**Change in View** Gilbert Harman, 1986 Change in View offers an entirely original approach to the philosophical study of reasoning by identifying principles of reasoning with principles for revising one's beliefs and intentions and not with principles of logic. This crucial observation leads to a number of important and interesting consequences that impinge on psychology and artificial intelligence as well as on various branches of philosophy, from epistemology to ethics and action theory. Gilbert Harman is Professor of Philosophy at Princeton University. A Bradford Book.

Troll's-Eye View Ellen Datlow, Terri Windling, 2009-04-16 Everyone thinks they know the real story behind the villains in fairy tales—but the villains themselves beg to differ. In Troll's-Eye View, you'll hear from the Giant's wife (Jack and the Beanstalk), Rumpelstiltskin, the oldest of the Twelve Dancing Princesses, and many more. A stellar lineup of authors, including Garth Nix, Jane Yolen, and Nancy Farmer, makes sure that these old stories do new tricks!

**Electric City** Thomas Hager, 2021-05-18 The extraordinary, unknown story of two giants of American history—Henry Ford and Thomas Edison—and their attempt to create an electric-powered city of tomorrow on the Tennessee River During the roaring twenties, two

of the most revered and influential men in American business proposed to transform one of the country's poorest regions into a dream technological metropolis, a shining paradise of small farms, giant factories, and sparkling laboratories. Henry Ford and Thomas Edison's "Detroit of the South" would be ten times the size of Manhattan, powered by renewable energy, and free of air pollution. And it would reshape American society, introducing mass commuting by car, use a new kind of currency called "energy dollars," and have the added benefit (from Ford and Edison's view) of crippling the growth of socialism. The whole audacious scheme almost came off, with Southerners rallying to support what became known as the Ford Plan. But while some saw it as a way to conjure the future and reinvent the South, others saw it as one of the biggest land swindles of all time. They were all true. *Electric City* is a rich chronicle of the time and the social backdrop, and offers a fresh look at the lives of the two men who almost saw the project to fruition, the forces that came to oppose them, and what rose in its stead: a new kind of public corporation called the Tennessee Valley Authority, one of the greatest achievements of the New Deal. This is a history for a wide audience, including readers interested in American history, technology, politics, and the future.

While he prefers Nada to Electra, Nada has no interest in him. Meanwhile, Electra loves Dolph and if she doesn't marry him, she'll die. Fortunately, a convenient catastrophe arises that

requires Dolph's immediate attention. Goblins have kidnapped young Che Centaur. Their only lead is an elflike girl named Jenny from the World of the Two Moons whose nearsighted vision has gotten her lost. With her leading the way, there's no telling where this search for the missing centaur will go.

The View Untamed, 2020-10-27 After her carefully crafted and sheltered life falls apart, Karli meets a stranger whose breathtaking world view awakens in her a beast that had previously lain dormant and Karli embraces her new lease on life with a vengeance.

**The Parallax View** Slavoj Žižek, 2009-02-13 In Žižek's long-awaited magnum opus, he theorizes the parallax gap in the ontological, the scientific, and the political—and rehabilitates dialectical materialism. The Parallax View is Slavoj Žižek's most substantial theoretical work to appear in many years; Žižek himself describes it as his magnum opus. Parallax can be defined as the apparent displacement of an object, caused by a change in observational position. Žižek is interested in the parallax gap separating two points between which no synthesis or mediation is possible, linked by an impossible short circuit of levels that can never meet. From this consideration of parallax, Žižek begins a rehabilitation of dialectical materialism. Modes of parallax can be seen in different domains of today's theory, from the wave-particle duality in quantum physics to the parallax of the unconscious in Freudian psychoanalysis between interpretations of the formation of the unconscious and theories of drives. In *The Parallax View*, Žižek, with his usual astonishing erudition, focuses on three main modes of parallax: the ontological difference, the ultimate parallax that conditions our very access to reality; the scientific parallax, the irreducible gap between the phenomenal experience of reality and its scientific explanation, which

reaches its apogee in today's brain sciences (according to which nobody is home in the skull, just stacks of brain meat—a condition Žižek calls the unbearable lightness of being no one); and the political parallax, the social antagonism that allows for no common ground. Between his discussions of these three modes, Žižek offers interludes that deal with more specific topics—including an ethical act in a novel by Henry James and anti-anti-Semitism. The Parallax View not only expands Žižek's Lacanian-Hegelian approach to new domains (notably cognitive brain sciences) but also provides the systematic exposition of the conceptual framework that underlies his entire work. Philosophical and theological analysis, detailed readings of literature, cinema, and music coexist with lively anecdotes and obscene jokes.

*The Infinite View* Ellen Tadd, 2017 Written by internationally revered clairvoyant counselor and educator Ellen Tadd, *The Infinite View* is a spiritual classic in the making. People often lean towards either trusting their gut or relying on their analytical mind, but Tadd urges readers to consider a new approach that allows both emotions and the intellect to be guided by wisdom. Through describing how the Spirit, soul, and personality are integrated, she guides readers in deepening and expanding their perceptions to discover practical solutions to everyday challenges. According to Tadd, Spirit is the God Force that animates and empowers us and suffuses everyone and everything. But while Spirit is conscious and communicative, we haven't been taught to look for or listen to it. In fact, most of us have been conditioned not to look or listen. When we choose to attune our conscious mind with Spirit, we find ourselves able to engage life with greater clarity—even when it tests us through illness, death, loneliness, anxiety, or fear. *The Infinite View* offers

tools and insights needed to achieve this attunement. Drawing on her personal narrative, as well as the experiences of her students, Tadd helps readers transform their understanding of themselves and the world around them.

