Identity Designed David Airey, 2019-01-01 Ideal for students of design, independent designers, and entrepreneurs who want to expand their understanding of effective design in business, Identity Designed is the definitive guide to visual branding. Written by best-selling writer and renowned designer David Airey, Identity Designed formalizes the process and the benefits of brand identity design and includes a substantial collection of high-caliber projects from a variety of the world's most talented design studios. You'll see the history and importance of branding, a contemporary assessment of best practices, and how there's always more than one way to exceed client expectations. You'll also learn a range of methods for conducting research, defining strategy, generating ideas, developing touchpoints, implementing style guides, and futureproofing your designs. Each identity case study is followed by a recap of key points. The book includes projects by Lantern, Base, Pharos, OCD, Rice Creative, Foreign Policy, Underline Studio, Fedoriv, Freytag Anderson, Bedow, Robot Food, Together Design, Believe in, Jack Renwick Studio, ico Design, and Lundgren+Lindqvist. Identity Designed is a must-have, not only for designers, but also for entrepreneurs who want to improve their work with a greater understanding of how good design is good business.

Hospital and Healthcare Security Tony W York, Russell Colling, 2001-04-17 Hospital and Healthcare Security, Fourth edition, is a complete resource for healthcare protection planning and programming. The book offers thorough and fully updated coverage of the primary health and security issues hospitals and healthcare agencies face including infant protection and security, animal and research laboratory security, hospital watch programs, and the relationship between hospital security and law enforcement. Written primarily for use by the healthcare protection administrator, it also serves as a reference for any hospital security officer, supervisor or administrator. This book presents a complex and diverse security focus in a readable and understandable format. Covers the latest security guidelines for adherence to the Joint Commission on Accreditation of Healthcare Organizations. Updated edition includes information for all forms of health care service including: assisted living, home care, skilled care, acute care, and outpatient services for local, state, and federal facilities. Contains all the information needed to start and run a fully-operational health care security department.

C/ID Emily King, 2006-07-13 Survey of the thirty best recent design work for cultural clients, including galleries, museums, theatres and auditoriums. The focus is on new identities and their application, as well as smaller design solutions as gallery guides, promotional programmes, exhibition catalogues, theatre programmes, branded merchandising, websites, signage systems and temporary exhibition design.

Being La Dominicana Rachel Afi Quinn, 2021-08-20 Rachel Afi Quinn investigates how visual media portray Dominican women and how women represent themselves in their own creative endeavors in response to existing stereotypes. Delving into the dynamic realities and uniquely racialized gendered experiences of women in Santo Domingo, Quinn reveals the way racial ambiguity and color hierarchy work to shape experiences of identity and subjectivity in the Dominican Republic. She merges analyses of context and interviews with young Dominican women to offer rare insights into a Caribbean society in which the tourist industry and popular media reward, and rely upon, the ability of Dominican women to transform themselves to perform gender, race, and class. Engaging and astute, Being La Dominicana reveals the little-studied world of today's young Dominican women and what their personal stories and transnational experiences can tell us about the larger neoliberal world.

The Sentinel and Greater Gift Hath No Man John Parker, 2009-10-27 The Sentinel of Kunduz For eons they prayed for the Nokorrah to come

to their rescue. A prophesized being who would rescue them from their enemy and transform their lives. This is the story of a Kurdish girl who lost everything she loved but who through her courage, daring and faith restored a lost people and brought them a new beginning. This is also the story of a covert US military operation that becomes entwined with her and her peoples struggle and how their interaction leads to unintended consequences that change the fate of the Kurdish people forever. *Greater Gift Hath No Man* The extraordinary story of a Navy helicopter crew and ship attempting a daring rescue against horrific and seemingly insurmountable odds. A family desperately clings to life on a capsized schooner in one of the worst storms ever to hit the West Coast. Their only hope a stubborn Navy pilot who pushes himself, his crew and his aircraft to the limits of their endurance as he refuses to surrender them to the violent seas. This is the story Lieutenant William Hitman Evans and the valiant crew of Buckeye Zero Niner as they battled the wrath allayed against them to save the family.

A Comprehensive Etymological Dictionary of the Spanish Language with Families of Words based on Indo-European Roots Edward A. Roberts,2014 This work traces the etymologies of the entries to their earliest sources, shows their kinship to both Spanish and English, and organizes them into families of words in an Appendix of Indo-European roots. Entries are based on those of the Diccionario de la lengua española de la Real Academia Española.

Imaging Identity Johannes Riquet,Martin Heusser,2020-12-25 This volume explores the many facets and ongoing transformations of our visual identities in the twentieth and twenty-first centuries. Its chapters engage with the constitution of personal, national and cultural identities at the intersection of the verbal and the visual across a range of media. They are attentive to how the medialities and (im)materialities of modern image culture inflect our conceptions of identity, examining the cultural and political force of literature, films, online video messages, rap songs, selfies, digital algorithms, social media, computer-generated images, photojournalism and branding, among others. They also reflect on the image theories that emerged in the same time span—from early theorists such as Charles S. Peirce to twentieth-century models like those proposed by Roland Barthes and Jacques Derrida as well as more recent theories by Jacques Rancière, W. J. T. Mitchell and others. The contributors of Imaging Identity come from a wide range of disciplines including literary studies, media studies, art history, tourism studies and semiotics. The book will appeal to an interdisciplinary readership interested in contemporary visual culture and image theory.

The Making of Asian America Erika Lee,2015-09 In the past fifty years, Asian Americans have helped change the face of America and are now the fastest growing group in the United States. But as ... historian Erika Lee reminds us, Asian Americans also have deep roots in the country. The Making of Asian America tells the little-known history of Asian Americans and their role in American life, from the arrival of the first Asians in the Americas to the present-day. An epic history of global journeys and new beginnings, this book shows how generations of Asian immigrants and their American-born descendants have made and remade Asian American life in the United States: sailors who came on the first trans-Pacific ships in the 1500s to the Japanese Americans incarcerated during World War II. Over the past fifty years, a new Asian America has emerged out of community activism and the arrival of new immigrants and refugees. No longer a despised minority, Asian Americans are now held up as America's model minorities in ways that reveal the complicated role that race still plays in the United States. Published to commemorate the fiftieth anniversary of the passage of the United States' Immigration and Nationality Act of 1965 that has remade our nation of immigrants, this is a new and definitive history

of Asian Americans. But more than that, it is a new way of understanding America itself, its complicated histories of race and immigration, and its place in the world today-Jacket.

Visual Alterity Randall Halle,2021-03-30 Reconsidering the dynamics of perception Using cinema to explore the visual aspects of alterity, Randall Halle analyzes how we become cognizant of each other and how we perceive and judge another person in a visual field. Halle draws on insights from philosophy and recent developments in cognitive and neuroscience to argue that there is no pure natural sight. We always see in a particular way, from a particular vantage point, and through a specific apparatus, and Halle shows how human beings have used cinema to experiment with the apparatus of seeing for over a century. Visual alterity goes beyond seeing difference to being conscious of how one sees difference. Investigating the process allows us to move from mere perception to apperception, or conscious perception. Innovative and insightful, Visual Alterity merges film theory with philosophy and cutting-edge science to propose new ways of perceiving and knowing.
