David Patrikarakos

War in 140 Characters David Patrikarakos, 2017-11-14 A leading foreign correspondent looks at how social media has transformed the modern battlefield, and how wars are fought Modern warfare is a war of narratives, where bullets are fired both physically and virtually. Whether you are a president or a terrorist, if you don't understand how to deploy the power of social media effectively you may win the odd battle but you will lose a twenty-first century war. Here, journalist David Patrikarakos draws on unprecedented access to key players to provide a new narrative for modern warfare. He travels thousands of miles across continents to meet a de-radicalized female member of ISIS recruited via Skype, a liberal Russian in Siberia who takes a job manufacturing Ukrainian news, and many others to explore the way social media has transformed the way we fight, win, and consume wars-and what this means for the world going forward.

The Society of the Selfie Jeremiah Morelock, Felipe Ziotti Narita, 2021-12-14 This book explores how the Internet is connected to the global crisis of liberal democracy. Today, self-promotion is at the heart of many human relationships. The selfie is not just a social media gesture people love to hate. It is also a symbol of social reality in the age of the Internet. Through social media people have new ways of rating and judging themselves and one another, via metrics such as likes, shares, followers and friends. There are new thirsts for authenticity, outlets for verbal aggression, and social problems. Social media culture and neoliberalism dovetail and amplify one another, feeding social estrangement. With neoliberalism, psychosocial wounds are agitated and authoritarianism is provoked. Yet this new sociality also inspires resistance and political mobilisation. Illustrating ideas and trends with examples from news and popular culture, the book outlines and applies theories from Debord, Foucault, Fromm, Goffman, and Giddens, among others. Topics covered include the global history of communication technologies, personal branding, echo chamber effects, alienation and fear of abnormality. Information technologies provide channels for public engagement where extreme ideas reach farther and faster than ever before, and political differences are widened and inflamed. They also provide new opportunities for protest and resistance.

“Slava Ukraini!” Ilmari Käihkö, 2023-12-06 “Slava Ukraini!” Strategy and the Spirit of Ukrainian Resistance tells the story of the volunteers lauded to have saved Ukraine twice. The volunteers first emerged in the spring of 2014 after the onset of the war in Donbas in a context characterized by ambiguity, state weakness, political uncertainty, and threat. They re-emerged again in February 2022 after the large-scale Russian invasion. Aimed at an interdisciplinary audience, this volume makes significant contributions to our understanding of events in Ukraine over the past decade. Based on ethnographic fieldwork with volunteer battalion fighters, the volume focuses on strategy, or the creation, control, and use of force. This framework is first applied to the volunteer militias to further the understanding of militia strategy conducted after 2014, and then to the first year and a half that followed the Russian invasion in 2022. “Slava Ukraini!” also discusses the long-term sociological impact of volunteer battalions and the war they fought in Ukraine. The Ukrainian spirit of resistance emerged first on the Maidan in November 2013, ignited the volunteer Spirit of 2014 after the Russian invasion and annexation of Crimea, and ultimately flared-up on a national scale in a manner which surprised the invading Russian forces in 2022. Yet initially the volunteers may also have exacerbated internal divisions in Ukraine. The Spirit of 2014 was also better suited to a war of movement than immobile trench warfare that left little room for heroism and aggressive soldiering. Unrealistic expectations about modern warfare led to disillusionment, and many volunteers leaving the war in 2015. The perceived stalemate and lack of Ukrainian soldiers by late 2023 raised the question of a similar dynamic witnessed in 2014 and 1914 alike.

Hate in the Homeland Cynthia Miller-Idriss, 2022-01-11 Hate in the Homeland shows how tomorrow's far-right nationalists are being recruited in surprising places. Cynthia Miller-Idriss shows how far-right groups are swelling their ranks and developing their cultural, intellectual, and financial capacities in a variety of mainstream settings, from college campuses to YouTube cooking channels. Essential for understanding the tactics and underlying ideas of modern far-right extremism, this eye-opening book takes readers into the mainstream spaces where today's far right is engaging and ensnaring young people, and reveals innovative strategies we can use to combat extremist radicalization. -- From publisher's description.

The Russia-Ukraine War Viktoriya Fedorchak, 2024-03-19 This book provides a systematic analysis of the Russian-Ukraine war, using the concept of resilient fighting power to assess the operational performance of both sides during the first year of the full-scale invasion. The Russian war in Ukraine began in 2014 and continued for eight years, before the full-scale invasion of 24 February 2022. It is not a new war, but the intensity of the warfighting revived many discussions about the conduct of inter-state warfare, which has not been seen in Europe for decades. This book does not aim to offer an exhaustive operational analysis of the war, but rather provides a preliminary systematic analysis across various domains of warfare using the concept of fighting power to assess the operational performance of both sides. First, the book discusses the conceptual component and the post-Cold War adaptations of the Soviet strategic tradition by both the Ukrainian and the Russian Armed Forces. Following that, it gives an evaluation of the various aspects of warfighting in the land, air, maritime and cyber domains. Then, the book examines the role of international allied assistance, sanctions and weapons delivery in strengthening the resilience of the Ukrainian Armed Forces. The book concludes with some comments on the role of inter-state warfare in the current strategic environment and future warfare. This book will be of much interest to students of military and strategic studies, defence studies, foreign policy, Russian studies and international relations.

