**Unique and Creative DIY Valentine's Day Cards** Amelia Mosby,2021-01-25 It's not just your significant other who should get a special Valentine's Day wish or message this February 14. Pass thoughtful, warmhearted notes and sentiments to your friends and family members with one of these DIY Valentine's Day cards. They are sure to warm their hearts and bring a smile to their faces. If you're looking to get your kids involved with crafting a heartfelt card, there are lots of ideas that fill the bill. They will love making a kissing pop-up card that uses a cutout of their hand or a fingerprint dandelion card, because what says you're special more than flowers! Many of these ideas also work well as Valentine's Day crafts for your children to bring to school to place in their classmates' Valentine's Day boxes. Cards are also an ideal way to pass along candy to classmates and friends, and we've included several printable options with silly Valentine's Day puns written on them that you can have ready in no time. Or, if you'd rather make a homemade card with room to write a special message (and maybe a romantic Valentine's Day quote), there are several options that keep the inside blank so there is plenty of room to pen your loving thoughts. This year tell those around you how much they really matter to you with one of these Unique and Creative DIY Valentine's Day Cards . It's time to spread the love!

**Rise of the Machines** Kristen Lamb,2013-09-24 Get the book that has best-selling authors buzzing over the new age of publishing! \*\*\*\*\* Here we are-the future is now. The machines have taken over. Everything is computerized. People no longer talk, they text. What number do we have to press to get a flesh and blood HUMAN? It's easy to feel like we're losing our humanity when surrounded by computers, cell phones, and text messaging, but here's the

good news: The same machines that seem to be stealing our humanity also have the power to restore it. Yes, you read correctly. The more we embrace technology, the more distinctly human we can become. The new author in today's publishing world is a cyborg of sorts-part human, part machine. The machine part allows us to compose series of words, copy them, email them, and then send them across the globe with a push of a button. We can research faster and more accurately than ever before. We can communicate with people all over the planet real-time and virtually for free. The new power technology has given writers has made us, in effect, superhuman. Branding has broken free of marketing's shackles and merged with personal identity. If we want to thrive in our new environment, we need to adapt, to apply technology as an extension of our humanness. This is not a book to teach you 1,000 ways to blast people with advertising. The WANA Way is different than anything you've likely encountered. It is constructed using the timelessness of art, blended with the strength of human relationships. Platforms are more than a zillion ways to try to part readers from money; they are living works of art and meshed with the soul of the writer-artist. The machines are rising, but humans were here first. \*\*\*\*\* WHAT OTHERS ARE SAYING: For writers, the purchase price of Kristen Lamb's Rise of the Machines should easily become the best investment you'll ever make for your writing career. In Kristen's brilliant and easy-to-grasp book, not only will you learn how to become a successful marketer of your work-whether it's published by a legacy press or self-published-and achieve significant and ever-increasing sales of your work, but you'll learn how to without spending hours and hours each week to do so. Rise of the Machines is the standard-the cutting edge. -- Les Edgerton, award-winning author of HOOKED and FINDING YOUR VOICE In Rise of the Machines, Kristen Lamb has provided an invaluable compass for navigating the uncharted waters of 21st century publishing. I pity the writer working today who doesn't take advantage of the wealth of valuable insights and breakthrough methods contained in these pages. -David Corbett, award-winning author of THE ART OF CHARACTER

**Ask a Manager** Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their

work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together
