*Top of the Morning* Brian Stelter, 2013-04-23 CNN correspondent Brian Stelter reveals the dark side of morning television with exclusive material about current and past morning stars, from Matt Lauer to Katie Couric. When America wakes up with personable and charming hosts like Robin Roberts and George Stephanopoulos, it's hard to imagine their show bookers having to guard a guest's hotel room all night to prevent rival shows from poaching. But that is just a glimpse of the intense reality revealed in this gripping look into the most competitive time slot in television. Featuring exclusive content about all the major players of the 2000s, *Top of the Morning* illuminates what it takes to win the AM -- when every single viewer counts, tons of jobs are on the line, and hundreds of millions of dollars are at stake. Stelter is behind the scenes as Ann Curry replaces Meredith Vieira on the Today show, only to be fired a year later in a fiasco that made national headlines. He's backstage as Good Morning America launches an attack to dethrone Today and end the longest consecutive winning streak in morning television history. And he's there as Roberts is diagnosed with a crippling disease -- on what should be the happiest day of her career. So grab a cup of coffee, sit back, and discover the dark side of the sun. Praise for *Top of the Morning* Mr. Stelter pulls back the curtains and exposes a savage corporate world that might have been inhabited by the Sopranos. -- Washington Times A troubling look inside an enterprise as vicious and internecine as a soap opera. -- Kirkus Reviews

**Waking Up** Sam Harris,2014-09-09 For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, Waking Up is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. Waking Up is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

**From Yesterday to TODAY** Stephen Battaglio,2012-01-12 "When Dave Garroway welcomed viewers to Today on that day in 1952, he ushered in a new era in broadcasting. . . . It was a place where viewers could turn to each morning to satisfy their appetite for all things news and information. It was a destination for the curious to learn more

about what had happened overnight and how the day ahead might shape up. And they would see and hear it all from the best storytellers in broadcasting.”—from the foreword Throughout the history of television there has been nothing quite like NBC’s Today. Ever since the brilliant and innovative TV network executive Pat Weaver conceived the idea of broadcasting a “national newspaper of the air,” Today has chronicled the triumphs and tragedies of our times through personalities that viewers have trusted and admired. With dozens of never-before-published photographs, From Yesterday to TODAY offers an insightful and entertaining history of America’s favorite morning show from its experimental beginnings with Dave Garroway and a chimpanzee named J. Fred Muggs to its enduring success in the 21st century with co-anchors Matt Lauer and Ann Curry. Through personal recollections from Today family members such as Barbara Walters, Tom Brokaw, Jane Pauley, Bryant Gumbel, Katie Couric, Willard Scott, Matt Lauer, Al Roker, Meredith Vieira, and Ann Curry From Yesterday to TODAY will take you on the unique journey traveled by those who reported the news, reflected on cultural trends and provided comfort to a nation of viewers often before they have had that first cup of coffee. For more than sixty years, Today has delivered the public their first glimpse at the new ideas, political leaders, and social upheaval that shaped our lives. It has remained a constant in a dynamic medium that evolved from grainy black-and-white images to the computer screen. It has reminded us of the joy of living and why it is worth getting up each day.

Every year, thousands of eager college graduates are hired by the world's financial giants, where they're taught the secrets of making obscene amounts of money-- as well as how to dress, talk, date, drink, and schmooze like real financiers. YOUNG MONEY Inside the Hidden World of Wall Street's Post-Crash Recruits YOUNG MONEY is the inside story of this well-guarded world. Kevin Roose, New York magazine business writer and author of the critically acclaimed The Unlikely Disciple, spent more than three years shadowing eight entry-level workers at Goldman Sachs, Bank of America Merrill Lynch, and other leading investment firms. Roose's young bankers are exposed to the exhausting workloads, huge bonuses, and recreational drugs that have always characterized Wall Street life. But they experience something new, too: an industry forever changed by the massive financial collapse of 2008. And as they get their Wall Street educations, they face hard questions about morality, prestige, and the value of their work. YOUNG MONEY is more than an exposé of excess; it's the story of how the financial crisis changed a generation-and remade Wall Street from the bottom up.
