Final Cut Pro 2 for FireWire DV Editing Charles Roberts, 2012-11-12 Final Cut Pro 2 for FireWire DV Editing...the how and why of independent digital video editing. This guide is a comprehensive introduction to Apple Computer's Final Cut Pro editing system, and the digital video format in general. It provides relevant information about the format's specifications, proper configuration of the basic editing system, and professional tips--all in clear, jargon-free terms. Final Cut Pro 2 for FireWire DV Editing's workbook-approach explains how to setup your desktop studio, edit your digital video, and complete and distribute your project. It provides the information--and the encouragement--every digital video editor needs to complete projects of exceptional quality, from setup and capture to editing, effects work, and output to tape and the web. Roberts' guide is the only Final Cut Pro handbook that provides a detailed, step-by-step format that follows the course of your project as it progresses, defining the drop-down menus and keyboard shortcuts as you'll need them, and answering questions as they arise. Additionally, Final Cut Pro 2 for FireWire DV Editing explains in detail the Apple Macintosh hardware, software, and Firewire DV equipment set up and specifications, so that you'll know what tools you may need--and what you likely won't so that you can most efficiently execute your project.

Final Cut Pro HD For Dummies Helmut Kobler, 2004-09-24 Edit video like a pro! "Save it in the edit" is a common saying among film professionals. Editing makes the difference between boring vacation movies and exciting travelogues...between the whole dull news conference and the highlights on the evening news. Whether you're a budding Spielberg, a proud parent who wants two-year-old Junior's every feat documented for posterity, or a band that wants your music video to rock, Final Cut Pro HD For Dummies tells you what you need to know to edit regular digital or high definition video like a pro. It covers the basics of capturing, importing, and editing digital videos, with detailed how-to for: Organizing your media Navigating the audio and video Timeline tracks and selecting clips and frames on the Timelines Getting fancier with split, roll, ripple, slip, and slide edits Working with audio, including mixing, editing out scratches and pops, and using filters to create effects Using Soundtrack to compose a musical score, even if you don't know the difference between horns and strings Apply transitions such as 3D simulation, dissolve, iris, stretch and squeeze, and more Adding text for captions, opening titles, and closing credits Color-correcting video Compositing, rendering, and outputting your final product to tape, CD, DVD, or the Web Three bonus chapters online go into more depth about rendering, customizing the interface, and managing media so you

can refine your skills even further. Final Cut Pro HD For Dummies was written by Helmut Kobler, a Los Angeles-based filmmaker, owner of K2Films, and a frequent contributor to Macaddict Magazine. Having this book next to your editing equipment is the next best thing to having him sit next to you and guide you through the editing process.

Digital Video Editing with Final Cut Express Charles Roberts, 2013-01-11 Suitable for those new to nonlinear editing as well as experienced editors new to Final Cut Express, this book is an introduction to Apple's editing software package and the digital video format in general. You will come away with not only an in-depth knowledge of how to use Final Cut Express, but also a deeper understanding of the craft of editing and the underlying technical processes that will serve you well in future projects. Workflow, editing techniques, compositing, special effects, audio tools, and output are explained in clear, jargon-free terms.
