The Man Who Knew Sebastian Mallaby,2017-12-05 WINNER OF THE 2016 FT & MCKINSEY BUSINESS BOOK OF THE YEAR AWARD, this is the biography of one of the titans of financial history over the last fifty years. Born in 1926, Alan Greenspan was raised in Manhattan by a single mother and immigrant grandparents during the Great Depression but by quiet force of intellect, rose to become a global financial 'maestro'. Appointed by Ronald Reagan to Chairman of the Federal Reserve, a post he held for eighteen years, he presided over an unprecedented period of stability and low inflation, was revered by economists, adored by investors and consulted by leaders from Beijing to Frankfurt. Both data-hound and eligible society bachelor, Greenspan was a man of contradictions. His great success was to prove the very idea he, an advocate of the Gold standard, doubted: that the discretionary judgements of a money-printing central bank could stabilise an economy. He resigned in 2006, having overseen tumultuous changes in the world's most powerful economy. Yet when the great crash happened only two years later many blamed him, even though he had warned early on of irrational exuberance in the market place. Sebastian Mallaby brilliantly shows the subtlety and complexity of Alan Greenspan's legacy. Full of beautifully rendered high-octane political infighting, hard hitting dialogue and stories, *The Man Who Knew* is superbly researched, enormously gripping and the story of the making of modern finance.

The World's Banker Sebastian Mallaby,2006-04-25 Never has the World Bank's relief work been more important than in the last nine years, when crises as huge as AIDS and the emergence of terrorist sanctuaries have threatened the prosperity of billions. This journalistic masterpiece by Washington Post columnist Sebastian Mallaby charts those controversial years at the Bank under the leadership of James Wolfensohn—the unstoppable power broker whose daring efforts to enlarge the planet's wealth in an age of globalization and terror were matched only by the force of his polarizing personality. Based on unprecedented access to its subject, this captivating tour through the messy reality of global development is that rare triumph—an emblematic story through which a gifted author has channeled the spirit of the age. This edition features a new afterword by the author that analyzes the appointment of Paul Wolfowitz as Wolfensohn's successor at the World bank

Startup Boards Brad Feld,Mahendra Ramsinghani,2013-12-09 An essential guide to understanding the dynamics of a startup's board of directors Let's face it, as founders and entrepreneurs, you have a lot on your plate—getting to your minimum viable product, developing customer interaction, hiring team members, and managing the accounts/books. Sooner or later, you have a board of directors, three to five (or even seven) Type A personalities who seek your attention and at times will tell you what to do. While you might be hesitant to form a board, establishing an objective outside group is essential for startups, especially to keep you on track, call you out when you flail, and in some cases, save you from yourself. In *Startup Boards*, Brad Feld—a Boulder, Colorado-based entrepreneur turned-venture capitalist—shares his experience in this area by talking about the importance of having the right board members on your team and how to manage them well. Along the way, he shares valuable insights on various aspects of the

board, including how they can support you, help you understand your startup's milestones and get to them faster, and hold you accountable. Details the process of choosing board members, including interviewing many people, checking references, and remembering that there should be no fear in rejecting a wrong fit Explores the importance of running great meetings, mixing social time with business time, and much more Recommends being a board member yourself at some other organization so you see the other side of the equation Engaging and informative, Startup Boards is a practical guide to one of the most important pieces of the startup puzzle.

Untouchable Randall Sullivan,2012-11-06 The investigative biography of Michael Jackson's final years: "A tale of family, fame, lost childhood, and startling accusations never heard before" (ABC Nightline). When Michael Jackson died on June 25, 2009, millions of fans around the world were shocked. But the outpouring of emotion that followed his loss was bittersweet. Dogged by scandal for years and undone by financial mismanagement, Jackson had become untouchable in many quarters. Untouchable pulls back the curtain Jackson's public person to introduce a man who, despite his immense fame, spent his entire life utterly alone; who, in the wake of a criminal trial that left him briefly hospitalized, abandoned Neverland to wander the globe before making one final—and fatal—attempt to recover his wealth and reputation. The Jackson that emerges in these pages is both naïve and cunning, a devoted father whose parenting became an international scandal, a shrewd businessman whose failures nearly brought down a megacorporation, and an inveterate narcissist who craved a quiet, normal life. Randall Sullivan delivers never-before-reported information about Jackson's business dealings, his relationship with his family, and the pedophilia allegations that derailed his life and mar his legacy today, as well as the suspicious nature of his death. Based on exclusive access to Jackson's inner circle, Untouchable is an intimate, unflinching portrait of the man who continues to reign as the King of Pop. "A dishy Michael Jackson biography that makes the exhaustively covered King of Pop fascinating all over again."
—People

#BreakIntoVC Bradley Miles,2017-03 The first of its kind, #BreakIntoVC is an essential guide for anyone looking to gain a straightforward knowledge base on the fundamentals of venture capital. Providing research, resources, anecdotes, and information, #BreakIntoVC will help college undergrads make the most of interviews and meetings while demystifying venture capital and making the industry accessible. With a small number of opportunities in venture capital and a growing candidate pool, set yourself up for success by getting the insights from insiders. By reading this book, you'll have a clear understanding of what an incoming analyst in a venture capital firm should know. You'll get the basics of accounting, how to pitch companies and understand valuation techniques from early to late stage companies. If you're exploring the industry or if you're curious about venture investing, #BreakIntoVC is a great book to get you started.

The CDnow Story Jason Olim,Matthew Olim,Peter Kent,1998 In the fall of 1994 twin brothers Jason and Matthew Olim started selling music CDs on the Internet. Here is the amazing story of how two kids in a basement grabbed the on-line music business and in two years time grossed an annual \$16 million.

Captivology Ben Parr,2015-03-03 The former editor of Mashable and cofounder of DominateFund examines the psychological phenomena that captivate our attention—and how we can leverage them to draw and retain attention for our ideas, work, companies, and more. Whether you're an artist or a salesperson, a teacher or an engineer, a marketer or a parent—putting the spotlight on your ideas, insights, projects and products requires a deep understanding of the science of attention. In Captivology, award-winning journalist and entrepreneur Ben Parr explains how and why the mind pays attention to some events or people—and not others—and presents seven captivation triggers—techniques guaranteed to help you capture and retain the attention of friends, colleagues, customers, fans, and even strangers. Parr combines the latest research on attention with interviews with more than fifty scientists and visionaries—Facebook's Sheryl Sandberg, film director Steven Soderbergh, LinkedIn CEO Jeff Weiner, magician Jon Armstrong, New York Times bestselling author Susan Cain, Nintendo's Shigeru Miyamoto, founder of Reddit Alexis Ohanian, and more—who have successfully brought their ideas, projects, companies, and products to the forefront of cultural consciousness. The result is an insightful and practical book that will change how you assign jobs to your kids or staff, craft a multi-million dollar ad campaign, deliver your next presentation, attract users to your product, or convince the world to support your cause.

Voteondeals 10 Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Voteondeals 10**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve to the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
