**PINEVOL** Daniel J. Leduc,2006 Taper functions describe a model of the actual geometric shape of a tree. When this shape is assumed to be known, volume by any log rule and to any merchantability standard can be calculated. PINEVOL is a computer program for calculating the volume of the major southern pines using species-specific bole taper functions. It can use the Doyle, Scribner, or International -inch log rules or calculate solid wood volume inside or outside of bark. This document describes the methods used in volume calculation in PINEVOL and is a program users guide.

The Beast and His Number (666) On the Calculator John R. Garay,2023-12-14 About the Book The Beast and His Number (666) On the Calculator was written for the expressed purpose of compiling more data amongst the readers of those who have a mathematical mind, and who are of a religious nature. This compendium shows how to derive the Beast's number, 666, and other relevant numbers pertaining to the number 666. 666 is, of course, the Antichrist's number, and His rise in today's societies is becoming more prevalent right before our eyes! The Beast's number is cleverly hidden on the keypads: of calculators and iPhones as a subliminal number that goes directly into the mind of the person who looks upon the keypad! The subconscious mind can add, and subtract, and can come up with the number 666. Since the subconscious mind accepts this number, the conscious mind tends to accept it as well. It is written in Revelation of the Holy Bible that whoever accepts this number will not be found in the Lamb's Book of Life, but God's wrath abides on them! About the Author John R. Garay was in the Navy for six years, stationed in Guam. He belonged to the Fleet Ballistic Missile Program. As a 3rd class petty officer, his duties were wide and varied. His job was to see that the Polaris missile was ready to fly. Garay's education in the Navy was very intensive in electronics, and computer logic. He spent most of his free time on his hobby, which was electronics, until he moved to the Ohio Veterans Home.
