La vedetta lombarda ,1883

La piccola vedetta lombarda Edmondo De Amicis,2020-05-13 Torna uno dei racconti più famosi e belli di Cuore, uno dei libri simbolo dell'Unità d'Italia. È la storia di un ragazzino che durante il Risorgimento incontra una compagnia di soldati italiani. L'ufficiale gli chiede di salire su di un frassino a far da vedetta: avvista così poco lontano un drappello di austriaci che, disgraziatamente, lo notano e iniziano a bersagliarlo con colpi di fucile... Una storia che ancora oggi commuove e ha molto da dirci.

Escape from the Cavern Debs Allen Mabra,2004-11-18 Gregory, Valea, their baby Crys and Taylok leave Rockworld and arrive in a small Wyoming town. Upon seeing Valea and Taylok, the clerk leaps to the conclusion that they are space aliens. He calls the town sheriff, but eventually tries to take matters into his own hands. The sheriff travels to Fairwater Lake to examine the remains of a prize bull and finds some surprising tracks at the scene. The search culminates in a deadly fight on a boat. Driggett and Leana are escorted to a Supreme Council meeting in Stonehaven Hall. Ambitious Gazer Stonemaker tells of a terrifying invasion of Rockworld by creatures identified only as the Kanan. Driggett is needed to locate and utilize the prime pyrite crystal, regarded as the single

weapon that might save the Nehwisna. A small band sets out on a nearly impossible quest to find the weapon. Gregory is reunited with Driggett, but the expedition has proved deadly and only a handful of the original force remain, together with Arak, a half human whose motives remain unclear. Valea succumbs to the Kanan in battle and lies lifeless in Gregory's arms. Only one thing can save her, and its use remains illusive.

The Fiume Crisis Dominique Kirchner Reill,2020-12-01 Recasting the birth of fascism, nationalism, and the fall of empire after World War I, Dominique Kirchner Reill recounts how the people of Fiume tried to recreate empire in the guise of the nation. The Fiume Crisis recasts what we know about the birth of fascism, the rise of nationalism, and the fall of empire after World War I by telling the story of the three-year period when the Adriatic city of Fiume (today Rijeka, in Croatia) generated an international crisis. In 1919 the multicultural former Habsburg city was occupied by the paramilitary forces of the flamboyant poet-soldier Gabriele D'Annunzio, who aimed to annex the territory to Italy and became an inspiration to Mussolini. Many local Italians supported the effort, nurturing a standard tale of nationalist fanaticism. However, Dominique Kirchner Reill shows that practical realities, not nationalist ideals, were in the driver's seat. Support for annexation was largely a result of the daily frustrations of life in a "ghost state" set adrift by the fall of the empire. D'Annunzio's ideology and proto-fascist charisma notwithstanding, what the people of Fiume wanted was prosperity, which they associated with the autonomy they had enjoyed under Habsburg sovereignty. In these twilight years

between the world that was and the world that would be, many across the former empire sought to restore the familiar forms of governance that once supported them. To the extent that they turned to nation-states, it was not out of zeal for nationalist self-determination but in the hope that these states would restore the benefits of cosmopolitan empire. Against the too-smooth narrative of postwar nationalism, The Fiume Crisis demonstrates the endurance of the imperial imagination and carves out an essential place for history from below.

French Warships in the Age of Sail, 1786-1861 Rif Winfield, Stephen S Roberts, 2015-09-16 In 1786 the French Navy had just emerged from its most successful war of the eighteenth century, having frequently outfought or outmanoeuvred the Royal Navy in battle, and made a major contribution to American independence. The reputation of its ship design and fighting skills never stood higher, yet within a few years the effects of the French Revolution had devastated its efficiency, leading to defeat after defeat. Fine ships continued to be built, but even under Napoleon's dynamic influence the navy never recovered sufficiently to alter the balance of sea power. It was only after 1815 that the navy revived, espousing technical innovation and invention, to produce some of the most advanced ships of the age. This book is the first comprehensive listing of these ships in English, and follows the pattern set by the companion series on British warships in the age of sail in providing an impressive depth of information. It is organised by Rate, classification and class, with significant technical and building data, followed by a concise summary of the careers of each ship in every class. Thus for the first time it is possible to form a clear picture of the overall development of French warships in the latter half of the

sailing era.

Crys Delchant and the Stone of Life Allen Mabra, 2011-09-16 When a gang of modern-day terrorists attack their parents, twelve-year-old Crys Delchant and his older sister, Taylok, are forced back into Rockworld, a unique cavern where crystals are instruments of death and prehistoric beasts proliferate. It has been more than ten years since either has been inside the cavern, and things have deteriorated enormously. A Nehwisna man with a prime crystal has taken over and terrorized the inhabitants, who number in the tens of thousands. The man declared himself Egahiwa, the god of light, and has killed hundreds of those who resist his rule. Crys has been given a prime crystal as well, but he has only a short time to learn how to use it before he must face Egahiwa, as the Stone of Life predicted. And the Stone of Life is seldom wrong. But the children are not alone here. Driggett, a stalwart cavern friend, finds them and plots to overthrow Egahiwa. New friends Aracite, Topaz, and Cameo lead Crys to the Stone of Life. Even Taylok, whose skill with a sling is peerless, aids Crys until he is kidnapped by the Vedetta, a strange group of women. The Hutana, a gigantic wormlike creature and the Fisher Bats, descendants of Pteradactyls, all threaten to end Cryss short life if Egahiwa doesn't get him first. *Crys Delchant and the Stone of Life* is the third novel of a trilogy, following *The Cavern* and *Escape from the Cavern*.