After Newspeak Michael S. Gorham, 2014-04-17 In After Newspeak, Michael S. Gorham presents a cultural history of the politics of Russian language from Gorbachev and glasnost to Putin and the emergence of new generations of Web technologies. Gorham begins from the premise that periods of rapid and radical change both shape and are shaped by language. He documents the role and fate of the Russian language in the collapse of the USSR and the decades of reform and national reconstruction that have followed. Gorham demonstrates the inextricable linkage of language and politics in everything from dictionaries of profanity to the flood of publications on linguistic self-help, the speech patterns of the country's leaders, the blogs of its bureaucrats, and the official programs promoting the use of Russian in the so-called near abroad. Gorham explains why glasnost figured as such a critical rhetorical battleground in the political strife that led to the Soviet Union's collapse and shows why Russians came to deride the newfound freedom of speech of the 1990s as little more than the right to swear in public. He assesses the impact of Medvedev's role as Blogger-in-Chief and the role Putin's vulgar speech practices played in the restoration of national pride. And he investigates whether Internet communication and new media technologies have helped to consolidate a more vibrant democracy and civil society or if they serve as an additional resource for the political technologies manipulated by the Kremlin.

Practical Cloud Security Melvin B. Greer, Jr., Kevin L. Jackson, 2016-08-05 Melvin Greer and Kevin Jackson have assembled a comprehensive guide to industry-specific cybersecurity threats and provide a detailed risk management framework required to mitigate business risk associated with the adoption of cloud computing. This book can serve multiple purposes, not the least of which is documenting the breadth and severity of the challenges that today's enterprises face, and the breadth of programmatic elements required to address these challenges. This has become a boardroom issue: Executives must not only exploit the potential of information technologies, but manage their potential risks. Key Features • Provides a cross-industry view of contemporary cloud computing security challenges, solutions, and lessons learned • Offers clear guidance for the development and execution of industry-specific cloud computing business and cybersecurity strategies • Provides insight

into the interaction and cross-dependencies between industry business models and industry-specific cloud computing security requirements

Culture and Economy in the Age of Social Media Christian Fuchs, 2015-01-09 Understanding social media requires us to engage with the individual and collective meanings that diverse stakeholders and participants give to platforms. It also requires us to analyse how social media companies try to make profits, how and which labour creates this profit, who creates social media ideologies, and the conditions under which such ideologies emerge. In short, understanding social media means coming to grips with the relationship between culture and the economy. In this thorough study, Christian Fuchs, one of the leading analysts of the Internet and social media, delves deeply into the subject by applying the approach of cultural materialism to social media, offering readers theoretical concepts, contemporary examples, and proposed opportunities for political intervention. Culture and Economy in the Age of Social Media is the ultimate resource for anyone who wants to understand culture and the economy in an era populated by social media platforms such as Twitter, Facebook, and Google in the West and Weibo, Renren, and Baidu in the East. Updating the analysis of thinkers such as Raymond Williams, Karl Marx, Ferruccio Rossi-Landi, and Dallas W. Smythe for the 21st century, Fuchs presents a version of Marxist cultural theory and cultural materialism that allows us to critically understand social media's influence on culture and the economy.

Transnational Russian Studies Andy Byford, Connor Doak, Stephen Hutchings, 2020-02-07 This book focuses on how Russia has perpetually redefined Russianness in reaction to the wider world. Treating culture as an expanding field, it offers original case studies in Russia's imperial entanglements; the life of things 'Russian', including the language, beyond the nation's boundaries, and Russia's positioning in the globalized world.

The Palgrave Handbook of Digital Russia Studies Daria Gritsenko, Mariëlle Wijermars, Mikhail Kopotev, 2020-12-15 This open access handbook presents a multidisciplinary and multifaceted perspective on how the 'digital' is simultaneously changing Russia and the research methods scholars use to study Russia. It provides a critical update on how Russian society, politics, economy, and culture are reconfigured in the context of ubiquitous connectivity and accounts for the political and societal responses to digitalization. In addition, it answers practical and methodological questions in handling Russian data and a wide array of digital methods. The volume makes a timely intervention in our understanding of the changing field of Russian Studies and is an essential guide for scholars, advanced undergraduate and graduate students studying Russia today.

