Level Zero Heroes Michael Golembesky, John R. Bruning, 2014-09-02 A New York Times Best seller! In *Level Zero Heroes*, Michael Golembesky follows the members of U.S. Marine Special Operations Team 8222 on their assignment to the remote and isolated Taliban stronghold known as Bala Murghab as they conduct special operations in an effort to break the Taliban's grip on the Valley. What started out as a routine mission changed when two 82nd Airborne Paratroopers tragically drowned in the Bala Murghab River while trying to retrieve vital supplies from an air drop that had gone terribly wrong. In this one moment, the focus and purpose of the friendly forces at Forward Operating Base Todd, where Team 8222 was assigned, was forever altered as a massive clearing operation was initiated to break the Taliban's stranglehold on the valley and recover the bodies. From close-quarters firefights in Afghan villages to capturing key-terrain from the Taliban in the unforgiving Afghan winter, this intense and personal story depicts the brave actions and sacrifices of MSOT 8222. Readers will understand the hopelessness of being pinned down under a hail of enemy gunfire and the quake of the earth as a 2000 lb. guided bomb levels a fortified Taliban fighting position. A powerful and moving story of

Marine Operators doing what they do best, Level Zero Heroes brings to life the mission of these selected few that fought side-by-side in Afghanistan, in a narrative as action-packed and emotional as anything to emerge from the Special Operations community contribution to the Afghan War.

Since our 31st Commandant, General Charles C. Krulak, first published Marine Corps Reference Publication 6-11D, Sustaining the Transformation, in 1999, the Marine Corps has continued our proud tradition of making Marines, winning battles, and returning quality citizens to society. Like all previous generations, Marines today are equally as committed to our time-honored values of honor, courage, and commitment. Marines of the 21st century are among the finest we have ever forged; it is every Marine's duty to sustain that rich legacy. America trusts its Corps of Marines—we must always strive to preserve that trust. The Marine transformation is forever ingrained in our DNA, from recruit training to Officer Candidates School and throughout the rest of our lives. The transformation to becoming a Marine is often the defining moment in a person's life.

Marine Corps Values United States Marine Corps, 2005 The User's Guide to Marine Corps Values is to be used as a tool to help ensure that the values of the Corps continue to be reinforced and sustained in all Marines after being formally instilled in entry level training. This document is a compendium of discussion guides developed and used by Marine Corps formal schools. The guides are part of the formal inculcation of values in young Marines, enlisted and officer, during the entry level training process. This guide is designed to be used as a departure point for

discussing the topics as a continuation of the process of sustaining values within the Marine Corps. The User's Guide also serves as a resource for leaders to understand the talk and the walk expected of them as leaders. New graduates of the Recruit Depots and The Basic School have been exposed to these lessons and expect to arrive at their first duty assignments and MOS schools to find these principles and standards exhibited in the Marines they encounter. Leaders must remember that as long as there is but one Marine junior to them, they are honor bound to uphold the customs and traditions of the Corps and to always walk the walk and talk the talk. We are the parents and older siblings of the future leaders of the Marine Corps. America is depending on us to ensure the Marines of tomorrow are ready and worthy of the challenges of this obligation. Teaching, reinforcement, and sustainment of these lessons can take place in the field, garrison, or formal school setting. Instructional methodology and media may vary depending on the environment and location of the instruction. However, environment should not be considered an obstacle to the conduct or quality of the instruction. This guide has been developed as a generic, universal training tool that is applicable to all Marines regardless of grade. Discussion leaders should include personal experiences that contribute to the development of the particular value or leadership lesson being di
