The Zen of Cat Walking Clifford Brooks,2018-09-04 Going for a walk is no longer just for the dogs! Experienced cat owner Clifford Brooks is here to teach you and your cat how to enjoy a stroll together. Cats are naturally adventurous creatures, and with the help of a leash and Brooks's tips, you can indulge those instincts with a sense of security. As any animal trainer will tell you, the magic is in your attitude and sensitivity to your kitty's needs and subtle reactions to new things. With that in mind, Brooks encourages cat owners to embrace Zen meditation as the foundation for leash training. Benefitting both you and your furry friend, practicing mediation will:

- Provide a calm atmosphere in which to learn an enjoyable skill and explore new environments together.
- Foster a positive energy between the two of you.
- Cultivate patience and appreciation for simple accomplishments.

With step-by-step instructions, meditation guidance, and interviews with other successful cat walkers, you'll learn how cat walking can have a healthy impact on your life and the life of your feline companion. Essentially, you will become a more sensitive cat owner, able to detect when your own presence is affecting your cat's behavior. Combining a practical skill with a thoughtful approach, Brooks's advice will do wonders for the time you spend together.

Cat Walk Jackie Morris,2015-10-31 A beautiful exploration in photographs of the walks the author takes with her cats along their local Pembrokeshire coast It's about walking, but not really covering distance. The same paths are travelled, but each time the light, the season, the thoughts inside make it different. It does have something to do with the character of cats, but also to do with writing, looking, seeing, being in a place. Author, illustrator, and photographer Jackie Morris explores her native Pembrokeshire in the company of her feline friends--or rather, they explore the countryside while she tags along taking pictures. More than 100 pictures with diary notes tell the story of many walks with many cats. Challenging perceptions and rearranging priorities, Jackie's insightful poetry and prose allows a glimpse of a world in which cat is king and nature its subject. Ordered and regulated by season, you will find that, although the landscape of *Cat Walk* may be familiar, what is seen is most certainly different.

Citizen Canine David Grimm, 2014-04-08 Dogs are getting lawyers. Cats are getting kidney transplants. Could they one day be fellow citizens? Cats and dogs were once wild animals. Today, they are family members and surrogate children. A little over a century ago, pets didn't warrant the meager legal status of property. Now, they have more rights and protections than any other animal in the country. Some say they're even on the verge of becoming legal persons. How did we get here -- and what happens next? In this fascinating exploration of the changing status of dogs and cats in society, pet lover and award-winning journalist David Grimm explores the rich and surprising history of our favorite companion animals. He treks the long and often torturous path from their wild origins to their dark days in the middle ages to their current standing as the most valued animals on Earth. As he travels across the country -- riding along with Los Angeles detectives as they investigate animal cruelty cases, touring the devastation of New Orleans in search of the orphaned pets of Hurricane Katrina, and coming face-to-face with wolves and feral cats -- Grimm reveals the changing social attitudes that have turned pets into family members, and the remarkable laws and court cases that have elevated them to quasi citizens. The journey to citizenship isn't a smooth one, however. As Grimm finds, there's plenty of opposition to the rising status of cats and dogs. From scientists and farmers worried that our affection for pets could spill over to livestock and lab rats to philosophers who say the only way to save society is to wipe cats and dogs from the face of the earth, the battle lines are being drawn. We are entering a new age of pets -- one that is fundamentally transforming our relationship with these animals and reshaping the very fabric of society. For pet lovers or anyone interested in how we decide who gets to be a person in today's world, *Citizen Canine* is a must read. It is a pet book like no other.

Adventure Cats Laura J. Moss, 2017-05-16 Just when you thought you knew all there was to know about cats comes the ultimate—and unexpected—guide to taking your cat into the wild. Here are cats walking on a leash. Cats hiking on a leash. Cats tramping through snow. Cats camping. Cats kayaking, canoeing, even surfing—yes, cats who love water. When animal writer and active hiker Laura Moss couldn't find an online resource for hitting the trail with her cat, she created one. AdventureCats.org took off like wildfire, with attention from Wired, the Huffington Post, Outside magazine, BuzzFeed, and much more. Now, the book *Adventure Cats*—a collection of jaw-dropping photographs, inspiring stories of real-life cats, and all the how-to a cat owner needs—will take readers and their cats well beyond the backyard. Learn how to leash-train a cat. What to do if you encounter wildlife on the trail. Plus, winter safety tips, and how to bring a little bit of the outdoors to an indoor cat. The stories themselves are catnip for animal lovers, from Nanakuli, the one-eyed cat who hangs ten; to Georgie, a four-year-old gray tabby who lives on a sailboat; to Quandary, who not only insists on hiking with her family but also teaches them a valuable lesson: When you follow your cat's natural tendency to wander, you experience the outdoors at a slower, richer pace. This book will delight every cat person, regardless of whether their pet is inclined to adventure. (Take the quiz at the beginning of the book to find out!)

The Other End of the Leash Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that

are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

I am Cat Jackie Morris, 2014-12-16 A cat sleeps, curled up in a warm place, and while it sleeps it dreams. . . of being a tiger, flame cat of the forest;

a cheetah - fast as the wind on the African plains; a lion, lounging through the heat of the day, tangled in sunshine on the African savannah; a jaguar, perfectly camouflaged deep in the jungle. And the cat dreams of being a lynx, a puma, a snow leopard, a Scottish wild cat, an Asian fishing cat, and the rare Amur leopard. Finally Cat wakes, a domestic cat again, telling his dreams to the child who is stroking him. Ten wild habitats, ten wild cats and one domestic cat are dramatically and beautifully illustrated in this unique celebration of the cat.

Van Cat Meow Richard East, 2018-12-17 A lost man. A rescued cat. A road trip like no other. People everywhere have fallen in love with Willow, the van cat, as she explores the wilds of Australia with Richard, her devoted owner. Now for the first time, Richard and Willow tell the true story behind the

images that have captured our hearts ... Richard East once lived in a suburban house in Hobart, Tasmania, with a career and a mortgage completing the picture. But despite the certainty in his life, he felt lost. Realising he was at a crossroads, Richard was faced with a decision: follow the herd or pursue his own path? The rest, as they say, is history. Selling his house and throwing in his career, Richard took to the road in a big white van. His sole companion? Willow, the small black rescue cat he'd promised never to leave behind. Now Richard and Willow travel Australia in their 'kittied'-out home on wheels. While Richard may appear to be in charge, Willow has her own lessons to share, of appreciating the little things and living in the moment, whether it's lingering to enjoy a desert sunset or taking an unmapped track into the forest on a whim. Full of adorable photos featuring one little black adventure cat, Van Cat Meow tells the charming and inspiring story of the trip of a lifetime that became a whole new way of life.
