*Paris Dreams, Paris Memories* Charles Rearick, 2011-04-06 "A rich and entertaining history of the French capital's predominant myths and 'image-making' from the nineteenth century to the present." –Roxanne Panchasi, H-France Review How did Paris become the world favorite it is today? Charles Rearick argues that we can best understand Paris as several cities in one, each with its own history and its own imaginary shaped by dream and memory. Paris has long been at once a cosmopolitan City of Light and of modernity, a patchwork of time-resistant villages, a treasured heirloom, a hell for the disinherited, and a legendary pleasure dome. Focusing on the last century and a half, *Paris Dreams, Paris Memories* makes contemporary Paris understandable. It tells of renewal projects radically transforming neighborhoods and of counter-measures taken to perpetuate the city's historic character and soul. It provides a historically grounded look at the troubled suburbs. Further, it tests long-standing characterizations of Paris's uniqueness through comparisons with such rivals as London and Berlin. *Paris Dreams, Paris Memories* shows that in myriad forms—buildings, monuments, festivities, and artistic portrayals—contemporary Paris gives new life to visions of the city long etched in Parisian imaginations. "A pleasure to read." –Catherine Clark, H-Urban "Fascinating." –Nicoleta Bazgan, Contemporary French Civilization "Rearick is an expert guide." –Jeffrey H. Jackson, Rhodes College "Like a pleasant stroll through the city, one finds much that one has already seen, but also plenty that one has not." –Stephen Sawyer, French History "Rearick has written not so much a history of Paris, but a history of the history of Paris." –William Irvine, York University

Asile Hereditaire Francois Nouvion, 2012-10-18 Francois Nouvion is well known collector and author of operatic subjects. He was born in Zurich and is a US citizen. He studied at the Swiss Federal Institute of Technology in Zurich and at Stanford University in Palo Alto. He worked mostly in the semiconductor testing equipment field and sold US Equipment from Russia to Tokyo. Early on he became very interested in Opera and developed his knowledge in singing from the reissues by Guy Dumazert. He currently maintains a comprehensive website on tenors ([historicaltenors.com](http://historicaltenors.com)) and a YouTube channel on Historical tenors. Although his interest on Irish-French tenor John O'Sullivan dates from his early days, he finally started researching the tenor's career in the early 90s after meeting O'Sullivan's children: Jacques, Colette and Raymonde. After much work contacting the different libraries all over the world, with the Paris and Marseilles libraries being the most difficult to work with, he finally started writing the O'Sullivan biography in 2007. It is now published. He only regrets that Jacques O'Sullivan, the tenor's son, did not live to witness the publication.

*Paris Under Construction* Jacob Paskins, 2015-12-07 During the 1960s, building sites in Paris became spaces that expressed preoccupations about urban transformation, labour immigration and national identity. As new buildings and infrastructure changed the city, building sites revealed the substandard living and working conditions of migrant construction workers in France. Moreover, construction was the touchstone in debates about the dangers of urban life, and triggered action in communities whose districts faced demolition. *Paris Under Construction* explores the social, political and cultural responses to construction work and urban transformation in the Paris

metropolitan region during the 1960s. This examination of a decade of intensive building work considers the ways in which the experience of construction was mediated, produced and reproduced through a range of complex and sometimes contradictory representations. The building sites that produced the new Paris are no longer visible, and were perhaps never intended to be seen, yet different groups closely observed and recorded construction, giving it meanings that went beyond specific building activities. The research draws extensively on French newspaper, television and radio archives, and delves into rarely examined trade union material. *Paris Under Construction* gives voice to the witnesses of—and participants in—urban transformation who are usually excluded from architectural and urban history.

Protean Selves Adrienne Angelo, 2014-08-20 What does it mean to write “I” in postmodern society, in a world in which technological advances and increased globalization have complicated notions of authenticity, origins, and selfhood? Under what circumstances and to what extent do authors lend their scriptural authority to fictional counterparts? What role does naming, or, conversely, anonymity play vis-à-vis the writing and written “I”? What aspects of identity are subject to (auto)fictional manipulations? And how do these complicated and multilayered narrating selves problematize the reader’s engagement with the text? Seeking answers to these questions, *Protean Selves* brings together essays which explore the intricate relations between language, self, identity, otherness, and the world through the analysis of the forms and uses of the first-person voice. Written by specialists of a variety of approaches and authors from across the world, the studies in this volume follow up a number of critical inquiries on the thorny problematic of self-representation and the representation of the self in contemporary French and francophone literatures, and extend the theoretical analysis to narratives and authors who have gained increasing commercial and academic visibility in the twenty-first century.

