Each is (or was) a list maker. These successful people, along with CEOs and successful entrepreneurs, all use lists to keep track of their ideas, thoughts, and tasks. Finding enough hours in the day to get everything accomplished and allow for some downtime can be a struggle. It's no wonder so many of us are stressed, overextended, and exhausted. More than half of all American employees feel overwhelmed, according to a study by the nonprofit Family and Work Institute. For the 54 percent of us who feel like we're chasing our own tails, Listful Thinking is here to prove that it doesn't have to be that way. You can still find time to relax, read a good book, and do the things you love. Listful Thinking is the book that will give readers their lives back with indispensable tips on saving time, getting organized, improving productivity, saving money, and reducing stress.

Transforming Pain to Power Deluxe Daniel Beaty, 2014-03-04 DELUXE EDITION—INCLUDES EXCLUSIVE AUTHOR VIDEOS Pain doesn't last always Sometimes only for a night Try not to resist It hurts the more we fight Overcoming life's difficulties is daunting. At times, it seems the burdens that we bear are too painful to overcome. They keep us from even trying to accomplish the things we want most. It seems the only way to outlast the pain is to ignore it, when, in truth, the only way to discover the unlimited potential inside of us all is to embrace the pain, face the Authentic Self at our core, and use the strength therein to triumph over any obstruction in our way. Based on his powerful, true journey from a childhood rife with poverty, incarceration, addiction and rage to the successful adult life he achieved, award-winning performer, writer, and motivational speaker Daniel Beaty presents the tools that readers need to overcome any obstacle and tap into their full capabilities. By outlining an alternative mode of thinking, especially for the modern African-American man bombarded by negative stereotypes in the media, Beaty empowers the individual and encourages readers of all backgrounds to learn from their cultural and family heritage while forgiving and letting go of the negative so that only the positive remains. Beaty's story, supported by deeply personal advice from notable mentors such as Bill Cosby, Leontyne Price, Sydney Poitier, Ossie Davis, and Ruby Dee, serves as a strong reminder that success is ultimately possible, not in spite of struggles but as a result of lessons learned and power drawn from those lessons.
