Following My Thumb Gabriel Morris,2012-06-29 Following My Thumb follows the wandering, rambling, bumbling travels of Gabriel Morris from 1990-2000. In the summer of 1990, at the age of 18, he sets off to Europe with his over-

sized backpack, thumb guiding the way. He hitchhikes the entire length of Great Britain, sleeps in barns, on bridges and beaches and under benches, explores the Greek Isles, sneaks into a Parisian movie theater, spends a night at the center of the Place de la Concorde roundabout, and more. In Part 2 of the book, he spends the bulk of the mid-1990s as a wandering traveler back home in the United States, searching for something elusive: a place to call home, a community, love, adventure, meaning, purpose. He both finds and loses all to varying degrees as he attends tribal Rainbow Gatherings in the woods, falls in and out of love on the road, lives on farms and communes, and spends several months in an idyllic valley, far from civilization in the Hawaiian rainforest. The book culminates with his amazing and thought-provoking travels in the mystical land of India. ,

Venice Jirō Taniguchi,2017 After his mother dies aged 78, the author discovers a beautifully lacquered box which contains what appear to be old hand-drawn postcards and photos of Venice. One photo of Piazza San Marco particularly catches his eye. It is of a Japanese couple feeding a multitude of pigeons in the square dressed in what looked like 1930's style. Who were they? What relevance did they have for his mother? Armed with the contents of the lacquered box he travels to Venice to track down the places and events in

the images and to discover the identity of the young couple in the old photograph.

Venice Jan Morris,2008-10-02 Often hailed as one of the best travel books ever written, Venice is neither a guide nor a history book, but a beautifully written immersion in Venetian life and character, set against the background of the city's past. Analysing the particular temperament of Venetians, as well as its waterways, its architecture, its bridges, its tourists, its curiosities, its smells, sounds, lights and colours, there is scarcely a corner of Venice that Jan Morris has not investigated and brought vividly to life. Jan Morris first visited the city of Venice as young James Morris, during World War II. As she writes in the introduction, 'it is Venice seen through a particular pair of eyes at a particular moment - young eyes at that, responsive above all to the stimuli of youth.' Venice is an impassioned work on this magnificent but often maddening city. Jan Morris's collection of travel writing and reportage spans over five decades and includes such titles as Sydney, Coronation Everest, Hong Kong, Spain and Manhattan '45. Since its first publication, Venice has appeared in many editions, won the W.H. Heinemann award and become an international bestseller. 'The best book about Venice ever written' Sunday Times 'No sensible visitor should visit the place

without it . . . Venice stands alone as the essential introduction, and as a work of literature in its own right.' Observer