Champlain Raymonde Litalien, Denis Vaugeois, 2004-11-17 This book is the definitive reference on Champlain and the birth of French America. It discusses not only the beginnings of L'Acadie, its development, and the difficulties of colonization but also looks at France during Champlain's time and analyses how he has been remembered. Lavishly illustrated, Champlain brings together the thirty-two maps attributed to him, reproduced for the first time in colour, as well as illustrations of numerous rare artifacts, documents, and a selection of drawings by Champlain. A tenacious, multitalented individual, Samuel de Champlain was a cartographer, an explorer, and, ultimately, governor of the French colonies in the new world. His extensive writings, largely relating to his voyages, include the only known accounts of the Laurentian colony during the first quarter of the seventeenth century. Contributors include Bernard Allaire, Pauline Arseneault, Bernard Barbiche, Maurice Basque, Alain Beaulieu, Pierre Berthiaume, Gervais Carpin, Jean-Pierre Chrestien, Edward H. Dahl, Dominique Deslandres, John Dickinson, Nathalie Fiquet, François-Marc Gagnon, Gaétan Gervais, Laura Giraudo, Jean Glénisson, Jean-Yves Grenon, Patrice Groulx, Conrad E. Heidenreich, Cornelius Jaenen, Robert Larocque, Frank Lestringant, Raymonde Litalien, Nancy Marcotte, Denis Martin, Paul-Louis Martin, Christian Morissonneau, François Moureau, Étienne Taillemite, Éric Thierry, Marcel Trudel, and Laurier Turgeon.

**Girls in French and Francophone Literature and Film** Daniela Di Cecco, 2015-06-24 *Girls in French and Francophone Literature and Film* is a collection of essays focusing on constructions of girlhood in French and Francophone Literature and Film from the late-Nineteenth to the early-Twenty-First centuries.

*Finding the Woman Who Didn't Exist* Melanie C. Hawthorne, 2020-03-01 Gisèle d'Estoc was the pseudonym of a nineteenth-century French woman writer and, it turns out, artist who, among other things, was accused of being a bomb-planting anarchist, the cross-dressing lover of writer Guy de Maupassant, and the fighter of at least one duel with another woman, inspiring Bayard's famous painting on the subject. The true identity of this enigmatic woman remained unknown and was even considered fictional until recently, when Melanie C. Hawthorne resurrected d'Estoc's discarded story from the annals of forgotten history. *Finding the Woman Who Didn't Exist* begins with the claim by expert literary historians of France on the eve of World War II that the woman then known only as Gisèle d'Estoc was merely a hoax. More than fifty years later, Hawthorne not only proves that she did exist but also uncovers details about her fascinating life and career, along the way adding to our understanding of nineteenth-century France, literary culture, and gender identity. Hawthorne explores the intriguing life of the real d'Estoc, explaining why others came to doubt the experts and following the threads of evidence that the latter overlooked. In focusing on how narratives are shaped for particular audiences at particular times, Hawthorne also tells the story of the story, which reveals how the habits of thought fostered by the humanities continue to matter beyond the halls of academe.

*Joie de Vivre* Harriet Welty Rochefort, 2012-10-02 An engaging exploration of the style that permeates all things French—perfect for anyone looking to achieve that classic French flair For Harriet Welty Rochefort, an American who has lived in France for many years with her very French husband, it's clear that the French truly are singular in the way they live, act, and think—from the lightness of their pastries to the refinement of their Hermes scarves. They simply exude a certain *je ne sais quoi* that is a veritable art form. The French revel in the moment, appreciate the time spent in preparing a perfect feast, pay attention to the slightest detail—whether flowers on the table or a knockout accessory on a simple outfit—and work hard when not enjoying their (considerable) leisure time without an ounce of guilt. Their *joie de vivre* can come where you least expect it: for the French it's better to have a *chagrin d'amour* than no amour at all, and for the Frenchman a day without discord is a day without a kick. They have fun (yes, fun !) when they fuss and feud, squabble and shrug. When it comes to *joie de vivre*, Harriet is convinced the French are unbeatable. With good humor and genuine affection for the prickly, paradoxical, and pleasure-seeking Gauls, she takes the reader on her own personal journey through the often byzantine French mindset, sharing tips and tricks such as how to diet like a Frenchwoman and project confidence like a true Parisienne. In her signature warm, witty, and entertaining voice, Harriet shows how *joie de vivre* permeates the French way of life, precisely because it doesn't include a pursuit of happiness. Fortunately, she discovered, you don't have to pursue happiness in France. It pursues you.

