

Us Distances 10

Lingsheng Yao

The Distance Between Us Reyna Grande,2012-08-28 In this inspirational and unflinchingly honest memoir, acclaimed author Reyna Grande describes her childhood torn between the United States and Mexico, and shines a light on the experiences, fears, and hopes of those who choose to make the harrowing journey across the border. Reyna Grande vividly brings to life her tumultuous early years in this “compelling...unvarnished, resonant” (BookPage) story of a childhood spent torn between two parents and two countries. As her parents make the dangerous trek across the Mexican border to “El Otro Lado” (The Other Side) in pursuit of the American dream, Reyna and her siblings are forced into the already overburdened household of their stern grandmother. When their mother at last returns, Reyna prepares for her own journey to “El Otro Lado” to live with the man who has haunted her imagination for years, her long-absent father. Funny, heartbreaking, and lyrical, *The Distance Between Us* poignantly captures the confusion and contradictions of childhood, reminding us that the joys and sorrows we experience are imprinted on the heart forever, calling out to us of those places we first called home. Also available in Spanish as *La distancia entre nosotros*.

'Til Death Or Distance Do Us Part Frances Smith Foster,2010-01-12 Conventional wisdom tells us that marriage was illegal for African Americans during the antebellum era, and that if people married at all, their vows were tenuous ones: until death or distance do us part. It is an impression that imbues beliefs about black families to this day. But it's a perception primarily based on documents produced by abolitionists, the state, or other partisans. It doesn't tell the whole story. Drawing on a trove of less well-known sources including family histories, folk stories, memoirs, sermons, and especially the fascinating writings from the Afro-Protestant Press, 'Til Death or Distance Do Us Part offers a radically different perspective on antebellum love and family life. Frances Smith Foster applies the knowledge she's developed over a lifetime of reading and thinking. Advocating both the potency of skepticism and the importance of story-telling, her book shows the way toward a more genuine, more affirmative understanding of African American romance, both then and now.

The Politics of Precedent on the U.S. Supreme Court Thomas G. Hansford,James F. Spriggs II,2018-06-05 The Politics of Precedent on the U.S. Supreme Court offers an insightful and provocative analysis of the Supreme Court's most important task--shaping the law. Thomas Hansford and James Spriggs analyze a key aspect of legal change: the Court's interpretation or treatment of the precedents it has set in the past. Court decisions do not just resolve immediate disputes; they also set broader precedent. The meaning and scope of a precedent, however, can change significantly as the Court revisits it in future cases. The authors contend that these interpretations are driven by an interaction between policy goals and variations in the legal authoritativeness of precedent. From this premise, they build an explanation of the legal interpretation of precedent that yields novel predictions about the nature and timing of legal change. Hansford and Spriggs test their hypotheses by examining how the Court has interpreted the precedents it set between 1946 and 1999. This analysis provides compelling support for their argument, and demonstrates that the justices' ideological goals and the role of precedent are inextricably linked. The two prevailing, yet contradictory, views of precedent--that it acts either solely as a constraint, or as a cloak that never actually influences the Court--are incorrect. This book shows that while precedent can operate as a constraint on the justices' decisions, it also represents an opportunity to foster preferred societal outcomes.
