Waking Up in Winter Cheryl Richardson, 2017-12-19 Internationally recognized coach and New York Times bestselling author Cheryl Richardson has toured the world empowering others to make lasting change. But when Richardson's own life no longer worked as it once had, a persistent, inner voice offered unmistakable guidance: it was time to reevaluate her life to uncover what really mattered. *Waking Up in Winter* is the candid and revelatory account of how at midlife, Richardson found renewed contentment and purpose through a heroic, inward journey. The unfolding story, told through intimate journal entries, follows Richardson from the first, gentle nudges of change to a thoughtfully reimagined life – a soulful, spring awakening. With an experienced coach's intuition and an artist's eye, Richardson reexamines everything – her marriage, her work, her friendships, and her priorities – gracefully shedding parts of the self that no longer serve along the way. In the end, she not only discovers what really matters at midlife, she invites readers to join her in the inquiry process by providing thought-provoking questions designed to usher them through their own season of transformation. Offering up Richardson's most powerful teaching tool yet – her own life – *Waking Up in Winter* takes readers on a brave, spiritual adventure that shows us all how to live a more authentic and meaningful life.

Wake Up, Baby Bear! Lynn Plourde, 2018-05-01 Poor Baby Bear is so exhausted from staying up too late in the fall, that now he can't wake up in the spring. Even his old friends, Moose, Owl, and Hare have no luck waking the tired little bear. A few well-placed pecks from Mother Robin does the trick and Baby Bear finally awakes just in time to do a little babysitting himself. This charming follow-up to *Baby Bear's Not Hibernating* explores themes of friendship, diversity, working as a team, and parenting; plus it concludes with fun facts and information about black bears.

Wake Up and Smell the Real Estate Tom McKay, 2020 Tom began building his real estate fortune with the purchase of his first property at age 19. Despite having no credit or money of his own, a deal presented itself and Tom was able to see the incredible potential profits in real estate. This was his wake-up call. He realized deals are born every day in nearly every city, big or small. The circumstances that create opportunities for buyers are not

unique, but rather commonplace. Deals arise from divorce, disasters, death, bankruptcy, bad decisions, inheritances, and retirement. These are the roots of all deals and they happen everywhere in the world. Tom was lucky to learn at an early age that real estate investing is a business where everyone is equal, rich or poor. The person who has the deal in his hands-the contract-is the person who will make the money. Today, Tom owns and manages over 150,000 square feet of property rentals, houses, commercial centers, offices, industrial and flex properties. In this book, you will learn Tom's methods and see links to the top videos on his YouTube channel, FlipAnythingUSA, where he elaborates on exactly how to make money as a real estate investor. You will also learn how Tom developed tools to find the best deals in any community and how to out-negotiate the competition. This knowledge comes from years of experience and hundreds of wins and losses. All of Tom's lessons are explained here in a very conversational and easy-to-understand manner. This is your chance to learn from a friend. The book is based on real stories: the opportunities, decisions, success and-yes, even failures-that have made Tom McKay one of the shrewdest and savviest investors in the country. Tom takes you from the beginning, where he started out with nothing, looking for a deal first and the money second. Because as Tom would explain, when you have the deal you hold all the cards. Even if you are broke, as long as you have a contract to buy a property at a great price, the rest is simple. Getting a deal on what someone has and what someone wants is where the easiest money is found. If you adopt Tom's method and attitude, you can follow in his footsteps, making millions on land, commercial and industrial buildings, apartments and houses. Regardless of whether you are a teenager, a senior citizen, or anywhere in between, it's not too late to change your life. You can make thousands-sometimes even tens or hundreds of thousands of dollars. Tom knows age and income are not a factor with his methods. Taking action is what is important. So, now is the time to wake up and smell the real estate! You'll be glad you did.

The Language of God Francis Collins,2008-09-04 Dr Francis S. Collins, head of the Human Genome Project, is one of the world's leading scientists, working at the cutting edge of the study of DNA, the code of life. Yet he is also a man of unshakable faith in God. How does he reconcile the seemingly unreconcilable? In THE LANGUAGE OF GOD he explains his own journey from atheism to faith, and then takes the reader on a stunning tour of modern science to show that physics, chemistry and biology -- indeed, reason itself -- are not incompatible with belief. His book is essential reading for anyone who wonders about the deepest questions of all: why are we here? How did we get here? And what does life mean?