**The Diary** Batsheva Ben-Amos, Dan Ben-Amos, 2020 The diary as a genre is found in all literate societies, and these

autobiographical accounts are written by persons of all ranks and positions. The Diary offers an exploration of the form in its social, historical, and cultural-literary contexts with its own distinctive features, poetics, and rhetoric. The contributors to this volume examine theories and interpretations relating to writing and studying diaries; the formation of diary canons in the United Kingdom, France, United States, and Brazil; and the ways in which handwritten diaries are transformed through processes of publication and digitization. The authors also explore different diary formats including the travel diary, the private diary, conflict diaries written during periods of crisis, and the diaries of the digital era, such as blogs. The Diary offers a comprehensive overview of the genre, synthesizing decades of interdisciplinary study to enrich our understanding of, research about, and engagement with the diary as literary form and historical documentation.

The Existential Phenomenology of Simone de Beauvoir Wendy O'Brien, Lester Embree, 2013-06-29 While earlier research considered Simone de Beauvoir in the perspectives of Existentialism or Feminism, this work is the first to emphasize her reflective and descriptive approach and the full range of issues she addresses. There are valuable chapters and sections that are historical and/or comparative, but most of the contents of this work critically examine Beauvoir's views on old age (whereon she is the first phenomenologist to work), biology, gender, ethics, ethnicity (where she is among the first), and politics (again among the first). Besides their systematic as well as historical significance, these chapters show her philosophy as on a par with those of Merleau-Ponty and Jean-Paul Sartre in quality, richness and distinctiveness of problematics, and the penetration of her insight into collective as well as individual human life within the socio-historical world.

Interior decorating in nineteenth-century France Anca I. Lasc, 2018-07-16 This book explores the beginnings of the interior design profession in nineteenth-century France. Drawing on a wealth of visual sources, from collecting and advice manuals to pattern books and department store catalogues, it demonstrates how new forms of print media were used to 'sell' the idea of the unified interior as a total work of art, enabling the profession of interior designer to take shape. In observing the dependence of the trades on the artistic and public visual appeal of their work, the book establishes crucial links between the fields of art history, material and visual culture, and design history.

**Marginal Voices, Marginal Forms** Langford, 2023-11-27 Diaristic writing has often been relegated to the fringes of literary studies as a marginal cultural activity. This volume seeks to challenge that marginality by exploring some of the wide-ranging forms of literary practice encompassed by diaristic writing in Europe from the

Renaissance to the present day. The volume deals with questions of the value and status of the diary, of the functioning of the diary in society and history, and of the reception and interpretation of the multifarious forms of first-person daily writing. The volume investigates diaries across national borders and linguistic boundaries, so as to make the hitherto marginal place of the private journal a site of fruitful interdisciplinary encounters. Australian, British, Catalan, French, German and Italian critics examine diaries dating from the sixteenth to the twentieth century, within the context of the literature, history and literary history of Catalonia, England, France, Germany and Italy. A prime concern of the essays in this collection is to highlight the cultural, generic and historical diversity of the diary, while emphasising the points of convergence between different texts and differing critical approaches to the texts. The volume will be of interest to students and teachers of European and comparative literature.

**Flowers: Art & Bouquets** Sixtine Dubly, Carlos Mota, 2016-05-01 Be it a single delicate bud in a simple clear vase or an explosion of colorful blossoms, a brilliant bouquet accents an atmosphere and brightens the mood like nothing else. The beauty of flowers has inspired artists, designers, poets, and myriad other creators for centuries: the Dutch masters of the 1600s and impressionist painters from Manet to Van Gogh, photographer Robert Mapplethorpe, botanical illustrator Georg Dionysius Ehret, even the inimitable Andy Warhol. *Flowers: Art & Bouquets* showcases a glorious profusion of floral images and interpretations across a spectrum of artistic media and time periods. Design writer Sixtine Dubly chronicles the evolution of floral design in this remarkable compendium, which also features stunning work by more than forty contemporary floral artists in London, Paris, and New York, from minimalist to elaborate. This treasury of gorgeous imagery blooms in resplendent color before the reader's eyes.

