**The NOW Revolution** Jay Baer, Amber Naslund, 2011-02-08 The social web has changed the way we do business forever The future of your company is not in measured, considered responses and carefully planned initiatives. Business today is about near-instantaneous response. About doing the best you can with extremely limited information. About every customer being a reporter, and every reporter being a customer. About winning and losing customers in real-time, every second of every day. About a monumental increase in the findable commentary about our companies. Having the time and information required to make a considered business decision is a luxury - a luxury that's quickly facing extinction. Yet business hasn't adapted to this evolution. And adapt you must. This book isn't about how to do social media. Instead, The Now Revolution outlines how you must retool your organization to make real-time business work for you rather than against you. Read about seven shifts that will help you make your company faster, smarter, and more social: Engineer a New Bedrock Find Talent You Can Trust Organize your Armies Answer the New Telephone Emphasize Response-Ability Build a Fire Extinguisher Make a Calculator The Now Revolution is pushing you to adapt the way you do business, from the inside out. It impacts your organization culturally, operationally, and functionally. This book is your guide to making the changes you need, and to harnessing the potential of this new communication era.

The Leader Assistant: Four Pillars of a Confident, Game-Changing Assistant  
Jeremy Burrows, 2020-06-23 Assistant, you are a leader. As an assistant, you constantly face obstacles that hold you back from accomplishing your career goals. Whether it's a job change, shifting deadlines, a micromanaging executive, a toxic co-worker, a high-pressure project, or an intense negotiation with a vendor, the administrative profession is not for the faint of heart. If you're looking to maintain the status quo and be "just an assistant," this book is not for you. But, if you want the confidence and ability to conquer the challenges that most try to avoid, then you're in the right place. The Leader Assistant outlines four pillars—embody the characteristics, employ the tactics, engage in relationships, and exercise self-care—that will help you rediscover your passion for the profession and become a confident, future-proof, game-changing Leader Assistant. If you

neglect even one pillar, you'll head for burnout, stagnation, and anonymity. You are meant for so much more. Are you ready to be the Leader Assistant the world needs?

*Tecnología digital para la salud y la actividad física* Arian Ramón Aladro-Gonzalvo, Félix Arbinaga Ibarzábal, 2019-10-10 Nos encontramos en una sociedad en la que puede decirse que la tecnología y la salud están de moda. La tecnología ofrece unas herramientas que ayudan a los profesionales a incrementar su eficacia y eficiencia a la hora de instaurar y consolidar hábitos de comportamiento con efectos saludables para las personas e indirectamente para la sociedad. Desde otra perspectiva, debido a la generalización, al bajo coste económico de acceso y al fácil manejo de la tecnología, los conocimientos derivados del trabajo que se presenta en esta obra pueden resultar útiles a una extensa y amplia parte de la población no profesional. En esta obra se ofrece, a todos los profesionales que dedican sus esfuerzos a la búsqueda de mejoras en la salud y el bienestar de su población, una herramienta para el desarrollo de su actividad en la que el uso de la tecnología aplicada a la salud, y específicamente al ejercicio, se convierte en el elemento vertebrador de una nueva perspectiva de trabajo con amplia capacidad y diversificación en el futuro. Por otra parte, el hecho de ahondar en esta temática puede ser útil para identificar posibles áreas de actuación que faciliten el incremento de la salud y el bienestar; valorar el uso de intervenciones conductuales basadas y desarrolladas a través de Internet; generar conocimientos sobre el diseño de mecanismos y estrategias para la mejora de la motivación con la pretensión de un cambio en el estilo de vida de las personas; analizar el éxito de programas en línea destinados a incrementar los niveles de actividad física y salud; evaluar la adopción de

los niveles de actividad física recomendados para la salud, e informar de las propiedades de medición de los dispositivos portátiles para guiar su uso en la práctica profesional y en entornos de investigación, entre otros muchos aspectos.

**Remembering Becca** Alexander Rosenfeld, 2011-11-23 For Alex, love was all he ever wanted. He just never thought he'd find that elusive one, let alone so early on in his life, but then he met her. Then he lost her. Through a series of intimate, diary entries from his quirky, male perspective, Alex attempts to wrack his mind in order to discover how to find love. Flashbacks fuel the journey, along with the narrative aid of Alex's quite expressive conscience, as he battles within himself to figure out if a girl from his past or someone from his present or future is his one. As Alex gets lost deeper and deeper in his thoughts, he learns more about both himself and life than he could have ever imagined, and shares a truly unique love story, so effortlessly kept alive in his mind. Every day presents its own personal tale, as Alex relates thoughts ranging from how he saves people through his work at his own business to his many, ridiculous views about life in general. But, while he can remember so much about himself, can Alex remember the moments that taught him the path to love? After all, love is just a memory.

But the one place they never enter is The Wasteland: a barren and hideous wilderness ruled by the Vlagh--a god-like creature whose young are evil spawn. Now, as the Elder Gods are about to transfer their power to the Younger Gods, the Vlagh plans to take advantage of their weakened state and neutralize them, eventually conquering the world. To do so, it is breeding a terrible force borne of monsters and demons. But one ray of hope shines through the darkness: four children called the Dreamers. They alone hold the power to change the course of history...and stop the Vlagh in its quest for total world domination.

Home Comforts James Martin, 2014-12-04 James Martin’s huge popularity is due to his simple and accessible recipes. This tie-in book to his enormously

successful Home Comforts series sees James in his comfort zone, cooking the food he loves best. He champions local produce and loves growing his own, and this irresistible collection of recipes ranges from fancy dinners to impress friends, to those times when you just need to grab lunch for one in a hurry. The chapters reflect this, they are divided into Lighter Comforts, Quick Comforts, Easy Comforts, Slow Comforts, Spicy Comforts, Sweet Comforts and Baked Comforts. Much-loved for his trademark wholesome, hearty British food, in this book James shows off a fresh, light and ultra-modern side, too, in dishes like Shaved cauliflower salad with barbecued honey tomatoes. The very British love of spicy foods is properly indulged with recipes from all over the world, including Indian deep-fried soft-shell crab with a delicious home-made lime pickle. There is also the true comfort food – such as Chicken and wild mushroom frying pan pie – and old favourites such as chicken Kiev. James is famous for his fabulous puddings and this book does not disappoint. Try the mouth-watering Chocolate and clementine steamed pudding, or bake Lavender shortbread to eat with Lavender crème caramel. Beautifully shot in James's own home, this is a book of irresistible recipes to use everyday for years to come.
