Serbian Paramilitaries and the Breakup of Yugoslavia Iva Vukušić,2022-09-30 This is the first book to offer a comprehensive analysis of the emergence, nature, and function of Serbian paramilitary units during the violent breakup of Yugoslavia. The book investigates the nature and functions of paramilitary units throughout the 1990s, and their ties to the state and President Slobodan Milošević. The work relies on the archives of the International Criminal Tribunal for the former Yugoslavia in The Hague, which conducted dozens of trials relating to paramilitary violence, and records from judicial proceedings in the region. It discusses how and why certain important paramilitary units emerged, how they functioned and transformed through the decade, what their relationships and entanglements were with the state, the Milošević regime, and organized crime. The study thus investigates the interrelated ideological, political, and social factors and processes, fueling paramilitary engagement, and assesses the impact of this engagement on victims of paramilitary violence and on the state and society for which the units purportedly fought. It argues that coordinated action by a number of state institutions gave rise to paramilitaries tasked with altering borders while maintaining plausible deniability for the sponsoring regime. The outsourcing of violence by the state to paramilitaries led to a significant weakening of the very state these units and their sponsors swore to protect. The book also analyzes differences between the units and how they attacked civilians, arguing that the different forms of violence stemmed not only from the function they fulfilled for the state but also the ways in which they were set up and operated. The final chapter brings the different strands of the argument together into a coherent whole, suggesting avenues for further research, in the former Yugoslavia and beyond. This book will be of much interest to students of ethnic conflict and civil war, war crimes, Balkan politics, and International Relations in general.

The Milošević Trial Timothy William Waters,2015 The Milošević Trial - An Autopsy provides a cross-disciplinary examination of one of the most controversial war crimes trials of the modern era and its contested legacy for the growing fields of international criminal law and post-conflict justice. The international trial of Slobodan Milošević, who presided over the violent collapse of Yugoslavia - was already among the longest war crimes trials when Milošević died in 2006. Yet precisely because it ended without judgment, its significance and legacy are specially contested. The contributors to this volume, including trial participants, area specialists, and international law scholars bring a variety of perspectives as they examine the meaning of the trial's termination and its implications for post-conflict justice. The book's approach is intensively cross-disciplinary, weighing the implications for law, politics, and society that modern war crimes trials create. The time for such an examination is fitting, with the imminent closing of the Yugoslav war crimes tribunal and rising debates over its legacy, as well as the 20th anniversary of the outbreak of the Yugoslav conflict. The Milošević Trial - An Autopsy brings thought-provoking insights into the impact of war crimes trials on post-conflict justice.

Burn This House James Ridgeway,2000-10-31 With Muslim, Croatian, and Serbian journalists and historians as contributors, Burn This House portrays the chain of events that led to the recent wars in the heart of Europe. Comprised of critical, nonnationalist voices from the former Yugoslavia, this volume elucidates the Balkan tragedy while directing attention toward the antiwar movement and the work of the independent media that have largely been ignored by the U.S. press. Updated since its first publication in 1997, this expanded edition, more relevant than ever, includes material on new developments in Kosovo. The contributors show that, contrary to descriptions by the Western media, the roots of the warring lie not in ancient Balkan hatreds but rather in a specific set of sociopolitical circumstances that occurred after the death of Tito and culminated at the end of the Cold War. In bringing together these essays, Serbian-born sociologist Jasminka Udovicki and Village Voice Washington correspondent James Ridgeway provide essential historical background for understanding the turmoil in Croatia, Bosnia, and Kosovo and expose the catalytic role played by the propaganda of a powerful few on all sides of what eventually became labeled an ethnic dispute. Burn This House offers a poignant, informative, and fully up-to-date explication of the continuing Balkan tragedy. Contributors. Sven Balas, Milan Milošević Branka Prpa-Jovanović, James Ridgeway, Stipe Sikavica, Ejub Stitkovac, Mirko Tepavac, Ivan Torov, Jasminka Udovicki, Susan Woodward