The Omnibus Elizabeth Amann, 2023-05-10 The introduction of omnibus services in the late 1820s revolutionised urban life in Paris, London and many other cities. As the first form of mass transportation—in principle, they were ‘for everyone’—they offered large swaths of the population new ways of seeing both the urban space and one another. This study examines how the omnibus gave rise to a vast body of cultural representations that probed the unique social experience of urban transit. These representations took many forms—from stories, plays and poems to songs, caricatures and paintings—and include works by many well-known artists and authors such as Picasso and Pissarro and Charles Dickens, Wilkie Collins and Guy de Maupassant. Analysing this corpus, the book explores how the omnibus and horse-drawn tram functioned in the cultural imagination of the nineteenth century and looks at the types of stories and values that were projected upon them. The study is comparative in approach and considers issues of gender, class and politics, as well as genre and narrative technique.

*The Good Life in the Scientific Revolution* Matthew L. Jones, 2008-09-15 Amid the unrest, dislocation, and uncertainty of seventeenth-century Europe, readers seeking consolation and assurance turned to philosophical and scientific books that offered ways of conquering fears and training the mind—guidance for living a good life. *The Good Life in the Scientific Revolution* presents a triptych showing how three key early modern scientists, René

Descartes, Blaise Pascal, and Gottfried Leibniz, envisioned their new work as useful for cultivating virtue and for pursuing a good life. Their scientific and philosophical innovations stemmed in part from their understanding of mathematics and science as cognitive and spiritual exercises that could create a truer mental and spiritual nobility. In portraying the rich contexts surrounding Descartes' geometry, Pascal's arithmetical triangle, and Leibniz's calculus, Matthew L. Jones argues that this drive for moral therapeutics guided important developments of early modern philosophy and the Scientific Revolution.

*The Public Image of Eastern Orthodoxy* Heather L. Bailey, 2020-06-15 Focusing on the period between the revolutions of 1848-1849 and the First Vatican Council (1869-1870), *The Public Image of Eastern Orthodoxy* explores the circumstances under which westerners, concerned about the fate of the papacy, the Ottoman Empire, Poland, and Russian imperial power, began to conflate the Russian Orthodox Church with the state and to portray the Church as the political tool of despotic tsars. As Heather L. Bailey demonstrates, in response to this reductionist view, Russian Orthodox publicists launched a public relations campaign in the West, especially in France, in the 1850s and 1860s. The linchpin of their campaign was the building of the impressive Saint Alexander Nevsky Church in Paris, consecrated in 1861. Bailey posits that, as the embodiment of the belief that Russia had a great historical purpose inextricably tied to Orthodoxy, the Paris church both reflected and contributed to the rise of religious nationalism in Russia that followed the Crimean War. At the same time, the confrontation with westerners' negative ideas about the Eastern Church fueled a reformist spirit in Russia while contributing to a better understanding of Eastern Orthodoxy in the West.

**France and the Mass Media** Nicholas Hewitt, Brian Rigby, 1991-09-12 In this volume specialists from Britain and France adopt a fresh approach to the study of French culture since 1945 by focusing on the mass media and on a whole range of popular cultural forms. As well as introducing English-speaking readers to such new fields as French radio, television, science fiction and popular song, this volume also highlights how the French themselves responded to the growing importance of the mass media in postwar France.

*Historical Etiquette* Annick Paternoster, 2022-12-06 This book is a groundbreaking study of etiquette in the nineteenth century when the success of etiquette books reached unprecedented heights in Britain, France, Italy, the Netherlands, and the United States. It positions etiquette as a fully-fledged theoretical concept within the fields of politeness studies and historical pragmatics. After tracing the origin of etiquette back to Spanish court protocol, the analysis takes a novel approach to key aspects of etiquette: its highly coercive and intricate scripts; the liminal rituals of social gatekeeping; the fear for blunders; the obsession with precedence. Interrogating the complex relationship between historical etiquette and adjacent notions of politeness, conduct, morality, convention, and ritual, the study prompts questions on gender stereotyping and class privilege surrounding the present-day etiquette revival. Through adopting a unique comparative approach and a corpus-based methodology this study seeks to revitalise our understandings of etiquette. This book will be of interest to scholars of historical linguistics and pragmatics, as well as those in neighbouring fields such as literary

criticism, gender studies and family life, domestic and urban spaces.