Malek-Adel, a drama in three parts ... The words by Count C. Pepoli, the translation [in prose] by Signor F. Doca. Ital. & Eng Carlo PEPOLI (Count.), 1837

Hursey in Conflict David Arnold, 2013-08 *Hursey in Conflict* continues the story of Reserve Commander Warwick Hursey during World War II and is the sequel to the first

book of the series, *Love and War*. This is a graphic and realistically told story of action at sea and romance ashore. Warwick participates in clandestine missions and plots to deceive the Axis, eventually escaping with a large, captured Italian warship after a short incarceration as a POW in Sardinia. He falls in love with Evona, a beautiful Croatian spy working for the Admiralty. Warwick is honoured by the King and personally appointed to his next mission by Winston Churchill. *Hursey in Conflict: A Story of Love and Victory* takes historical fiction to a whole new level.

D'Annunzio Michael Ledeen, 2018-02-06 Gabriele D'Annunzio was one of the most flamboyant figures in the political history of modern Europe. A poet in the Byronic style and a popular hero of the First World War, D'Annunzio passionately believed that the sacrifices of war should prelude a new social order. His capture of the city of Fiume in 1919, which had been claimed by Italy as part of the settlement before the Versailles Peace Conference, has been popularized and romanticized ever since. Ledeen uses information gathered from Italian and American archives and from personal interviews to examine the sixteen months of D'Annunzio's personal rule in Fiume, seeing it as a harbinger of successful mass movements of the twentieth century. The connection between D'Annunzio and Fascism is central to Ledeen's narrative. Virtually the entire ritual of Fascist politics made familiar by Mussolini-the balcony address, the Roman salute, the dramatic dialogues with the crowd, the use of religious symbols in a new secular setting-was influenced by D'Annunzio at Fiume. Both were masters of a political style based on personal charisma. Each spoke for a new Italy and, eventually, for a new

world. Each attempted to transform his countrymen into more heroic types by an ethic of violence and grandeur. But Ledeen brings sharply into focus profound differences between D'Annunzio's vision of a new world and that offered by Fascism. Significantly, D'Annunzio enlisted support from the most diverse elements of society-politicians and businessmen in addition to representatives of radical trade unions, anarchist groups, and the armed forces. Often sensationalized as a precursor of a sixties-style dolce vita, D'Annunzio's Fiume presented many of the phenomena considered novel or unsettling today: sexual promiscuity, widespread experimentation with drugs, clergymen wanting to marry, women demanding equal rights, youth calling for the elimination of the old, soldiers insisting on a democratic army, poets yearning for a beautiful world instead of a purely utilitarian one, minorities clamoring for their fair share of political power. From the dispassionate distance of half a century, Ledeen views Fiume as a microcosm of the larger chaos of our contemporary scene. Although he was removed from Fiume after a pitched battle on land and sea, D'Annunzio remained an influential figure in Italian politics. Ledeen presents him as one of the great innovators and watersheds of the modern world. This book will be of interest to historians, political scientists, and those interested in Post World War I Italy. An authority on Italian fascism and contemporary Europe, Michael A. Ledeen is Resident Scholar at the American Enterprise Institute in Washington. In addition to being a frequent contributor to *The New Republic*, *The American Spectator*, and *11 Giornale* (Milan), he is the author of 15 books on contemporary history and politics.

Bollettino della Società di Studi Fiorentini n. 26-27/2017-2018 Canali

Ferruccio, 2018-12-10 Editore in occasione della celebrazione del ventennale della nostra prima uscita editoriale (1997), questo numero doppio del "BSSF-Bollettino della Società di Studi Fiorentini" si pone come una raccolta miscellanea di ricerche diverse, che, pur nella varietà degli argomenti trattati, ha inteso mostrare la vitalità e l'importanza dello "Studium" della Storia, inteso non solo come studio/ricerca, ma anche come 'officina', scaturigine e ordinamento di eventi, che si pongono in relazione con le dinamiche di una Società complessa come quella attuale [...] in cui, paradossalmente, c'è sempre più 'bisogno' di Storia. "Studium" resta per noi un valore e con esso, attraverso questo volume frutto di rigorose ricerche dal Medioevo all'Età contemporanea, abbiamo inteso celebrare i nostri (primi) vent'anni di attività di studio.

Ceramicus Redivivus John K. Papadopoulos, 2003 This volume presents selected material associated with potters' workshops and pottery production from some 14 Early Iron Age contexts northwest of the Athenian Acropolis that range in date from the Protogeometric through Archaic periods. Located in the area that was to become the Agora of Classical Athens, these deposits establish that the place was used for industrial activity until it was formally transformed into the civic and commercial center of the city in the early 5th century B.C. The Early Iron Age potters' debris published in this volume sheds light on many aspects of pottery production, in prehistory as well as in the Classical and later periods. The material includes test-pieces, wasters and other production discards. There is also a reassessment of the evidence associated with the kiln underlying the later Tholos.