Disinformation, Narratives and Memory Politics in Russia and Belarus Agnieszka Legucka, Robert Kupiecki, 2022-07-05 This book examines the ways in which Russia and Belarus use disinformation, weaponised historical narratives, and the politics of memory for domestic and foreign policy purposes, utilising these factors to justify aggressive foreign policy in defensive terms and, domestically, for legitimating local ruling elites, consolidating the states' propaganda machines, and mobilising both societies around national power centres. Besides analysing Russian and Belarusian disinformation, geopolitical narratives, and policies, the book also assesses the effectiveness of these measures and discusses how the West can counteract the geopolitical narratives disseminated by Russia and Belarus that attempt to undermine Western democracies and weaken the resilience of its societies.

Beyond the Protest Square Tetyana Lokot, 2021-03-16 This book examines how citizens use digital social media to engage in public discontent and offers a critical examination of the hybrid reality of protest where bodies, spaces and technologies resonate. It argues that the augmented reality of protest goes beyond the bodies, the tents, and the cobblestones in the protest square, incorporating live streams, different time zones, encrypted conversations, and simultaneous translation of protest updates into different languages. Based on more than 60 interviews with protest participants and ethnographic analysis of online content in Ukraine and Russia, it examines how citizens in countries with limited media freedom and corrupt authorities perceive the affordances of digital media for protest and how these enable or limit protest action. The book provides a nuanced contribution to debates about the role of digital media in contentious politics and protest events, both in Eastern Europe and beyond.

Audience Jeffrey K. Rohrs, 2013-11-11 Proprietary audience development is now a core marketing responsibility. Every company needs audiences to survive. They are where you find new customers and develop more profitable relationships. And yet, most companies today treat their email, mobile, and social media audiences like afterthoughts instead of the corporate assets they are. With AUDIENCE, Jeff Rohrs seeks to change this dynamic through adoption of The Audience Imperative. This powerful mandate challenges all companies to use their paid, owned, and earned media to not only sell in the short-term but also increase the size, engagement, and value of their proprietary audiences over the long-term. As content marketing professionals have discovered, the days of "build it and they will come" are long gone. If you're looking for a way to gain a lasting advantage over your competition, look no further and start building your email, Facebook, Google, Instagram, mobile app, SMS, Twitter, website, and YouTube audiences to last.

Lifestyle in Siberia and the Russian North Joachim Otto Habeck, 2019-11-25 Lifestyle in Siberia and the Russian North breaks new ground by exploring the concept of lifestyle from a distinctly anthropological perspective. Showcasing the collective work of ten experienced scholars in the field, the book goes beyond concepts of tradition that have often been the focus of previous research, to explain how political, economic and technological changes in Russia have created a wide range of new possibilities and constraints in the pursuit of different ways of life. Each contribution is drawn from meticulous first-hand field research, and the authors engage with theoretical questions such as whether and how the concept of lifestyle can be extended beyond its conventionally urban, Euro-American context and employed in a markedly different setting. Lifestyle in Siberia and the Russian North builds on the contributors' clear commitment to diversifying the field and providing a novel and intimate insight into this vast and dynamic region. This book provides inspiring reading for students and teachers of Anthropology, Sociology and Cultural Studies and for anyone interested in Russia and its regions. By providing ethnographic case studies, it is also a useful basis for teaching anthropological methods and concepts, both at graduate and undergraduate level. Rigorous and innovative, it marks an important contribution to the study of Siberia and the Russian North.

Consumer Culture, Branding and Identity in the New Russia Graham H.J. Roberts, 2016-04-14 As shopping has been transformed from a chore into a major source of hedonistic pleasure, a specifically Russian consumer culture has begun to emerge that is unlike any other. This book examines the many different facets of consumption in today's Russia, including retailing, advertising and social networking. Throughout, emphasis is placed on the inherently visual - not to say spectacular - nature both of consumption generally, and of Russian consumer culture in particular. Particular attention is paid to the ways in which brands, both Russian and foreign, construct categories of identity in order to claim legitimacy for themselves. What emerges is a fascinating picture of how consumer culture is being reinvented in Russia today, in a society which has one, nostalgic eye turned towards the past, and the other, utopian eye, set firmly on the future. Borrowing concepts from both marketing and cultural studies, the approach throughout is interdisciplinary, and will be of considerable interest, to researchers, students and practitioners wishing to gain invaluable insights into one of the most lucrative, and exciting, of today's emerging markets.