Sexuality and Gender in Postcommunist Eastern Europe and Russia Edmond J Coleman,Theo Sandfort,2014-05-22 Important new findings on sex and gender in the former Soviet Bloc! Sexuality and Gender in Postcommunist Eastern Europe and Russia is a groundbreaking look at the new sexual reality in Central, Eastern, and Southeast Europe after the fall of communism. The book presents the kind of candid discussion of sexual identities, sexual politics, and gender arrangements that was often censored and rarely discussed openly before the breakup of the Soviet Union in 1987. Authors from a variety of disciplines examine how the changes caused by rapid economic and social transformation have affected human sexuality and if those changes can generate the social tolerance necessary to produce a well-rooted democracy. The first theoretical and empirical body of work to sexuality in (post)transitional countries, Sexuality and Gender in Postcommunist Eastern Europe and Russia examines the effects of the profound social transformation taking place in the former Soviet Union. Through an interdisciplinary perspective, the book addresses vital issues of this transformation, including gender relations, gender roles and sex norms in transition, sexual representations in the media, patterns of adult sexual behavior, gay and lesbian issues, sex trafficking, health risks, and sex education. The book also presents a critical examination of whether the fall of communism has, in fact, induced changes in sexuality and gender relations. Sexuality and Gender in Postcommunist Eastern Europe and Russia examines the changes in sex and gender in countries in transition, including: the negative consequences of Serbia's "state-directed non-development" during the 1990s the causes and consequences of trafficking in women from the Russian Federation the ongoing debate over human rights for sexual minorities in Romania the effects

of two Yugoslavian films released in the 1990s that feature transgender characters sexualities in transition in Croatia problems created by changes in sexual behavior among urban Russian adolescents the social and legal state of lesbians in Slovenia Sexuality and Gender in Postcommunist Eastern Europe and Russia fills in the gap in the current knowledge and understanding of the effects of the profound social changes taking place in Central, Eastern, and Southeast Europe. The book is an essential read for academics and researchers working in gender studies, political science, and gay and lesbian studies. Handy tables and figures make the information easy to access and understand.

Povratak Bogu Vladimir Zivkovic, Ova knjiga je nastala kao proizvod četvorogodišnjeg pisanja tekstova na osnovu spoznaja, vizija i viđenja autora, putem sopstvenih iskustava i duhovnih aktivnosti. Ipak, moramo napomenuti da se ova knjiga ne bavi samo Bogom i duhovnošću već i ljubavnim i seksualnim odnosima čoveka. Svaki čovek, a zatim i svaki čitaoc, koji pročita ovu knjigu, moći će da je praktično primeni i proveri kroz život. Ko sam ja, i šta je svet? Odakle dolazim? Kuda idem? Postoji li Bog? Ako postoji, gde se nalazi? Kakav je? Kako izgleda? Da li je Bog savršen, i da li me savršeno voli? Da li je istina da ne smem imati partnera, dobar seks, novce i lepo jesti i spavati, ako želim dostići sreću i Boga? Ako volim da živim, da li to znači da sam grešan, i da me Bog ne voli? Ima li smisla osuđivati ljude, sebe, Boga? Ima li smisla voleti sebe, ljude, Boga? Kakav je moj put, i koji je moj cilj? Ako sam nesrećan, kako da se izlečim? Ako sam nezadovoljan, koliko je to dobro? Koje je pravo znanje, i kako se ono spoznaje? Postoji još mnogo ovakvih i sličnih pitanja. Ova knjiga se bavi njima. Ova knjiga ne daje samo odgovore na postavljena pitanja. Ona daje smernice čitaocu, da sam, izučavajući ovu knjigu, svesno doživi istinu iznesenu na ovim stranicama. Biljana Obradović iz Valjeva, pesnikinja i pisac više romana govori o knjizi: Vladimir Živković je čovek posvećen izučavanju života duše. Njegovo pisanje odaje mirnoću, doslednost putu ka Bogu, kao jedina svetlost koja hrani unutrašnjost bića. Veoma mi se sviđa što se sa posebnim poštovanjem obraća svima, a posebno devojkama i ženama. Čitajući njegova dela koja se odnose na veru u Boga, a samim tim i u sebe, shvatila sam da je put saznanja težak, ali plodonosan. Shvatila sam i da loše usmeren ego može da uništi i najveće umove, kao i najveće vernike. Vladimir govori o skromnosti života i ravnoteži želja. Tako prenosi znanje i na druge, da se duboko zamisle nad životom koji vode u današnje moderno vreme. Nadam se da će objaviti još knjiga koje rasvetljavaju put umu pravednika i duboko verujućeg čoveka. Uz poštovanje ovog dela, želim ti uspeh i veliku čitanost!

Knjigo je napisala skupina slovenskih strokovnjakov, ki se vsak v okviru svoje stroke ukvarjajo s Krasom. Delo je ilustrirano z več kot 200 ilustracijami, kartami, preglednicami, grafikoni in skicami.
