Imen Ayari Cozzo

**Two Questers in the Twentieth-century North Africa** Imen Ayari Cozzo,2016-09-23 This book offers a unique exploration of the work of Paul Bowles and Ibrahim Alkoni, and reveals timely insights into the relationship between the West and the Orient, showing that they both challenge and extend existing scholarship on this subject. It builds on a sound theoretical platform which serves as a solid foundation for the analysis of the overarching theme. Theories of place, representation, Orientalism and post-colonialism are discussed in depth and are linked to the deconstruction and analysis of the selected literary texts, helping the reader understand the various quests and motivations of the protagonists of the works of Bowles and Alkoni. The first part of the book looks into the work of Bowles, and is based on the fact that many of the author's texts revolve around the theme of encounters between Western and Eastern cultures. It adopts a specific focus on the North African space, which is depicted from a number of different points of view, including native, French, English and American perspectives. The second section discusses the work of the Libyan author Ibrahim Alkoni as a quester for a Mythical Identity. It introduces the reader to the significance of the desert in both classical and modern Arabic literature and its place in the Arabic cultural imaginary. This work is highly original both in its approach and subject matter, and, as such, it constitutes a valuable contribution to the study of comparative literature, Arabic literature, and postcolonial magical realist literature. It offers many original insights into this little studied field, demonstrating a successful venture into less-trodden terrain.

**The Enlightened are Not Bound by Religion** Kevser Yesiltash,2017-08-26 The mystical teachings of Ibn 'Arabi, particularly influential in Anatolia, are rooted in a tens-of-thousands-of-years old knowledge attainment and transfer tradition, which is one of the fundamental cornerstones of Sufism. Through his unique method, Muhyiddin Ibn 'Arabi performed an unparalleled role in conveying the secrets of the Sufi mystical teachings across the generations. The secrets concealed in his teachings are not immediately revealed, and the knowledge they contain is hidden in such language that those who encounter it are often left in a state of shock and bewilderment. Those who strived to understand this language have been able to discover the real meaning hidden within, yet the majority, without making such an effort, took the meaning at face value and accused Ibn 'Arabi of being anti-religious. The title of this book, 'The Enlightened are Not Bound by Religion', is one of Arabi's notable sayings. To be able to understand just this saying requires knowledge of many subjects of the mystical teachings. Kevser Yesiltash explores the deep of mystical secrets of his saying in the book.

**The Great Hedge of India** Roy Moxham,2002-02-07 Remarkable and astonishing, says Jan Morris of Roy Moxham's account of his search for one of the least-known wonders of Queen Victoria's India, and John Keay finds it a compelling read, simply told, and simply wonderful. An unquestionably fascinating tale, as well as a travel book and historical detective story, The Great Hedge of India begins in a secondhand bookshop on London's Charing Cross Road. There Roy Moxham buys the memoir of a nineteenth-century British colonial administrative officer, who makes a passing reference to a giant hedge planted by the British across the Indian subcontinent. That hedge—which for fifty years had been manned and cared for by 12,000 men and had run a length of 2,500 miles—becomes what Moxham calls his ridiculous obsession. Recounting a journey that takes him to exotic isolated villages deep in the interior of India, Moxham chronicles his efforts to confirm the existence of the extraordinary, impenetrable green wall that had virtually disappeared from two nations' memories. Not only does he discover the shameful role the hedge played in the exploitative Raj and the famines of the late nineteenth century, but he also uncovers what remains of this British grand folly and restores to history what must be counted one of the world's wonders—and a monument to one of the great injustices of Victorian imperialism. Grandly entertaining ... close to being a perfect story of a fanciful quest.—Boston Globe

The Face of the Quartzes Chus Pato,2021-10-03 Translated by Erin Moure, THE FACE OF THE QUARTZES (Un libre favor) is Chus Pato's twelfth book of poetry. In this poetry collection Pato creates a manual for living that is one with birds, with animals, with peaks and trains and lighthouses, and with women who undertake journeys toward life (the improper) and spring (renewal). Her poems acknowledge an unrequitable gift: that of poetry, the language of poetry, the possibility of poetry, its impropriety and its freedom. The book includes an introduction (in part explaining why a book called Un libre favor ended up as The Face of the Quartzes!), a materials index, and a translation of an interview with Chus Pato by Peruvian poet Maurizio Medo.
