Rebecca Felix

Creative Wallpaper Paige Gilchrist, Lyna Farkas, 2005 With superb projects and more than 200 color photos, this stunning showcase presents the best contemporary wallpaper designs. The rich variety of patterns ranges from modern geometrics to feminine florals, from reflective metallics to designs that imitate stucco and wood. Better yet are the clever ideas for using the papers, including applying them in vertical strips, creating a patchwork pattern, and covering just half a wall. Or, for something different, use paper other than conventional manufactured wallpaper, such as old maps and sheet music. And remember: wallpaper isn't just for walls, so there are suggestions for transforming small accessories too. Even the most intimidated will find the instructions easy enough to follow. Well-illustrated instructions on the basics.--
Library Journal

Within the Frame David duChemin, 2009-05-01 Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and

expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can't capture—a viewer's attention. Both instructional and inspirational, *Within the Frame* helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.

Conscious Creativity Philippa Stanton,2019-01-01 Crammed with practical ideas, inspirational images & creative exercises, Conscious Creativity leads the reader through the process of establishing what kind of creative you are... - Mslexia The purpose of this book is to enable you to look at things in an alternative and more substantial way, so that you arrive at composition through genuine interest. - Juno magazine “Philippa Stanton is passionate about people connecting to their innate creativity and has distilled these incredible techniques and ideas on how we can tap into that.

Philippa is a massively successful Instagrammer at @5ftinf and yet she is only too aware how these little two dimensional squares can limit our experiences and restrict our creativity, so it's not without a little irony that she's written a book to encourage people to step away from their screens and connect more with the 3D world. It's a fascinating subject and I wholeheartedly recommend the book for anyone who's working in the creative industry or is curious about the world around them. - Sophie Robinson (DIY SOS, the Great British Interior Design Challenge, This Morning)

Connect your observations and your emotions and transform your creative practice with this essential toolbox packed full of exercises, tips, stunning images and personal experiences from dynamic artist Philippa Stanton. There is creativity in all of us, but it can easily be buried beneath our everyday concerns, or need a spark to bring it back to life. The Himalayan Laundry Basket Gabriel Samara, 2004 Imagine Thomas Edison as a cat--in your home. What havoc would that incredibly creative, intensely practical intelligence wreak upon his environment, always trying out new ideas, striving to better his last effort? Edison used his mind for profit. My cat, Joie--French for joy--uses his for fun. Both are recognized as innovators in their fields, demonstrating the power of creative thinking and persistence to achieve original, truly impressive, results. A collection of Joie Stories, *The Himalayan Laundry Basket* relates Joie's adventures as a kitten in such diverse environments as closets, recycling piles, and the vet clinic, and then progresses through five years of unbelievably creative mayhem. We watch him tear wallpaper off walls, swing on hanging lamps and pictures, and surf flattened cardboard boxes across conveniently smooth floors. The household's other cats also provide opportunities for fun, especially Grampa Adanac, Nobel Peace Prize nominee (almost). On the cover is Joie beside his rendition of the Himalayan peaks,

sideways--even the laundry basket isn't safe when he's around! The Himalayan Laundry Basket is for cat lovers of all ages to enjoy, and will also appeal to anyone with a slightly wacky sense of humor, on the prowl for a good laugh.

The Museum of Heartbreak Meg Leder, 2016-06-07 In this ode to all the things we gain and lose and gain again, seventeen-year-old Penelope Marx curates her own mini-museum to deal with all the heartbreaks of love, friendship, and growing up. Welcome to the Museum of Heartbreak. Well, actually, to Penelope Marx's personal museum. The one she creates after coming face to face with the devastating, lonely-making butt-kicking phenomenon known as heartbreak. Heartbreak comes in all forms: There's Keats, the charmingly handsome new guy who couldn't be more perfect for her. There's possibly the worst person in the world, Cherisse, whose mission in life is to make Penelope miserable. There's Penelope's increasingly distant best friend Audrey. And then there's Penelope's other best friend, the equal-parts-infuriating-and-yet-somehow-amazing Eph, who has been all kinds of confusing lately. But sometimes the biggest heartbreak of all is learning to let go of that wondrous time before you ever knew things could be broken...
