Education and Gendered Citizenship in Pakistan M. Naseem,2010-12-14 This book challenges the uncritical use of the long held dictum of the development discourse that education empowers women. The Yearbook of South Asian Languages and Linguistics 2006 Rajendra Singh,2006-11-29 South Asia is home to a large number of languages and dialects. The considerable body of linguists working on this region have made significant contributions to our understanding of language, society, and language in society on a global scale. Despite this, there is as yet no recognized international forum for the exchange of ideas amongst South Asian linguists. The YEARBOOK OF SOUTH ASIAN LANGUAGES AND LINGUISTICS is designed to be just that forum. It brings together empirical and theoretical research and serves as a testing ground for the articulation of new ideas

and approaches which may be grounded in a study of South Asian languages but which have universal applicability. Each volume of this annual series will have four major sections: I. Invited contributions consisting of state-of-the-art essays on research in South Asian languages. II. Refereed open submissions focusing on relevant issues and providing various viewpoints. III. Reports from around the world book reviews and abstracts of doctoral theses. IV. A forum for dialogue; critiques; comments and discussions; reports on research activities; and conference announcements. In the words of the Editor-in-Chief, 'other than excellence and non-isolationism, we have no agenda and no thematic priorities'. This pioneering series will interest all those in the fields of sociolinguistics, language studies, grammar, literature and sociology.

Amira's Picture Day Reem Faruqi, 2021-04-06 Ramadan has come to an end, and Amira can't wait to stay home from school to celebrate Eid. There's just one hiccup: it's also school picture day. How can Amira be in two places at once? Just the thought of Eid makes Amira warm and tingly inside. From wearing new clothes to handing out goody bags at the mosque, Amira can't wait for the festivities to begin. But when a flier on the fridge catches her eye, Amira's stomach goes cold. Not only is it Eid, it's also school picture day. If she's not in her class picture, how will her classmates remember her? Won't her teacher wonder where she is? Though the day's celebrations at the mosque are everything Amira was dreaming of, her absence at picture day weighs on her. A last-minute idea on the car ride home might just provide the solution to everything in this delightful story from acclaimed author Reem Faruqi, illustrated with vibrant color by Fahmida Azim.

Making Sense of Pakistan Farzana Shaikh, 2018-11-08 Pakistan's transformation from supposed model of Muslim enlightenment to a state now threatened by an Islamist takeover has been remarkable. Many account for the change by pointing to Pakistan's controversial partnership with the United States since 9/11; others see it as a consequence of Pakistan's long history of authoritarian rule, which has marginalized liberal opinion and allowed the rise of a religious right. Farzana Shaikh argues the country's decline is rooted primarily in uncertainty about the meaning of Pakistan and the significance of 'being Pakistani'. This has pre-empted a consensus on the role of Islam in the public sphere and encouraged the spread of political Islam. It has also widened the gap between personal piety and public morality, corrupting the country's economic foundations and tearing apart its social fabric. More ominously still, it has given rise to a new and dangerous symbiosis between the country's powerful armed forces and Muslim extremists. Shaikh demonstrates how the ideology that constrained Indo-Muslim politics in the years leading to Partition in 1947 has left its mark, skillfully deploying insights from history to better understand Pakistan's troubled present.

Fallacy of Militant Ideology Munir Masood Marath, 2021-09-05 This book highlights the conflict between jihadist militants and the West as essentially ideological in character. It has serious implications internalized by Muslim societies, with the boundaries of faith changed by the interplay of socio-political variables. Violence emerged in Muslim societies as a means of emancipation or identity when the state could not resolve the conflict situation. Although the militants were influenced by socio-political factors, they have always looked to religion to justify their acts of violence. This book, exposing the fallacy of the narrative evolved by the militants, offers a counter narrative. It reinterprets the primary sources, unravels the historical and socio-political constructs, unmasks the heroes and enemies, challenges the dichotomies between theory and practice, re-establishes the boundaries between heresy and faith, and attempts to transform the current ideological discourse. ~ This book will be of interest to students and scholars of the discourse between religion and security, political Islam, Islamic history, jihad, Middle Eastern studies, and South Asian studies.
