In Search of the Lost Emily Jane,Jeffrey Eugene Elliott,2013-07 Since the publication of the first volume of *In Search of the Lost*, Volume Two, still the poems in this work are a humble attempt to explore our human search for meaning and purpose. We hope you enjoy the poems in Volume Two. We believe both works should be explored together. Included in the Second Volume of *In Search of the Lost*, by Emily Jane Elliott and Jeffrey Eugene Elliott are four poems originally included in the First Volume of *In Search of the Lost*. The four poems from the first volume also included in this volume are, *Streets of Fire*, *Gauisus Dia*, *Heaven Descends to Dwell*, *Amelia and Memories*. Additionally, the poem, *Search* was added upon from the version found in Volume One. We hope that you enjoy Volume Two as much as readers indicated they enjoyed Volume One. The Internet of Things United States. Federal Trade Commission,2015-05-01 The Internet of Things (IoT) refers to the ability of everyday objects to connect to the Internet and to send and receive data. Experts estimate that in 2015 there will be 25 billion connected devices, and by 2020, 50 billion. This report summarizes a workshop hosted by the Fed. Trade Comm. (FTC) on Nov. 19, 2013, on IoT devices sold to or used by consumers and the issues of privacy and security. Participants noted that the IoT presents a variety of potential security risks that could be exploited to harm consumers by: (1) enabling unauthorized access and

misuse of personal information; (2) facilitating attacks on other systems; and (3) creating risks to personal safety. Also, privacy risks may flow from the collection of personal information, habits, locations, and physical conditions over time. Such risks could undermine consumer confidence and may result in less widespread adoption. Participants also discussed Fair Information Practice Principles (FIPPs): security, data minimization, notice, and choice; and how use-based approaches could help protect consumer privacy. This is a print on demand report.

The Ambitious Woman Esther Spina, 2014 The Ambitious Woman illustrates how ambitious women embody characteristics such as inspiration, empowerment, and motivation to help others accomplish their goals, and create win-win relationships in all areas of life. When you think of the word 'ambitious', what comes to mind? Power hungry? Getting ahead no matter what it takes? Someone who runs over others to accomplish their goals? While many people may have a negative view of what it means to be ambitious, author, motivational speaker and women's movement leader, Esther Spina, is not one of them. In fact, in The Ambitious Woman, Esther shows that Ambitious Women are found in all walks of life - the famous and the not-so-famous. They embody characteristics such as inspiration, empowerment and motivation to help people accomplish their goals. Ambitious Women can be humble and loyal; they are disciplined and have a never-give-up attitude. Real and genuine ambitious people care about others; they are not self-centered. They are

ambitious about seeing others succeed, and creating win-win relationships in all areas of life. Using profiles of people such as Diana Nyad and Barbara Walters, *The Ambitious Woman* offers contemporary illustrations of people who have lived ambitious lives and what we can learn from them. The book also profiles ambitious people who are close to the author, people who live with passion, confidence and consistency in their everyday lives. Women from all walks of life will find ambitious characteristics to strive for, ones that will improve their lives, their relationships, and who they are deep down. When you become an Ambitious Woman, you, too, can help others change their lives!

Rig Wives Kelly Earle, 2022-06-03 We live our lives one hitch at a time. Along with that come tears from the anxiety and stress when trying to hold it all together. But then there is the laughter and comfort when surrounded by the right people, the ones we have grown close to, who have become our family and friends, our rocks some days: our fellow rig wives. The offshore is not for the faint of heart. The ocean can be a dark and lonely place. Our husbands risk their lives every time they go to work. While some people's relationships dissolve, others stand tall. Only the strong survive. Kelly Earle's husband, who works offshore in the oil industry, inspired her to write *Rig Wives*. Interviews with other rig wives tell the story of the women who wait. Their stories of determination, perseverance, and camaraderie, while their husbands engage in one of the most dangerous occupations in the world, are

an inspiration to all.
