Lai, an embittered survivor who mourns his lost human love but still feels bound to honor his race's responsibility to the Confederation. Two others possess the potential to change his and the Confederation's future Snowy, a young slave dancer who is frightened of his odd powers, and Marna, a healer who survived a planet-wide epidemic on her home world. All have their own individual loyalties which put them in conflict with one another, but the only way they can reach a future which will benefit all is to work together.
