Charles L. Sullivan

Castello Di Amorosa Dario Sattui,2017-03-28 A magnificent and audacious attraction that hosts some of the finest winemaking in the Napa Valley, Castello di Amorosa is one of California's most successful wineries How the winery came to be is an inspiring entrepreneurial tale of one man's daring vision and his determination to see it realized no matter what. That man is Dario Sattui, founder of the V. Sattui Winery in St. Helena. For as long as he can remember, Dario has cultivated a passion for medieval European architecture. Inspired by stories of the old country from his Italian great-grandfather and other relatives, he made it a hobby to study old castles, lodges, and monasteries almost religiously during the dozens of visits he made to Europe -- particularly Tuscany and Umbria -- throughout the years. In 1993, when he semi-retired from V. Sattui, he began to explore this fascination in a new way, vowing to bring a slice of Italy to Napa by building a modest, authentic medieval monastery on his dream property in Calistoga, where he intended to live and grow grapes for V. Sattui. Over the next 15 years, this plan took on a life of its own and evolved into a massive new

winery project with a 136,000-square-foot authentic medieval castle known as Castello di Amorosa at its center. Full of hundreds of lush photos of the magnificent castle and grounds, Castello di Amorosa: A Labor of Love tells the improbable story of the castle's construction and includes an exclusive tour of the castle that only its creator could deliver. Bound to delight readers interested in Napa history, winemaking, and medieval architecture, Castello di Amorosa will undoubtedly thrill the castle's legion of fans around the world.

Daring Pairings Evan Goldstein, 2010-04-28 The best wine and food pairings create harmony among unexpected flavors. Chardonnay, Riesling, and Merlot are classic pairing choices, but less conventional grape varieties like Albariño, Grenache, Grüner Veltliner, Malbec, and Tempranillo are becoming increasingly popular, coveted by those with curious palates and a taste for good value. In *Daring Pairings*, the adventurous companion to the acclaimed *Perfect Pairings*, Master Sommelier Evan Goldstein shows how anyone can bring these emerging, exciting varieties to the table. He ventures into wine's new frontiers, exploring the flavors and pairing potential of thirty-six distinctive

grapes from around the world, including Argentina, Spain, Italy, Greece, and France. In his entertaining and approachable style, Goldstein offers advice on crafting unforgettable wine and food pairings, suggests wines for everyday and special occasions, and recommends producers and importers. Thirty-six star chefs present recipes specially tailored to Goldstein's wine selections, and full-color photographs display these dishes in delectable splendor. This authoritative, down-to-earth guide reveals that pairing food and wine is no great mystery—anyone willing to explore or experiment can create bold and memorable combinations. The Naptime Chef Kelsey Banfield,2012-03-06 Having children changes your life, but it doesn't have to change what you cook. Like her blog, www.TheNaptimeChef.com, Banfield's cookbook is equal parts pragmatic parent and ardent foodie. The result is a tasty playbook of meals, made over to save time without compromising taste. Some favorites are the 45-minute artichoke lasagna, assembled in the morning or afternoon and held in the fridge until dinnertime; a roast chicken that's rubbed down with herbs in the morning stays moist and flavorful when roasted later in the evening; a French toast casserole that can be tossed together the night before and popped in the oven in the morning for a special breakfast. Soups, salads, veggies, sides, main courses, and desserts are all adapted to the time that you have—whether it's during naptime, before bedtime, in the morning, or on the weekends—without sacrificing quality or flavor. Take back dinner, one dish at a time!

Reverse Wine Snob Jon Thorsen, 2015-06-16 Most rational people don't pay \$40 for \$20 items. And yet with wine, it happens all the time. Wine can be an expensive hobby. Founder of the popular site ReverseWineSnob.com, Jon Thorsen is an unapologetic frugal wine consumer. He flips wine snobbery on its head by pushing a \$20 or less mantra. Reverse Wine Snob is designed to help wine drinkers stop wasting money and get the most satisfaction out of their drinking dollars. It reveals Thorsen's Ten Tenets of Reverse Wine Snobbery—ten beliefs that eliminate myths about wine—as well as a unique rating system that includes the cost of the bottle so that there is satisfaction in both taste and price. In Jon's unique system, the more expensive a wine, the better it must taste. Reverse Wine Snob explains: The number one rule all wine drinkers should follow, no matter what the wine snobs say. How to shop for wine at stores like the nation's #1 wine retailer Costco and Trader Joe's. The regions and varieties of wine that give the best value. Why the price of a wine has nothing to do with its taste. Why the distribution system in the US is broken which costs you money and limits your wine choices. Tons of Jon's very favorite wine picks. Jon dabbles in every kind of wine from \$10 kitchen

sink blends to the \$20 “Saturday Night Splurge,” so delicious it’s worth twice the price. Reverse Wine Snob brings plain old common sense to the wine industry and encourages wine lovers to explore the world of inexpensive quality wine. Yountville Pat Alexander, 2009-04-01 Over the past decade, the town of Yountville has received worldwide recognition as a tourist destination specializing in fine wine, luxurious hotel and spa

accommodations, and award-winning restaurants. In fact, these achievements and accolades have earned it the name Heart of the Napa Valley. Longtime residents, however, realize that Yountville's temperate weather, rich soils, and serene environs have been attracting visitors to the area not for decades but rather for thousands of years. The original indigenous residents called the surrounding area Caymus and constructed their homes out of willow and tule. Later the village of Caymus became known as Sebastopol, a name used by mountain man George C. Yount, the first American settler to receive a Mexican land grant. Yount's Kentucky-style blockhouse provided a welcome mat for many of California's early pioneers. He is also credited with planting some of the first grapevines in the Napa Valley. Upon his death in 1865, local residents wanted to honor the contribution of Yount and changed the name from Sebastopol to Yountville.

