The Labour Market Impact of the EU Enlargement Floro Ernesto Caroleo, Francesco Pastore, 2010-03-18 Floro Ernesto Caroleo and Francesco Pastore This book was conceived to collect selected essays presented at the session on "The Labour Market Impact of the European Union

Enlargements. A New Regional Geography of Europe?” of the XXII Conference of the Italian Association of Labour Economics (AIEL). The session aimed to stimulate the debate on the continuity/fracture of regional patterns of development and employment in old and new European Union (EU) regions. In particular, we asked whether, and how different, the causes of emergence and the evolution of regional imbalances in the new EU members of Central and Eastern Europe (CEE) are compared to those in the old EU members. Several contributions in this book suggest that a factor common to all backward regions, often neglected in the literature, is to be found in their higher than average degree of structural change or, more precisely, in the hardship they experience in coping with the process of structural change typical of all advanced economies. In the new EU members of CEE, structural change is still a consequence of the continuing process of transition from central planning to a market economy, but also of what Fabrizio et al. (2009) call the “second transition”, namely that related to the run-up to and entry in the EU.

The Mammoth Book of Bikers Arthur Veno, 2011-09-01 The definitive collection of first-hand accounts of the world's outlaw motorcycle gangs Outlaw bikers consider themselves 'the last free people in society', unconstrained by the regulations that rule ordinary citizens. And they guard their privacy jealously. Drawing on 17 years of studying and participating in biker culture, Arthur Veno has compiled the ultimate collection of original biker writing. Here are insider accounts of landmark incidents in bike folklore, plus reprints of classic writing from biker-originated magazines, handouts, websites and books. Gangs featured include the Bandidos, Hells Angels, Henchmen MC, the Outlaws, the Mongols, Annihilators, the Diablos, Gypsy Jokers, the Rebels, the Straight Satans, and the Vagos. And with contributors such as Freewheelin' Frank (one-time secretary of Hells Angels), Edward Winterhalder (among the most powerful members of the Bandidos), and Sonny Barger (founder of the

Hell's Angels).Also included are those rare accounts by outsiders that have managed successfully to 'look in' on the gangs: including Hunter S. Thompson in his 'Hell's Angels - A Strange and Terrible Modern Saga'; William Queen the undercover agent who infiltrated America's violent outlaw motorcycle gang the Mongols; and Daniel R. Wolf's account of riding with the Rebels.
