**Washington State Cougars** Bud Withers, 2006 Veteran sportswriter Bud Withers takes Washington State fans through the highs and lows of Cougar football in this book of stories, photos, and anecdotes.

**Tales from the Washington State Cougars Sideline** Jim Walden, 2013-10-01 During an association with the Washington State football program that started in 1977, Jim Walden established a foundation of competitive expectations that helped spur the success of contemporary Cougar teams. Walden's 1981 Cougars broke a 51-year bowl drought, and with victories in three of his last five Apple Cup games against Washington, Walden finally leveled the field with WSU's cross-state rivals. Walden's teams beat every opponent in the Pac-10 Conference at least once, squaring off against powerhouses USC, UCLA, and Washington despite a deficit in resources that he once described as "having to fight battles every Saturday with a really short sword." He kidded and sparred with coaches like Don James, John Robinson, and Terry Donahue, while ticking off a few others with his outspokenness. He offered his opinions so frequently and frankly that his university president had "The Walden Release" printed and ready as a disclaimer for the press: "The opinions of Coach Walden do not necessarily reflect the stance of the WSU administration." In *Tales from the Washington State Cougars Sideline*, the stories cover players and coaches alike, including Jack "The Throwin' Samoan" Thompson, the colorful "Lone Star" Dietz, Bill Doba, and many more. Walden reveals the effective strategies and the flubs and tells what really happened on the field and in the locker rooms. He also shares the ways he was able to coax prospects into coming to remote Pullman and what he was really screaming at officials all those times. Walden tells his stories the way he coached—all out and nothing held back, with wit and humor.

**Butch's Game Day** Tony Poston, 2021-09-17 A story about Butch T. Cougar and his excitement for WSU Cougar Football Game Day. Join young Butch and his Dad as they set out on an adventurous Cougar Football Saturday around Pullman, WA to enjoy all the things the best college town around has to offer.

*The Crimson and the Gray* Richard B. Fry, 1989 *The Crimson and the Gray* reviews the sports history of Washington State University from its very first athletic contest, which resulted in a shutout victory for its baseball team. Learn about early WSU football, including the miracle team of 1906, which was undefeated, untied, and unscored upon. Read about the exploits of Hack Applequist, Biff Bangs, Bobo Brayton, Hugh the Phantom Campbell, Bull Durham (who later became an admiral), the two Docs, Froggy, Ike, the Moose of the Palouse, the Silver Fox, and hundreds of other sports greats.

**Jim Walden's Tales From The Washington State Cougars Sideline** Jim Walden, 2007 Rival coach Don James of the University of Washington once called himself a 2,000-word underdog to Jim Walden. James may have been underestimating the opinionated Walden, even at those lopsided odds. During an association with the Washington State football program that started in 1977, Jim Walden established a foundation of competitive expectations that helped spur the success of contemporary Cougar teams. Walden's 1981 Cougars broke a 51-year bowl drought, and with victories in three of his last five Apple Cup games against Washington, Walden finally leveled the field with WSU's cross-state rivals. Walden's teams beat every opponent in the Pac-10 Conference at least once, squaring off against powerhouses USC, UCLA, and Washington despite a deficit in resources that he once described as having to fight battles every Saturday with a really short sword. He kidded and sparred with coaches like James, John Robinson, and Terry Donahue, while ticking off

a few others with his outspokenness. He offered his opinions so frequently and frankly that his university president had The Walden Release printed and ready as a disclaimer for the press: The opinions of Coach Walden do not necessarily reflect the stance of the WSU administration. In *Jim Waldens Tales from the Washington State Cougars Sideline*, the coach, a Mississippi-born storyteller, looks at coaches from the colorful Lone Star Dietz to Bill Doba and gives readers a glimpse at the personalities of Cougar All-Americans as well as the other quirky individuals who made their way onto the WSU sidelines. Walden reveals the effective strategies and the flubs and tells what really happened on the field and in the locker rooms.

*WSU Cougars from A to Z* Carla Nellis, 2012-01-01 Fun-filled and fact-packed, *WSU Cougars from A to Z* is a celebration of all things Coug. This colorful, one-of-a-kind book will take you through the hallowed halls, fascinating history, and beloved traditions of Washington State University.

Swing Your Sword Mike Leach, 2011-07-07 Newly-minted Mississippi State head coach Mike Leach tells his captivating story--from rural Wyoming to law school to the upper echelons of the SEC. *SWING YOUR SWORD* is the first ever book by one of the most fascinating and successful coaches in sports today. A maverick who took an unlikely path to coaching through law school, Mike Leach talks about his unorthodox approach to coaching and the choices that have brought him success throughout his career. A lover of the game who started creating formations and drawing his own plays as a kid, Leach took his Texas Tech Red Raiders to numerous bowl games, achieving the #2 slot in national rankings and being voted 2008 Coach of the Year before being unceremoniously fired at the end of the 2009 season. The scandalous nature of his dismissal created a media frenzy and began a personal battle between Leach and his accusers that remains unresolved.

**The Rise of Washington State University Football** Ben Donahue,2023-08-28 The rise of the crimson and gray. In 1987, Dennis Erickson arrived in Pullman, Washington to take over the struggling Washington State University football program. Under his leadership, the Cougars ended 1988 with a 9-3 record and a victory in the Aloha Bowl. In just two years, the team had transformed, and Erickson's lifelong friend, Mike Price, took over in 1989 to build on that legacy. By the end of Price's tenure, WSU had appeared in five bowl games including two Rose Bowls, eclipsing the four bowl games in the entire program's history. The coaches also produced a number of high-profile NFL quarterbacks, including Drew Bledsoe and Ryan Leaf. Join author Ben Donahue as he explores how the Washington State University Cougars went from doormats to perpetual contenders.