**Bunny Williams' Point of View** Bunny Williams, 2007-10-01 Part memoir and part how-to manual, this book showcases many of the chic but always cozily comfortable residences Williams has designed.

*Demon in My View* Amelia Atwater-Rhodes, 2008-12-18 Jessica isn't your average teenager. Though nobody at her high school knows it, she's a published author. Her vampire novel *Tiger, Tiger* has just come out under the pen name Ash Night. Jessica often wishes she felt as comfortable with her classmates as she does among the vampires and witches of her fiction. She has always been treated as an outsider at Ramsa High. But two new students have just arrived in Ramsa, and both want Jessica's attention. She has no patience with overly friendly Caryn, but she's instantly drawn to handsome Alex, a cocky, mysterious boy who seems surprisingly familiar. If she didn't know better, she'd think Aubrey, the alluring villain from *Tiger, Tiger* had just sprung to life. That's impossible, of course; Aubrey is a figment of her imagination. Or is he? Nail-bitingly suspenseful, here is the deliciously eerie follow-up to *In the Forests of the Night*, by the remarkable fifteen-year-old novelist Amelia Atwater-Rhodes.

*Brand-New Bubbe* Sarah Aronson, 2022-08-23 Jillian isn't so sure she needs a third grandma now that her stepdad is joining the family, but can her brand-new Bubbe win her over? When Jillian joins Bubbe for some mom-mandated matzo ball soup making, she realizes she has room in her heart (and stomach!) for one more grandmother. But how can

she convince Noni and Gram she still loves them just as much? A super soup celebration, of course! Chaos in the kitchen leads to matzo ball soup, spicy gazpacho, meatball soup, and a trio of grandmas united in their love for their family. Complete with all three soup recipes, Brand-New Bubbe captures the warmth of blended family and honors the joys of cooking with the ones you love.

*The View from Somewhere* Lewis Raven Wallace, 2023-03-22 A look at the history of the idea of the objective journalist and how this very ideal can often be used to undercut itself. In *The View from Somewhere*, Lewis Raven Wallace dives deep into the history of “objectivity” in journalism and how its been used to gatekeep and silence marginalized writers as far back as Ida B. Wells. At its core, this is a book about fierce journalists who have pursued truth and transparency and sometimes been punished for it—not just by tyrannical governments but by journalistic institutions themselves. He highlights the stories of journalists who question “objectivity” with sensitivity and passion: Desmond Cole of the *Toronto Star*; New York Times reporter Linda Greenhouse; Pulitzer Prize-winner Rachel Kaadzi Ghansah; Peabody-winning podcaster John Biewen; Guardian correspondent Gary Younge; former BuzzFeed reporter Meredith Talusan; and many others. Wallace also shares his own experiences as a midwestern transgender journalist and activist who was fired from his job as a national reporter for public radio for speaking out against “objectivity” in coverage of Trump and white supremacy. With insightful steps through history, Wallace stresses that journalists have never been mere passive observers. Using historical and contemporary examples—from lynching in the nineteenth century to transgender issues in the twenty-first—Wallace offers a definitive critique of “objectivity” as a catchall for

accurate journalism. He calls for the dismissal of this damaging mythology in order to confront the realities of institutional power, racism, and other forms of oppression and exploitation in the news industry. *The View from Somewhere* is a compelling rallying cry against journalist neutrality and for the validity of news told from distinctly subjective voices.

**View from Above** Terry Virts, 2017 Shares photographs and details of the author's experiences in space.

*A Night to Die For* Lisa Schroeder, 2022-03-01 When a boy finds a girl's body in the ditch on prom night...he becomes the primary suspect in her murder. Prom dreams. Prom Screams. Mario Woods is looking forward to one normal night before he graduates. He's spent most of high school riding solo. But when fate lands him a date for prom, he figures this might be his chance to be less of a loner. Only, prom turns out to be a disaster. Just when Mario thought the night couldn't get any worse, he sees something on the side of the road while driving home. That something is Prom Queen Maribelle Starr—murdered and left for dead. All Mario wanted was to go to prom...but somehow, he ended up in hell.

*Prince* Afshin Shahidi, 2017-10-24 Featuring a foreword by Beyoncé Knowles-Carter. When Prince wanted to document his One Nite Alone tour in 2002, he turned to Afshin Shahidi. Again in 2004, he went along on Prince's record breaking Musicology Tour. Afshin met Prince in 1989 and became his cinematographer and later his photographer. He was the photographer closest to Prince for the last fifteen years of Prince's life. Afshin is the only photographer to shoot the legendary 3121 private parties in Los Angeles that became the most sought after invitations in Hollywood. *Prince: A Private View* compiles his work into a

journey through Prince's extraordinary life. With many never-before-seen photos, this is the ultimate collection of – some intimate, some candid, some in concert – shots of Prince, but all are carefully directed in the artist-as-art style that we associate with him. Deep photo captions are brief, but complete stories about Prince's life at that moment - some are incisive, others are personal and even funny.

*World View* Jeffrey E. Garten, 2000 How to Globalize to Survive in the New Economy At a time in which globalization impacts corporate strategy as never before, corporate leaders are challenged to consider all the implications of a new global economy. With such unrelenting change blurring the view, corporate leaders need the benefit of the best thinking in order to focus on the right global strategies. World View offers just such thinking, featuring examples of strategies and best practices used by successful companies worldwide in moving toward global markets. Seeing globalization through the eyes of leading thinkers and executives who have mastered its challenges, *World View* presents forward-thinking insights for corporate leaders determined to succeed in the always-new and uncertain global economy.
