Clan Battles Chris Peers,2023-08-30 Warfare between the clans of the Highlands in the late Middle Ages determined the course of history in this region of Scotland, and Chris Peers’ gripping account of it – and of the rivalry between the strongest clans – gives the reader a deep insight into this bloody, turbulent phase in the development of the far north of the British Isles. The battles he describes, all of them fought between the 1430s and the 1540s, were flash points in the long struggle for dominance between the leading clans of the region. The battles are reconstructed in vivid detail. The first, Druim n Coub, was fought in 1433 between the Mackays and the Sutherlands. Then came Bloody Bay, a sea fight between rival MacDonald factions, Blar na Parc between the MacDonalds and the Mackenzies, Creag an Airgid between the MacDonalds and the MacIains, Glendale between the MacDonalds and MacLeods, and Torran Dubh between alliances headed by the Mackays and Sutherlands. The final battle, Blar na Leine, fought between the MacDonalds and the Frasers in 1544, marked the end of an era. The subsequent fate of the leading clans, principally the MacDonalds and Mackays, is also covered in a narrative that gives the reader a fascinating new perspective of clan loyalties and conflict which still resonates today. As well as covering the fighting Chris Peers explains the way war in the Highlands was organized by the contending clans during the period – the strategies and tactics, weapons and armor they employed. The result is an absorbing all-round account of the military history of the Highlands before the clans eventually lost their independence.

Battles of the Clans Erin Hunter,

The Clash of Civilizations Allan Trawinski,2017-05-26 In this work, Allan Trawinski will test, and disprove, the commonly held hypothesis that the present West-Near East Conflict is a relatively new development (since the founding of the State of Israel in 1948), is primarily driven by religion/culture (radical Islamic fundamentalism against Christianity/Judaism), and that terrorism is employed as the Near East’s primary method/weapon/tactic of choice, which could all be ended by solving the Palestinian-Israeli (religious) problem, ending radical terrorism, becoming energy independent, liberating the region from despots, and establishing prosperous economic and democratic regimes in their wakes. Consequently, he will test and prove his own counterhypothesis that the present West-Near East Conflict is a part of a continuous 3,275-year conflict that is secular (geopolitical/economic), as much as, or more than, ideological (religious/cultural), in nature, and that terrorism has, only until very recently, played a relatively minor role as the Near East’s primary method/weapon/tactic of choice.

BUCKLEY, BATMAN & MYNDIE: Echoes of the Victorian culture-clash frontier ,2021-01-01 Sounding 4 begins with the first narrative of squatter George Russell followed by an echo on magistrate, soldier and later Crown Lands Commissioner for the Western District ‘Flogger’ Fyans. Expansion west and north-west from Geelong soon causes the Colac tribal collapse and later the government-sanctioned revenge massacre of the Gadubanud Cape Otway clans. Then follows the dispossession timeline of the Geelong / Ballarat Wathaurong people and the extensive contributions by Ian D Smith on Aboriginal geography and languages of the west, with clan organization, mechanisms of dispossession, Aboriginal responses, a geography of disruption and Aboriginal perceptions of Europeans in 19th century Victoria. For contrast is a section SANITIZED ‘FRONTIER’ PROFILES OF PROMINENT COLONIALS controlling the countryside until largely replaced by the bankers and gold-diggers. Moving further west is an echo titled WINNING & LOSING THE GRAMPIANS AND THE GLENELG RIVER before a complete reproduction of Dr Jan Critchett’s Distant Field of Murder. Ian Clark and George Russell reveal how the western plains were taken over after the ‘vanishing’ of the Djab Wurrung clans around the Hopkins River. Echoes of the KULIN SUNSET COUNTRY SETTLED and A SCOTTISH ARK GROUNDS AT ARARAT are settler versions largely from local history books of reminiscences by successful sheep and cattle pastoralists such as the Learmonth and Russell family dynasties. The sour joke that the Scots had the land, the Irish the pubs and the English the accent, does no justice to the role of guns, germs and

money-making... Modern scholarship birthed echoes titled FRONTIER MAYHEM IN THE FAR WEST which include the tribal resistance of Jupiter, Cocknose, Roger, Doctor, Bumbletoe etc. defeated by the likes of Wathaurong guide Bon Jon with CCL Fyans and the mounted Wurundjeri and Bunurong members of Captain Dana's Native Police. This is followed by Marie Fels on native police action and A. G. L. Shaw on frontier violence, with Dr Critchett' overview on Framlingham Aboriginal Mission Station. Sounding 4 concludes with aftermath echoes titled KING DAVID, DAWSON'S INFORMANTS & THE CAMPERDOWN GEORGE OBELISK and echo 74: HINDSIGHTS ON THE CULTURE-CLASH FRONTIER. Part 1 of which is on Redmond Barry, terra nullius and the Bon Jon case and part 2 has historian Henry Reynolds challenging our national self-image.

