Christ Is ALL! (the New Revised Version) David Bryant,2010-09-06 Christ Is ALL! Join In the Joyful Awakening to the Supremacy of God's Son David Bryant condensed and updated with Richard Ross Christ is ALL! (condensed and updated) is not a rehash of old Sunday School lessons on the life of Jesus. Quite the opposite. Christ Is ALL! (CIA) opens a new point of departure for your walk with God's Son. It explores nothing less than the full scope of His supremacy. It does so in anticipation of, and preparation for, something almost too wonderful to hope: a fresh work of God's Spirit among God's people to enlarge our vision of the reigning majesty of God's Son. The promise is poised ... impending ... bearing down upon us. It is a God-given Christ-awakening, meant for the whole Church, in every part. The Subtitles Tell The Story In 2003, New Providence Publishers (NPP) issued to wide acclaim David Bryant's Christ Is ALL! A Joyful Manifesto On The Supremacy of God's Son. Hardback, at nearly 470 pages, a Second Edition came out in 2005. Now, in 2010, NPP presents a new revised version, a reincarnation, as it were, of the original book in a 176 page paperback. Working with one of the nation's most respected trainers of youth workers, Dr. Richard Ross (professor at Southwestern Baptist Theological Seminary in Ft. Worth), David Bryant has condensed, remixed and updated his book. Originally written to train pastors and Christians leaders, this revised version specifically focuses its message on inspiring and equipping day-to-day Christians in every stream of the Church. Cutting out 300 pages, however, is not the most significant development in this process. The modified subtitle is! The original CIA was tagged A Joyful Manifesto on the Supremacy of God's Son. But this revised CIA urges Join the Joyful Awakening to the Supremacy of God's Son. Notice the shift? Frankly, its titanic. A decade ago, many parts of Christ's Body were sleeping through a major crisis, which Bryant called a crisis of supremacy (analyzed in chapters here, as well). To borrow Max Lucado's metaphor, too often Jesus was seen as a computer mouse, readily available to move the cursor across the screen to click-on whatever we needed next from God. I wrote my manifesto to help call the Church to re-engage with the active reign of Jesus-to wake-up to who He really is as God's Son, where He's leading in God's purposes and what He's doing with God's people, as well as across our land and among the nations. But things are changing. Today this revised CIA invites readers to expect, prepare for and even experience something so joyous no Jesus-follower would dare be left behind. Many call it a Christ-awakening defined as God's Spirit using God's Word to re-introduce God's people to God's Son for ALL He is. Editors for The Economist magazine recently authored God Is Back: How the Global Revival of Faith Is Changing the World. Similarly, this revised CIA might have been renamed: CHRIST IS BACK: The Awakening of the Church That Will Change the Nation and the World (and All of Us in the Process!). Except, of course...

the Lord Jesus Christ is not back. He never left! Christ is now. Ascended. Ruling. Redeeming. Triumphant. Moving sovereignly throughout His church. His reign is as undiminished in this hour as it will be the hour we stand before Him at the Climax, in the new heaven and earth. His irrevocable authority needs no re-instatement. Rather, it is many of us Christians who need restoration. It is the vision of our hearts that needs to be replenished, re-conquered and re-commissioned in Him and for Him. More Than Meets The Eye: The CIA website However, there's more to the new, revised version than one might guess simply looking its cover. Because, behind this slim volume is a website packed with free resources to help Christians implement much of what David Bryant calls for. For example, when readers visit www.ChristIsAllBook.com, they can download a four-week CIA devotional guide, or a CIA small group discussion guide, or an audio book taken from parts of CIA, or they can access expanded commentary on each chapter in the book-and so much more. This dynamic interface between book and website offers a whole new opportunity for a life-changing reading experience. Also, orders can be placed there for major quantity discounts of the revised version, to encourage friends or even whole congregations. In addition, one can order a copy of the 470 page edition of Christ Is ALL!, still in print. Invitation The past seven years, many national Christian leaders have urged David Bryant to adapt Christ Is ALL! for a wider Christian audience. That has now become reality. This new CIA is not so much a manifesto anymore. Rather, it's more like an invitation. An invitation to enter into something worthy of our whole hearts. An invitation to join a Christ-awakening movement already underway. An invitation to start celebrating, as a way of life, nothing less than the supremacy of God's Son for all He is, for you and for me, for now and forever. An invitation for us to do this together.

Smartphone Filmmaking Max Schleser, 2021-08-26 Mobile, smartphone and pocket filmmaking is a global phenomenon with distinctive festivals, filmmakers and creatives that are defining an original film form. Smartphone Filmmaking: Theory and Practice explores diverse approaches towards smartphone filmmaking and interviews an overview of the international smartphone filmmaking community. Interviews with smartphone filmmakers, entrepreneurs, creative technologists, storytellers, educators and smartphone film festival directors provide a source of inspiration and insights for professionals, emerging filmmakers and rookies who would like to join this creative community. While not every story might be appropriate to be realized with a mobile device or smartphone, if working with communities, capturing locations or working in the domain of personal or first-person filmmaking, the smartphone or mobile device should be considered as the camera of choice. The mobile specificity is expressed through accessibility, mobility and its intimate and immediate qualities. These smartphone filmmaking-specific characteristics and personal forms of crafting experiences contribute to a formation of new storytelling approaches. Stylistic developments of vertical video and collaborative processes in smartphone filmmaking are evolving into hybrid formats that resonate in other film forms. This book not only develops a framework for the analysis of smartphone filmmaking but also reviews contemporary scholarship and directions within the creative arts and the creative industries. Smartphone Filmmaking: Theory and Practice initiates a conversation on current trends and discusses its impact on adjacent disciplines and recent developments in emerging media and screen production, such as Mobile XR (extended reality).
