**Attract Hotter Guys** Woody Miller,2018-05-31 Attract Hotter Guys With Irresistible Body LanguageAre you subconsciously sending “go away” signals to cute guys? Learn how gestures, postures, stances, and handshakes make you more approachable with the first body language guide for gay men. Attract Hotter Guys is Book #2 of 3 Books In The Gay Dating Series. Look In The Mirror. Your Body Language Is All WrongCan I tell you a story? Going out to bars and parties destroyed my self-esteem. I felt like a complete loser. How many times can you come home without meeting anybody before you feel like there’s something wrong with you? Seriously, have you ever come home from parties, events, clubs and bars more depressed than when you left? If you’re like me, you’ve tried everything. Different bars, different people, different events. You changed your look, your clothes, your style. The result? Nada, nothing, zip. You may as well go straight. Well one day, I met a body language expert. He told me something that would change my life: Half the Guys You Like Are Turned Off By Your Body LanguageYou know what my reaction was? “Bullsh\_t.” I mean, come on! Body language? I’m not meeting good looking guys because of my body language? Puh-leeze. Stay with me because this is where it gets interesting. The body language expert (a psychologist, actually) took me under his wing and coached me in the art of using body language to attract the kind of guys I liked. He wanted a guinea pig—ME—to prove that the sexual body language principles that work for straight couples could, with some adaptation, work for gay men. Yes, body language for gay men. Here’s a partial list of what he changed: \* The way I shook hands. \* The way I leaned in (or away). \* How I pointed with my feet (yes, feet, long story). \* The angle that I talked to people. \* The direction that I approached guys I wanted to meet. \* The way I looked at guys I was interested in. \* The way I used my body to catch their eye. \* The way I used my hands to gesture. The result? In less than an hour, two good-looking guys struck up a conversation with me! After that profound revelation I was determined to make this knowledge available to all other gay guys who couldn't figure out why their love life sucked. So here it is and here's what you'll learn: MAKE YOURSELF MORE APPROACHABLE 1. Wear certain types of shirts and pants. Research shows men are far more attracted to clothes that... Well, it’s on Page 23. 2. Wear a certain type of jewelry and accessories. I’ll give away one of the secrets right now: Shoes! Find out why on Page 25. 3. Open your “Territory Line.” I show you how to do it on Page 26. 4. Create “Invisible Hallways” between the two of you by using your hands and arms while you’re talking to friends. 5. Point with your hands, your feet and your head. This is a little known secret among communication researchers. Pointing is an “invitation” (it also reveals how he feels about you). Where should you point and how? It’s all on Page 28. 6. Use Inviting Postures. Whether you’re standing, sitting (even slouching), there are do’s and don’ts to show your interest. They’re all on Page 29. 7. Make it easy for him to touch you. See Page 30 for inventive things you can wear or do to make touching you irresistible. They work like a charm! **Grindr Survivr** Andrew Londyn,2017-04-21 What would Grindr be like if it offered opportunities to actually connect with people rather than just react according to our base instincts? This book about Grindr aims to do just that. For far too long, gay men moan and complain about gay dating apps, and yet they feel powerless to do anything about it. Grindr and app culture have radically transformed how members of the gay community interact with each other, and while finding dates has become easier, it seems as if finding anything of substance has become near impossible. We're just surviving apps like Grindr, rather than using them to live fully in the moment. Well, it's time to stop complaining and do something about it. Grindr Survivr is a book designed to give readers a guide on how to find happiness in the new age of dating apps. It gives readers a thorough understanding of how Grindr is changing the gay scene, and by extension, how such apps have changed each of us as individuals. Often, we aren't even aware of how deeply we've been changed by these apps, but we can't expect a different result until we look at ourselves, our behavior patterns and our community and resolve to transform all of them. Grindr Survivr is divided into three parts. The first part discusses exactly why and how Grindr has changed the gay community, and how such apps make us both super picky and very cynical. The second part, which is probably the most important, discusses the Gay Commandments that every gay man should live by if Grindr users want to find relationships of substance (or even merely stop suffering and worrying about what happens online). The Gay Commandments aren't preachy at all, but rather they are a call to interject a moral baseline into online behavior - but all the while the book gives honest and humorous anecdotes from his own personal dating experience. The author's not afraid to reveal his own failings in order to help readers learn from his mistakes. The Gay Commandments also include numerous action points that are that are designed to give readers new insights and new results (rather than just stating an overwhelming problem and not giving you anything to do about it). Readers will laugh and see themselves in the author's unique and wry perspectives on gay dating. The final part of the book contains basic tips, guidelines and recommendations for online behavior and first dates. It contains help in spotting fake profiles and contains a veritable list of do's and don't's for early dating. It's what you might expect in a regular dating book, but in Grindr Survivr, it's merely the third part of three. Whether people want to admit it or not, dating apps are here to stay. They are changing everyone who uses them, so it's time for a group of committed individuals band together and decide to push for new conversations and ways of behaving that will dramatically alter how the gay men interact with each other. There aren't enough thought leaders out there pushing to transform how people treat each other on apps, and so this book is designed to help users start a dialog to change this, while empowering them to take new actions that make them more content and satisfied with their online dating experiences. They can stop surviving apps and start using them to thrive.
