The Project Manager's Guide to Mastering Agile Charles G. Cobb,2023-03-21
THE PROJECT MANAGER'S GUIDE TO MASTERING AGILE Updated guide to Agile methodologies, with real-world case studies and valuable frameworks for project managers moving to Agile The Project Manager's Guide to Mastering Agile helps project managers who are faced with the challenge of adapting their project management approach to an Agile environment, showing how these approaches can work jointly to improve project outcomes in any project, with discussion topics and real-world case studies that facilitate hands-on learning. It also provides project managers with the fundamental knowledge to take a leadership role in working with companies to develop a well-integrated, enterprise-level Agile Project Management approach to fit their business. The original edition of this book has been very successful and is used as a graduate-level textbook in several universities. This new edition builds on the success of the original edition and includes updated content from the latest PMBOK Guide, updated sections on stakeholder management, value-driven delivery, adaptive planning, and distributed project management, with an all-new chapter on Hybrid project management. It also includes new case studies on applying an Agile Hardware Development at Tesla and Project Management in a non-software environment. Sample topics covered in The Project Manager's Guide to Mastering Agile include: Bridging the chasm in project management philosophies, impact on the project management profession, evolution of Agile and Waterfall, and learning to see Agile and traditional plan-driven project management as complementary to each other rather than competitive The roots of Agile and understanding Agile at a deeper level including the Agile manifesto from 2001, adapting an Agile approach to fit a business, and Scrum overview, roles, framework, principles, and values Time-boxing, Kanban, and theory of constraints, Agile estimation overview and estimation practices, and velocity and burn-down/burn-up charts Scaling Agile to an enterprise level, including challenges, obstacles to overcome, implementation considerations, management practices, and enterprise-level Agile transformations With comprehensive, accessible, and highly practical coverage of Agile, a leading project management platform, The Project Manager's Guide to Mastering Agile is a highly valuable resource for professional project managers, students studying project management, and those studying for PMI's Agile Certified Practitioner Certification (PMI-ACP).

Small Business Survival Book Barbara Weltman, Jerry Silberman, 2006-05-19 Owning a small business can be a fulfilling and financially rewarding experience, but to be successful, you must know what to do before starting a business; what to do while the business is up and running; and, most importantly, what to do when the business runs into trouble. With a combined fifty years of small business experience between them, authors Barbara Weltman and Jerry Silberman know what it takes to make it in this competitive environment, and in *Small Business Survival Book*, they show you how. In a

clear and concise voice, Weltman and Silberman reveal twelve surefire ways to help your small business survive and thrive in today's market. With this book as your guide, you'll discover how to: * Delegate effectively * Monitor cash flow * Extend credit and stay on top of collections * Build and maintain credit and restructure your debt * Meet your tax obligations * Grow your business with successful marketing strategies * Use legal protections * Plan for catastrophe and disaster recovery Whether you're considering starting a new business or looking to improve your current venture, Small Business Survival Book has what you need to succeed.

Small Business Management Hasanraza Ansari, This book is a general introduction to managing a small business. The book is meant to be a general, and simplified, introduction to the subject matter. This book treats small business management as a practical human activity rather than as an abstract theoretical concept. The hope is to teach concepts that can be immediately applied to "real world" experiences and case studies. This book incorporates the use of technology and e-business as a way to gain a competitive advantage over larger rivals. Technology is omnipresent in today's business world and small businesses must use it to their advantage. Practical discussions and examples of how a small business can use these technologies without having extensive expertise or expenditures are found within the readings. Cash flow is extremely important to small businesses. This book explicitly acknowledges the constant need to examine how decisions affect cash flow by incorporating cash flow impact content. As the lifeblood of all organizations, cash flow implications must be a factor in all business decision-making. Finally, this book recognizes the need to clearly identify sources of customer value and bring that understanding to every decision. Decisions that do not add to customer value should be seriously reconsidered.

One Call Closing Claude Whitacre, 2013-12 The Ultimate Solution To Stop The Unending Follow Up Cycle Once And For All! Imagine Closing 80-90% Of Your Prospects On Your First Call... Without Call Backs Or Having To Negotiate Price. One Call Closing Reveals How To Do This. Have you ever had a prospect give you any of these objections? I want to think about it I need to talk to my lawyer/brother/spouse before I go ahead with this I can't afford it I can buy it cheaper at (your nasty competitor) We always sleep on it before we decide Are you tired of talking to prospects that won't ever buy, and string you along? Does it make you sick to tell your loved ones It's a number's game, I'll get the next one? That all ends now. Start Increasing Your Sales by 200-500% The Insider's Guide To Closing Sales: Secrets Your Sales Manager Will Never Tell You And Probably Doesn't Know. You have been lied to by Sales Trainers and Sales Gurus. Stop listening to Sales Trainers that only close sales in their dreams. Stop reading sales books by authors who have never made a sale. Inside you'll discover: The closing myths sales trainers tell you that are hurting your sales How to prepare the customer to buy, even before they see you. The best way to discuss price, and when to bring it up. What not to tell prospects, that will guarantee they won't buy. You're doing it now. How to handle competition, and make it irrelevant When to answer objections. It's not what you've been taught. All the questions you need to ask for the customer to close themselves. And yes..... The Single Most Profitable Answer To Any Buying Objection You Will Hear.. Every method in the book is proven in the field. Everything taught has been used successfully in thousands of sales presentations. Everything you read here works. Most sales

books are like digging a ton of dirt for a few nuggets of gold. If you seriously want to increase your sales, and make closing in one call a habit...You have just hit the Motherload. The Only Thing You Won't Be Able To Close...Is This Book
