The fourth edition of this Dictionary is well illustrated and written with easy to understand definitions. The book is oriented for fast delivery of meaning and definitions, with the emphasis on simplicity and practicality. We have prepared a practical book whose function, at the bottom line, is to assist in communication and to help develop vocabulary. A new chapter on refractive surgery has been added to this rapidly expanding subspecialty. Imaging words such as OCT have been added. French Verbs Hermes Language Reference, 101 This book is an intensive lexical builder for French verbs. The first part presents the most common French verbs, embedded in sentences, thereby appealing to both short-term and long term memory and ensuring rapid and stable memorization. This lexical builder is addressed mainly to beginner learners; however, intermediate learners could also profit from it, since the sentences are lexically rich and care has been taken to highlight numerous idiomatic expressions in which the common verbs take part, as well as their informal uses. After the lexical builder, readers can further exercise their knowledge of verbs with a short story by Guy de Maupassant - 'The Legion of Honour'/' Décoré' - published in 1883 and translated in English in 1903 by Albert M.C. McMaster. The story is presented in a bilingual, juxta-paragraph translation - French sentences or phrases are immediately followed by translation. Both Maupassant's story and its the English translation, are now public domain.