Taelo Ron Mueller,2021-05-20 Taelo is called to help the Condor Clan. Feather-In-the-Wind's family lead this Clan. Now living with the Elk Clan, she has become the leader of the newly formed Eastern Elk Clan. Taelo has promised to escort her to the East of the current Elk Clan territory but the Ancestors are calling on him to go south to help the Condor Clan. On learning of Taelo's situation, Feather-in-the-Wind frees him of his promise to escort her and the newly formed Eastern Elk Clan so he can go south to help her parents. Taelo is also plagued by a nightmare where his mate Quiet Rabbit is beheaded by a warrior priest. This is to happen in the land of the Condor. He takes only seasoned team members. He does not know why he is being sent by the Ancestors, but he anticipates a dangerous situation. He finds the huge army of the Warrior Clan camped in the valley facing the Condor Clan living area. They are kept out of the Condor Clan village by the huge bottomless crevasse that separates them from the village. Taelo and his team enter the land of the Condor Clan, through what is called the backdoor, a point where a daring person can leap across the crevasse and take a narrow path to safety. Taelo and his team enter and train the Condor Clan a fighting formation they refer to as the fighting Diamond. This formation allows nine persons to fight as many as thirty at a time. The fighting diamond and Quiet Rabbit's, and Busy Bee's suggestion that they establish nine slinging squads to use the sling, to sling volcano class shards at the oncoming Warrior Clan fighters give Taelo confidence that the Condor Clan will drive the Warrior Clan of the mountain and back to their own land. Preparation seems to be going smoothly. Taelo sets out with nine fighting diamonds to drive the Warrior Clan back from the crevasse. He needs the area immediately across the crevasse to set up his fighters for the major assault. In an attempt to prevent having his beheading nightmare come true, Taelo has deployed Quiet Rabbit and Busy Bee with their own fighting diamonds to protect the Llama herds located in another section of the mountains. However, the Warrior Clan captures both Quiet Rabbit and Busy Bee. They are brought to a sacrificial platform especially built by the Warrior Clan war priests. A warrior priest drags Quiet Rabbit out to be beheaded. Taelo watches nightmare becoming real. He races faster than he has ever run to save her. In his dream his spear pierces the priest's chest, but the priest's blade moment follows through the devastating beheading arch. The action Taelo takes is one that saves Quiet Rabbit. It is an inspirational counter intuitive flash that surprises him at the moment it occurs. Quiet Rabbit is also aware that Lasher, the wolf that she thought had been killed saves her from the swing of the blade when he fiercely chomps down and crushes the warrior priest's wrist. In a subsequent battle where the Condor Clan is vastly outnumbered, the fighting diamonds and the all-female, glass shard slinging squads, handily defeat the Warrior Clan and drive them off the mountain. The all-male fighting diamonds are never confronted because the Condor Clan Slingers are so effective that no Warrior Clan fighter gets close enough to effectively throw a spear.

The Clash of Yesterday Sawyer Bennett, A feud that spans thousands of years. There is a hatred born of betrayal and rooted deep throughout the centuries and I loathe him simply because of his ties. That will never change no matter the circumstances we find ourselves in. They say there is a thin line between love and hate. While bad blood may have started in our home realm of Brevala long before I was ever born, I am expected to stand strong with my people against our sworn enemies. And given that we're both immortal Light Fae, we have centuries ahead of ourselves to continue hating each other. A clash of rivals the world never saw coming. An unexpected favor leads us into dangerous territory as we travel from modern day Seattle to the realm of Faere. If our families learn what we have done, we risk our safety. If we admit to ourselves what we've done, we risk our hearts. Throughout the years, we have stoked the flames of anger, but this carnal inferno might just burn us all. The Clash of Yesterday: A Chronicles of the Stone Veil Novella is a companion novella to the Chronicles of the Stone Veil series and can be read as a standalone.

Religion, Conflict, and Democracy in Modern Africa Samuel K. Elolia,2012-03-02 Spanning various regions of Sub-Saharan Africa, the authors of this volume come together to explore the complex relationship between religion and democracy in contemporary Africa. As a result of the end of the Cold War and the fall of the Soviet Union, many African countries have come to the realization, however partial, that political and social change is inevitable in spite of government heavy-handedness and threats. It has also become evident that no political system that refuses to permit freedom of political expression and alternative systems of governance could continue to be sustained. It is in precisely this political climate that religious institutions have collaborated with other elements of civil society to call for political reforms, with the church often becoming the prominent voice against oppressive governments in countries such as Kenya and South Africa. It is the purpose of this book to assess how religion shapes political issues and to what extent religious forces influence the civil society. By acknowledging the role of the civil society, the essays recognize the resilience that comes out of Africa even when the sociopolitical situation seems unbearable.

The Illustrated Encyclopedia of Warfare DK,2012-04-16 Previously published in hardcover as War: The Definitive Visual History War has been central to the rise and fall of civilizations since the dawn of time. The history of warfare first emerges from legend in Mesopotamia, the cradle of civilization, around 3,000 years before the birth of Christ. The first armies that we know about fought in Sumeria, Ancient Egypt, and Syria. From these first battles, fought with spears or axes on horseback or on foot, The Illustrated Encyclopedia of Warfare traces the campaigns and conflicts that have shaped world history and examines the evolution of military tactics and technology. The story of the development from these primitive battles to the global conflicts of the 20th century and the modern War on Terror is the story of humanity itself, reflecting the same political, cultural and technological forces that have defined human history. From longbows to laser-guided missiles; from chariots to jet aircraft; and from Samurai warriors to SAS soldiers, The Illustrated Encyclopedia of Warfare provides the definitive visual chronicle of this intense, brutal, and often heroic tale. War combines a coherent and compelling spread-by-spread historical narrative with a wealth of supporting features on weapons and technology, strategy and tactics, the experience of war, and history's fighting elites to recount the epic 5,000-year story of warfare and combat through the ages.
