Spam and Internet Privacy Marcia S. Smith,B. G. Kutais,2007 The issues covered in this book cannot be called hot issues but instead must be called 'boiling' issues. Who, except the senders of this dangerous and ever-more sophisticated material, is not attacked everyday? What laws protect us if any? What is being done about it if anything? This book presents the latest progress on these issues which rate extremely high on everyone's list of concerns.

Wireless Internet Applications and Architecture Mark Beaulieu,2002 This guide for developers and architects presents a technical overview of wireless Internet technology, applications, and content issues. The text begins with a discussion of basic wireless concepts and technological trends. Next, the construction of messaging, browsing, and interactive and conversational voice portal applications is described. The final section is devoted to the architecture of the wireless Internet. Coverage extends to a discussion of mCommerce servers. Annotation copyrighted by Book News Inc., Portland, OR.
