Rise Up, Women! Andrew Rosen, 2013-01-17 The suffragette movement shattered the domestic tranquillity of Edwardian England. This book is an original and searching study of the formidable organization which led this campaign: the Women's Social and Political Union. With the use of previously unpublished correspondence of Mrs Emmeline Pankhurst, her colleagues and such political leaders as Asquith, Balfour and Lloyd George, the author views the development of ever more extreme and violent forms of militancy not as a series of amusing exploits and incidents but as the carefully calculated political strategy the suffragettes intended it to be. He examines the reasons for the remarkable effectiveness of militant tactics in making women's enfranchisement a political issue of central importance, and shows why militancy failed to secure this right prior to the outbreak of war in August 1914. He assesses, too, the influence of the vast social and political changes wrought by the war on the ultimate success of the campaign in 1918.

Stand Up Fight Back E.J. Dionne, 2004-06-02 One of our most visible, trenchant, and witty political commentators, the author of the bestselling *Why Americans Hate Politics*, offers a tough critique of President George W. Bush and the Democratic opposition on the eve of a landmark presidential election -- and points to a way out of cynicism and defeatism. With passion, clarity, and humor, E. J. Dionne describes today's political atmosphere as the bitterest he can remember. Never have Democrats been as frustrated by their inability to move the debate. The party of Roosevelt, Kennedy, and Clinton, Dionne says, is lost in pointless feuds, outdated strategies, and old arguments. Democrats have lost track of what they stand for so they don't know what they're fighting for and besides, they've forgotten how to fight back. In describing how Democrats, moderates, and liberals have failed to match Republicans and conservatives in commitment, resourcefulness, and clarity, Dionne invents what is likely to become a popular parlor game among the politically committed. In *The Wrong Stuff*, he lists ten futile arguments -- big versus small government, for example -- that Democrats keep having with themselves. The *Right Stuff* focuses on ten arguments they should start making about taxes, business, and the role of government. Dionne zeroes in on how a floundering Bush administration used September 11 to politicize national security issues for partisan advantage. Enraged but intimidated by ruthless opponents, the Democratic party failed to find its voice on security issues

and was soundly beaten in 2002. Drawing on some lessons from the 2004 primary campaigns, Dionne argues that anger and frustration have in fact awakened progressives to the need for innovation in organizing, in approaching an increasingly conservative media, and in formulating politically useful and plainly stated ideas. Learning from the conservative movement's successes, liberals have begun the work of reconstruction. The politics of revenge, Dionne argues persuasively, can give way to something better: a progressive patriotism built on hope and optimism about America's role in the world and its capacity to renew social justice at home.

Wake Up Call Simon Szuharev,2021-01-22 p>When they say there are only 5 oceans on the planet, people often forget that for the XXI century human, there is always an extra ocean that one can hardly find on the map. The ocean of information. There is so much data being produced every day that if one doesn't take a conscious approach to it, they can find themselves drowning in the waters of novelty. Every day YouTube gets 4 million hours of new content, Twitter gets 682 million tweets, and Instagram gets over 67 million new posts. In the world of an overwhelming excess of information, sometimes we forget to take a moment and reflect on our lives. Although Google can help you find the best Mexican restaurant in your city, it can never answer the question of your being. The why of life. Even if it is convenient to hide behind multiple TV shows and social media, the excessive dopamine you receive won't make these questions disappear: ◦What do you wake up for? ◦What makes you get out of bed and live your life? ◦What is the main goal you are aiming towards? This book is a self-help guide that approaches your life through the way you wake up: how you prepare to go to bed, the room you get to wake up, and so on. It consists of 2 parts: Body & Spirit. In which you will learn how to balance between the physical and spiritual realms. You will explore the world of healthy habits that can significantly improve your mornings as well as the mindset approach that can positively change your attitude towards life. The main goal of this book is to wake you up to the miracle we call life and make you curious again.

The Aesthetics of Self-Harm Zoe Alderton,2018-05-11 The Aesthetics of Self-Harm presents a new approach to understanding parasuicidal behaviour, based upon an examination of online communities that promote performances of self-harm in the pursuit of an idealised beauty. The book considers how online communities provide a significant level of support for self-harmers and focuses on relevant case studies to establish a new model for the comprehension of the online supportive community. To do so, Alderton explores discussions of self-harm and disordered eating on social networks. She examines aesthetic trends that contextualise harmful behavior and help people to perform feelings of sadness and vulnerability online. Alderton argues that the traditional understanding of self-violence through medical discourse is important, but that it misses vital elements of human group activity and the motivating forces of visual imagery. Covering psychiatry and psychology, rhetoric and sociology, this book provides essential reading for psychologists, sociologists and anthropologists exploring group dynamics and ritual, and rhetoricians who are concerned with the communicative powers of images. It should also be of great interest to medical professionals dealing with self-harming patients.