Hybrid Systems: Computation and Control Rupak Majumdar,Paulo Tabuada,2009-04-30 This book constitutes the refereed proceedings of the 12th International Conference on Hybrid Systems: Computation and Control, HSCC 2009, held in San Francisco, CA, USA, in April 2009. The 30 revised full papers and 10 revised short papers presented were carefully reviewed and selected from numerous submissions for inclusion in the book. The papers focus on research in embedded reactive systems involving the interplay between symbolic/discrete and continuous dynamical behaviors and feature the latest developments of applications and theoretical advancements in the analysis, design, control, optimization, and implementation of hybrid systems.

Wake Up, America Abraham Hershberger,2021-03-16 Back Book Cover Unity in Spirit And other sheep I have, which are not of this fold: them also I must bring, and they shall hear my voice; and there shall be one fold, and one shepherd. (John 10:16) My sheep hear my voice, and I know them, and they follow me. (John 10:27) James a servant of God and of the Lord Jesus Christ, to the twelve tribes which are scattered abroad, greeting. (James

1:1) Praise ye the Lord. Praise God in his sanctuary: praise him in the _ of his power. Praise him for his mighty acts: praise him according to his excellent greatness. (Ps. 150:1–2) The Muslims and Jews will one day realize that there is only one true God, our Lord and Savior. That He is a God of love and not of hatred and killing. Once they come to that realization, all the killings and hatred would stop. With God, all things are possible. Praise the Lord and Savior, Jesus Christ (1 John 3:15–17).

Wake Up, Lazarus! Pierre Hegy, 2012 Today's Catholic Church faces a major decline, and a dramatic renewal is needed to facilitate positive change. Three general factors that contribute to the spiritual decline of all mainline churches and three factors that are special to the Catholic Church. Hegy describes the inner workings of two successful parishes - one evangelical and the other Catholic - to illustrate the strategies used that contribute to vibrant and growing church communities. He also reviews various renewal plans and then presents his personal, long-term plan for renewal in the Catholic Church, with practical implementation suggestions included in each step.

Energy Islands Catalina M de Onís, 2021-06-15 Energy Islands provides an urgent and nuanced portrait of collective action that resists racial capitalism, colonialism, and climate disruption. Weaving together historical and ethnographic research, this story challenges the master narratives of Puerto Rico as a tourist destination and site of natural disasters to demonstrate how fossil fuel economies are inextricably entwined with colonial practices and how local community groups in Puerto Rico have struggled against energy coloniality to mobilize and transform power from the ground up. Catalina M. de Onís documents how these groups work to decenter continental contexts and deconstruct damaging hierarchies that devalue and exploit rural coastal communities. She highlights and collaborates with individuals who refuse the cruel logics of empire by imagining and implementing energy justice and other interconnected radical power transformations. Diving deeply into energy, islands, and power, this book engages various metaphors for alternative world-making.

Principles of Distributed Systems Marcos K. Aguilera, Leonardo Querzoni, Marc Shapiro, 2014-12-09 This book constitutes the refereed proceedings of the 18th International Conference on Principles of Distributed Systems, OPODIS 2014, Cortina d'Ampezzo, Italy, in December 2014. The 32 papers presented together with two invited talks were carefully reviewed and selected from 98 submissions. The papers are organized in topical sections on

consistency; distributed graph algorithms; fault tolerance; models; radio networks; robots; self-stabilization; shared data structures; shared memory; synchronization and universal construction.

Therapy, Stand-Up, and the Gesture of Writing Jonathan Wyatt,2018-12-07 Therapy, Stand-Up, and the Gesture of Writing is a sharp, lively exploration of the connections between therapy, stand-up comedy, and writing as a method of inquiry; and of how these connections can be theorized through the author's new concept: creative-relational inquiry. Engaging, often poignant, stories combine with rich scholarship to offer the reader provocative, original insights. Wyatt writes about his work as a therapist with his client, Karl, as they meet and talk together. He tells stories of his experiences attending comedy shows in Edinburgh and of his own occasional performances. He brings alive the everyday profound through vignettes and poems of work, travel, visiting his mother, mourning his late father, and more. The book's drive, however, is in bringing together therapy, stand-up, and writing as a method of inquiry to mobilise theory, drawing in particular from Deleuze and Guattari, the new materialisms, and affect theory. Through this diffractive work, the text formulates and develops creative-relational inquiry. With its combination of fluent story-telling and smart, theoretical propositions, Therapy, Stand-up, and the Gesture of Writing offers compelling possibilities both for qualitative scholars who have an interest in narrative, performative, and embodied scholarship, and those who desire to bring current, complex, theories to bear upon their research practices.