Wine Heritage Dick Rosano, 2000-10-01 Mondavi, Martini, Sebastiani, Gallo, Bargetto and Perelli-Minetti. Who could deny the importance of Italians to the development of America's wine industry? It is little known that Italians have been planting vineyards and making wine in America since the early

colonial days when Filippo Mazzei was the vineyard consultant for Thomas Jefferson. Grapes were planted and nurtured in virtually every corner of America where Italians settled. Wine making was as sacrosanct as making bread or pasta. Here is the story of Italian immigrants whose descendants now dominate American wine making. How they struggled and endured. How they persisted in the face of Prohibition and facilitated legislation permitting home wine making of 200 gallons per family. The intrigue, the feuds, the love affairs and financial triumphs are all in this authenticated history from the earliest days of America to the new Italian/American wine makers.

The Winemaker's Dance Jonathan Swinchatt, David G. Howell, 2004-09-14 There is a saying among winemakers that great wine begins with dirt. Beginning from this intriguing premise, *The Winemaker's Dance* embarks on an eye-opening exploration of terroir in one of the greatest places on earth to grow wine—California's Napa Valley. Jonathan Swinchatt and David G. Howell weave a tale that begins millions of years ago with the clash of continental plates that created the Napa Valley and go on to show how this small region, with its myriad microclimates, complex geologic history, and

dedicated winemakers, came to produce world-class wines. A fascinating look at the art and science of winemaking and the only comprehensive book that covers Napa's geology, history, and environment, *The Winemaker's Dance* will help wine enthusiasts better understand wine talk and wine writing and, most importantly, wine itself. *The Winemaker's Dance* is animated by the voices of Napa's winemakers talking about their craft. The book also contains two driving tours through the valley that highlight the landscapes and wineries discussed. An array of unique illustrations—including shaded relief maps overlaid with color aerial photographs—provide a new and illuminating look at the region: its bedrock, sediments, soils, sun, wind, and rain. The expansive narrative considers how these elements influence wines from particular vineyards and how specific winemaking practices can bring out or mask aspects of terroir. It concludes with a discussion of the state of the winemaking industry today. Unraveling the complex relationship between the people, the earth, and the vines of Napa Valley, *The Winemaker's Dance* brings the elusive concept of terroir to a broad audience, adding a vibrant dimension to the experience of the valley's wines. It also provides insights that enhance our understanding of wines and

winegrowing regions the world over.

A Companion to California Wine Charles L. Sullivan, 1998-10-01 California is the nation's great vineyard, supplying grapes for most of the wine produced in the United States. The state is home to more than 700 wineries, and California's premier wines are recognized throughout the world. But until now there has been no comprehensive guide to California wine and winemaking. Charles L. Sullivan's **A Companion to California Wine** admirably fills that gap—here is the reference work for consumers, wine writers, producers, and scholars. Sullivan's encyclopedic handbook traces the Golden State's wine industry from its mission period and Gold Rush origins down to last year's planting and vintage statistics. All aspects of wine are included, and wine production from vine propagation to bottling is described in straightforward language. There are entries for some 750 wineries, both historical and contemporary; for more than 100 wine grape varieties, from Aleatico to Zinfandel; and for wine types from claret to vermouth—all given in a historical context. In the book's foreword the doyen of wine writers, Hugh Johnson, tells of his own forty-year appreciation of California wine and its history.

Charles Sullivan's Companion, he adds, will provide the grist for debate, speculation, and reminiscence from now on. With admirable dispassion he sets before us just what has happened in the plot so far.

Wines of the Rhone Valley Robert M. Parker, 2010-03-30 Are there wines to rival the greatest first-growths of Bordeaux and the grand crus of Burgundy? Robert Parker's answer is a resounding Yes—they are to be found among the finest wines of the Rhone Valley. With this new edition of *Wines of the Rhone Valley*, Robert Parker, the world's most influential wine critic, provides the key to enjoying the winemaking world's best-kept secret. The area contains the oldest vineyards in France—indeed the heyday of some of the Rhone Valley wines was 2,000 years ago, around the time of the Roman conquest of France. In recent centuries, these wines have been misunderstood and ignored—and consequently undervalued. All of which means that some of the great wines of the world are available for a fraction of the cost of those from better-known regions. *Wines of the Rhone Valley* is the ultimate resource for every wine lover, highlighting both the greatest wines of the Rhone Valley and the region's finest wine values. With his trademark thoroughness, Parker has fully revised and

expanded this edition to reflect changes in the region, new personalities, and the latest vintages. In this edition, Parker returns to the region closest to his heart, exploring the sun-drenched Rhone Valley in unprecedented candor and detail.
