**Planet Funny** Ken Jennings,2019-07-09 A Kirkus Reviews Best Book of the Year The witty and exuberant New York Times bestselling author and record-setting Jeopardy! champion Ken Jennings relays the history of humor in “lively, insightful, and crawling with goofy factlings,” (Maria Semple, author of *Where’d You Go Bernadette*)—from fart jokes on clay Sumerian tablets to the latest Twitter gags and Facebook memes. Where once society’s most coveted trait might have been strength or intelligence or honor, today, in a clear sign of evolution sliding off the trails, it is being funny. Yes, funniness. Consider: Super Bowl commercials don’t try to sell you anymore; they try to make you laugh. Airline safety tutorials—those terrifying laminated cards about the possibilities of fire, explosion, depressurization, and drowning—have been replaced by joke-filled videos with multimillion-dollar budgets and dance routines. Thanks to social media, we now have a whole Twitterverse of amateur comedians riffing around the world at all hours of the day—and many of them even get popular enough online to go pro and take over TV. In his “smartly structured, soundly argued, and yes—pretty darn funny” (Booklist, starred review) *Planet Funny*, Ken Jennings explores this brave new comedic world and what it means—or doesn’t—to be funny in it now. Tracing the evolution of humor from the caveman days to the bawdy middle-class antics of Chaucer to Monty Python’s game-changing silliness to the fast-paced meta-humor of *The Simpsons*, Jennings explains how we built our humor-saturated modern age, where lots of us get our news from comedy shows and a comic figure can even be elected President of the United States purely on showmanship. “Fascinating, entertaining and—I’m being dead serious here—important” (A.J. Jacobs, author of *The Year of Living Biblically*), *Planet Funny* is a full taxonomy of what spawned and defines the modern sense of humor.

**Shoulda Turned Left at Albu-Quirky** Debora L. Carr,2010-12 Ever wonder why Bugs Bunny kept getting lost... and why it was always due to that missed left turn at Albuquerque? Well in this book you just might discover that perhaps ol' Bugs didn't have such a poor memory or bad sense of direction after all. Perhaps he knew something the rest of us didn't. Come along for yet another marvelous, meandering road trip, courtesy of author Debora L. Carr as she continues to explore the mind-boggling sights in the vast and varied state of New Mexico. There are more natural wonders, strange towns and wild artwork to goggle at as well as unexplained mysteries, bizarre news items and unusual characters that will keep you scratching your head in amazement. You never know what you'll discover around the next bend in the rutted, winding road or what you'll miss out on if you don't miss that left turn. So keep your eyes peeled for those hidden gems of weird wonders that lurk at the side of the road and watch out for those spandex-clad two-wheeled kamakazis. Just turn off the GPS and follow that wascally wabbit as the adventure continues in the Wild, Wacky Land of Enchantment. Debora Carr was born and raised in the central New Jersey area, graduating from Rutgers University with a BA in Art Education in 1980 and became a successful professional graphic artist and packaging designer. She chose to accompany her parents when they decided to relocate to and retire in Albuquerque, New Mexico in 2003, where she continued her chosen profession of graphic artist, working as a one-person art department for a small print shop. She continued to keep in touch with friends and family members 'back east' by means of periodic humorous newsletters which she called her 'Albu-Quirky Journals' in which she detailed her perspective on life in New Mexico. She later collected some of these reports and rewrote them in a tongue-in-cheek essay form, emulating the short stories written by two of her favorite authors, James Thurber and Mark Twain. Her collections of these amusing vignettes include her first two books, *You Don't Need a Passport to Move to New Mexico* and *Home on the Strange*. Debora still revels in collecting stories and photos of all things weird, odd and unusual and is delighted to find that her new home state of New Mexico is overflowing with them. With any luck, it will continue to provide fodder for more entries into her *Albu-Quirky Journals* for many years to come. Visit Debora's website at [www.DeboraLCarr.com](http://www.DeboraLCarr.com) for more information on her books or to contact her with weird New Mexico sights and stories you think might be of interest or worthy of inclusion in future books

**The Spanish Civil War and the British Left** Lewis Mates,2007-12-19 Was the British left's support for the anti-Franco cause 'the most outstanding example of international solidarity in British history'? Here Lewis Mates considers this claim and argues that support for the anti-Franco cause was varied and multi-faceted. He analyses the 'Aid Spain movement': activities undertaken at grassroots level in support of the Spanish Republic. He explores the nature of grassroots support, its extent and depth, the motivations of activists, the institutions they operated through, and importantly, the role and impact of ideas on activism. Those within the British Left who did not embrace the Republic's cause are also examined as are the consequences of these divisions for the labour movement at its different levels from grassroots to national.Mates provides new perspectives on an important period of twentieth-century British history, contributing to debates about the nature of the British left, grassroots activism and popular political engagement in a contradictory epoch.
