"You and Your Laundry" Christine McGaffey Frederick,1922

The Secret of Our Washing Machine ,2018-10-30 Hello! My name is Elina and I struggle with finding the socks from the same pair. They are always different. Not that this fact is bad, but then why the socks companies produce and sells them on couples? Like all of us, I found that I mostly loose my socks in the laundry machine. We all know the story about the socks monster, but we have never seen it. The monster I mean. That`s why I decided to write and illustrate this book. It is here to show us, that two socks of a pair are not that important, but it is also here to teach us about LOVE & FRIENDSHIP and to show us all the small magic moments in life. The story`s goal is to make people smile, look on the magic and silly side of life where you have 2 different socks and where you can match with different people and create beautiful friendships. With this book, I am trying to highlight the friendship and the idea we are all different, but that is not something important. That`s where the magic is hidden - in being different.

Old In Art School Nell Painter,2019-08-27 A finalist for the National Book Critics Circle Award, this memoir of one woman's later in life career change is “a smart, funny and compelling case for going after your heart's desires, no matter your age” (Essence). Following her retirement from Princeton University, celebrated historian Dr. Nell Irvin Painter surprised everyone in her life by returning to school—in her sixties—to earn a BFA and MFA in painting. In Old in Art School, she travels from her beloved Newark to the prestigious Rhode Island School of Design; finds meaning in the artists she loves, even as she comes to understand how they may be undervalued; and struggles with the unstable balance between the pursuit of art and the inevitable, sometimes painful demands of a life fully lived. How are women and artists seen and judged by their age, looks, and race? What does it mean when someone says, “You will never be an artist”? Who defines what an artist is and all that goes with such an identity, and how are these ideas tied to our shared conceptions of beauty, value, and difference? Bringing to bear incisive insights from two careers, Painter weaves a frank, funny, and often surprising tale of her move from academia to art in this glorious achievement—bighearted and critical, insightful and entertaining. This book is a cup of courage for everyone who wants to change their lives (Tayari Jones, author of An American Marriage).