Youth Culture and the Media Bill Osgerby, 2020-09-29 This expansive, lively introduction charts the connections between international youth cultures and the development of global media and communication. From 1950s drive-ins and jukeboxes to contemporary social media, the book examines modern youth cultures in their social, economic, and political contexts. Exploring the rise of young people as a distinct media market, the book examines the relation of youth to modern consumerism,

marketing, and digital technologies. The chapters are packed with analysis of media representations of youth, debates about the media’s 'effects' on young audiences, and young people’s use of the media to elaborate identities and negotiate social relationships. Drawing on a wealth of international examples, the book explores the impact of globalisation and new media technologies on youth cultures around the world. Assessing a profusion of worldwide research, the book shows how modern youth cultures can only be understood as part of an international web of connections, exchanges, and experiences. With an ideal balance between detailed examples and engaging analysis, this book is a must-read for anyone interested in youth cultures and the modern media.

Promoting Global Competencies Through Media Literacy Yildiz, Melda N.,Funk, Steven S.,De Abreu, Belinha S.,2017-11-30 It is imperative that the 21st century population develops media literacy competence at several levels. Schools possess a crucial role in achieving these competencies and as such, teachers need to be equipped with effective methods and training. Promoting Global Competencies Through Media Literacy is an advanced reference publication featuring the latest scholarly research on transdisciplinary and transformative assessment practices from primary-level to university-level educational settings. Including coverage on a broad range of topics such as digital storytelling, virtual environment, and cross-cultural communication, this book is ideally designed for academicians, researchers, and librarians seeking current research on current trends in media literacy in educational settings.

Authoritarian Modernization in Russia Vladimir Gel'man,2016-08-12 Post-Communist Russia is an instance of the phenomenon of authoritarian modernization project, which is perceived as a set of policies intended to achieve a high level of economic development, while political freedoms remain beyond the current modernization agenda or are postponed to a distant future. Why did Russia (unlike many countries of post-Communist Europe) pursue authoritarian modernization after the Soviet collapse? What is the ideational agenda behind this project and why does it dominate Russia’s post-Communist political landscape? What are the mechanisms of political governance, which maintain this project and how have they adopted and absorbed various democratic institutions and practices? Why has this project brought such diverse results in various policy arenas, and why have the consequences of certain policies become so controversial? Why, despite so many controversies, shortcomings and flaws, has this project remained attractive in the eyes of a large proportion of the Russian elite and ordinary citizens? This volume intended to place some of these questions on the research agenda and propose several answers, encouraging further discussions about the logic and mechanisms of the authoritarian modernization project in post-Communist Russia and its effects on Russia’s politics, economy, and society.

Pop Culture in Europe Juliana Tzvetkova,2017-10-12 A fascinating survey of popular culture in Europe, from Celtic punk and British TV shows to Spanish fashion and Italian sports. From One Direction and Adele to Penelope Cruz and Alexander Skarsgard, many Europeans are becoming household names in the United States. This ready-reference guide covers international pop culture spanning music, literature, movies, television and radio, the Internet, sports, video games, and fashion, from the mid-20th century through the present day. The organization of the book—with entries arranged alphabetically within thematic chapters—allows readers to quickly find the topic they are seeking. Additionally, indexing allows for cross-cultural comparisons to be made between pop culture in Europe to that of the United States. An extensive chronology and lengthy introduction provide important contextual information, such as the United States' influence on movies, music, and the Internet; the effect of censorship on Internet and social media use; and the history of pop culture over the years. Topics feature key musicians, songs, books, actors and actresses, movies and television shows, popular websites, top athletes, games, clothing fads and designers, and much more.

Beyond Networks Oliver Bakewell,Godfried Engbersen,Maria Lucinda Fonseca,Cindy Horst,2016-04-29 This edited volume explores migration movements to Norway, the Netherlands, the United Kingdom and Portugal from Brazil, Morocco and Ukraine, focusing on how the migration processes of yesterday influence those of today. The central analytical tool for this undertaking is the concept of feedback. This volume identifies various feedback mechanisms that initiate, perpetuate and reverse migration movements. It pays attention to the role of personal networks, but it also moves beyond networks by analysing the role of institutions, macro-level factors and forms of broadcast feedback operating through impersonal channels. Based on extensive surveys and in-depth interviews, it changes our understanding of how and why patterns of international migration change over time.

Vkontakte 142 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Vkontakte 142 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Vkontakte 142 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience

with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Vkontakte 142 free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Vkontakte 142. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Vkontakte 142 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Vkontakte 142 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Vkontakte 142 is one of the best book in our library for free trial. We provide copy of Vkontakte 142 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Vkontakte 142. Where to download Vkontakte 142 online for free? Are you looking for Vkontakte 142 PDF? This is definitely going to save

you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Vkontakte 142. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Vkontakte 142 are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Vkontakte 142. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Vkontakte 142 To get started finding Vkontakte 142, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Vkontakte 142 So depending on what exactly you are searching, you will be able tochoose ebook to suit your own need. Thank you for reading Vkontakte 142. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Vkontakte 142, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Vkontakte 142 is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Vkontakte 142 is universally compatible with any devices to read.