The Perfect Pass S. C. Gwynne,2017-09-05 New York Times bestselling, award-winning historian S.C. Gwynne tells the incredible story of how Hal Mumme and Mike Leach--two unknown coaches who revolutionized American football in the 1980s, 1990s and 2000s--changed the way the game is played at every level, from high school to the NFL--

*596 Switch* Ryan Leaf,Greg Witter,2011-11 All-American Washington State quarterback Ryan Leaf, who led the WSU Cougars to a Rose Bowl appearance in 1998, shares the ins and outs of a young man from Montana, attending college with dreams of a pro football career! It covers four years, from the moment Leaf decided to attend Washington State up through the Rose Bowl appearance in 1998. For college football fans and for WSU Cougar fans, this is an entertaining, behind-the-scenes journey through a fascinating time in the school's football history. For sports fans generally, it offers an unvarnished look at the world of college athletics, good and bad. The book

does not glorify the sport or the WSU Cougar team, but does shed light on the powerful stories, colorful characters and some of the shenanigans behind one of our country's most beloved weekend pastimes.

**Keep A-goin'** Tom Benjey, 2006 Until age 15, Billy Dietz thought he was the natural son of a prominent white couple in Rice

**The Cougar Conundrum** Mark Elbroch, 2020-08-13 The relationship between humans and mountain lions has always been uneasy. A century ago, mountain lions were vilified as a threat to livestock and hunted to the verge of extinction. In recent years, this keystone predator has made a remarkable comeback, but today humans and mountain lions appear destined for a collision course. Its recovery has led to an unexpected conundrum: Do more mountain lions mean they're a threat to humans and domestic animals? Or, are mountain lions still in need of our help and protection as their habitat dwindles and they're forced into the edges and crevices of communities to survive? Mountain lion biologist and expert Mark Elbroch welcomes these tough questions. He dismisses long-held myths about mountain lions and uses groundbreaking science to uncover important new information about their social habits. Elbroch argues that humans and mountain lions can peacefully coexist in close proximity if we ignore uninformed hype and instead arm ourselves with knowledge and common sense. He walks us through the realities of human safety in the presence of mountain lions, livestock safety, competition with hunters for deer and elk, and threats to rare species, dispelling the paranoia with facts and logic. In the last few chapters, he touches on human impacts on mountain lions and the need for a sensible management strategy. The result, he argues, is a win-win for humans, mountain lions, and the ecosystems that depend on keystone predators to keep them in healthy balance. The Cougar Conundrum delivers a clear-eyed assessment of a modern

wildlife challenge, offering practical advice for wildlife managers, conservationists, hunters, and those in the wildland-urban interface who share their habitat with large predators.

*What Cougars Love and Respect about Huskies* Tanner Heatherly,2019-06-05 From the Puget Sound, Heatherly has spent his entire life in the media crossfire of Washington State University and the University of Washington. In his book *What Cougars Love and Respect about Huskies*, Heatherly highlights everything these two schools collaborate on, whether it be sports, academics, or the community as a whole. Something odd? Yes! It's completely blank! This gag book is perfect for a fellow Cougar, a fun prank to send to your Huskie friends, or just a good buy if you want a laugh!

*Cougar* Maurice Hornocker, Sharon Negri, 2009-12-15 The cougar is one of the most beautiful, enigmatic, and majestic animals in the Americas. Eliciting reverence for its grace and independent nature, it also triggers fear when it comes into contact with people, pets, and livestock or competes for hunters' game. Mystery, myth, and misunderstanding surround this remarkable creature. The cougar's range once extended from northern Canada to the tip of South America, and from the Pacific to the Atlantic, making it the most widespread animal in the western hemisphere. But overhunting and loss of habitat vastly reduced cougar numbers by the early twentieth century across much of its historical range, and today the cougar faces numerous threats as burgeoning human development encroaches on its remaining habitat. When Maurice Hornocker began the first long-term study of cougars in the Idaho wilderness in 1964, little was known about this large cat. Its secretive nature and rarity in the landscape made it difficult to study. But his groundbreaking research yielded major insights and was the prelude to further research on this controversial species. The capstone to Hornocker's long career studying big cats, *Cougar* is a powerful and practical resource for scientists, conservationists, and anyone with an interest in large carnivores. He and conservationist Sharon Negri bring together the diverse perspectives of twenty-two distinguished scientists to provide the fullest account of the cougar's ecology, behavior, and genetics, its role as a top predator, and its conservation needs. This compilation of recent findings, stunning photographs, and firsthand accounts of field research unravels the mysteries of this magnificent animal and emphasizes its importance in healthy ecosystem processes and in our lives.

**Washington National Guard** William Andrew Leneweaver, Richard G. Patterson, and Dr. William H. Woodward, Jr, 2019 The Washington National Guard boasts a rich and illustrious history. From Neah Bay to Asotin and from Spokane to Grays Harbor, citizen soldiers and airmen have

served and sacrificed in both local communities and exotic places: Spokane and Luzon, Whidbey Island and Calexico, American Lake and Bordeaux, Mount St. Helens and Afghanistan. Their story is now brought vividly to life in these photographs and stories. It is offered not only for history buffs but also for the thousands of current and past National Guard members, families, friends, and neighbors touched by their service to state and nation.
