Responsabilidad patrimonial derivada de acoso escolar Antonia Gómez Díaz Romo, 2019-03-13 Resulta indudable el interés que despiertan los supuestos de acoso escolar que, por desgracia, se continúan produciendo. Igualmente es constatable la pasión que envuelve todo lo relativo a la educación, tanto en cuanto a los valores que deben transmitirse como a la delimitación entre lo público y lo privado. Como tercer elemento, son evidentes las dudas y dificultades prácticas existentes en torno a la responsabilidad patrimonial de la Administración. En esta obra se pone la lupa sobre la interrelación entre los tres conceptos: servicio público educativo, acoso escolar y responsabilidad patrimonial. Son muchos los interrogantes que se plantean: ¿Qué alcance tiene la responsabilidad patrimonial de la Administración? ¿Cabe exigirla por el acoso producido en un centro privado? ¿Cómo inciden posibles incumplimientos de los intervinientes en el proceso educativo como docentes, padres o tutores o los propios alumnos?... Se analizan las diversas situaciones reales que pueden presentarse, proponiendo soluciones desde una visión extensa e integradora del ordenamiento jurídico. Se subrayan las particularidades de los elementos de la responsabilidad patrimonial en el ámbito del acoso escolar, teniendo presente la incidencia de intervenciones privadas. Constatada la existencia de lagunas y contradicciones, se reflexiona sobre la necesidad de precisar y ordenar la regulación vigente, con la intención de contribuir a generar un marco más propicio a la seguridad jurídica.

Integration of Refugees in Higher Education Naouel Abdellatif Mami, 2022-12-27 The book «Integration of Refugees in Higher Education» is the result of a hard work over more than three years as part of a capacity building project under the Erasmus + program, funded by the European Commission and coordinated by Mohamed Lamine Debaghine Sétif 2 University, in Algeria. Ci-RES, «creation of institutional capacities for the integration of refugees in higher education» is a pilot initiative which aims to reformulate and/or create organic and institutional laws around the question of refugees in order to support them in their process of integration into the Algerian higher education system. The book brings together the research work of the Ci-RES consortium composed of researchers from Algeria, Spain, Italy and France. It touches on the various legal, pedagogical, learning-by-service aspects but also the development of digital, intercultural and professional competences. The content provides an understanding of international and national refugee integration mechanisms. It analyzes the strengths, weaknesses, opportunities and threats related to the integration of this category of the population and proposes an appropriate methodology, developed on the basis of good national practices allowing the reception, care and development of refugees through a human rights-based approach.

The Renaissance of Plotinus Anna Corrias,2020-06-09 Plotinus (204/5–270 C.E.) is a central figure in the history of Western philosophy. However, during the Middle Ages he was almost unknown. None of the treatises constituting his *Enneads* were translated, and ancient translations were lost. Although scholars had indirect access to his philosophy through the works of Proclus, St. Augustine, and Macrobius, among others, it was not until 1492 with the publication of the first Latin translation of the *Enneads* by the humanist philosopher Marsilio Ficino (1433–1499) that Plotinus was reborn to the Western world. Ficino's translation was accompanied by a long commentary in which he examined the close relationship between metaphysics and anthropology that informed Plotinus's philosophy. Focusing on Ficino's interpretation of Plotinus's view of the soul and of human nature, this book excavates a fundamental chapter in the history of Platonic scholarship, one which was to inform later readings of the *Enneads* up until the nineteenth century. It will appeal to scholars and students interested in the

history of Western philosophy, intellectual history, and book history.
