Death on Base Anita Belles Porterfield, John Porterfield, 2015-05-15 When Army psychiatrist Nidal Hasan walked into the Fort Hood Soldier Readiness Processing Center and opened fire on soldiers within, he perpetrated the worst mass shooting on a United States military base in our country's history. *Death on Base* is an in-depth look at the events surrounding the tragic mass murder that took place on November 5, 2009, and an investigation into the causes and influences that factored into the attack. The story begins with Hasan's early life in Virginia, continues with his time at Fort Hood, Texas, covers the events of the shooting, and concludes with his trial. The authors analyze Hasan's connections to radical Muslim cleric Anwar al-Awlaki and Al Qaeda in the Arabian Peninsula (AQAP) and demonstrate how radical Islam fueled Hasan's hatred of both the American military and the soldiers he treated. Hasan's mass shooting is compared with others, such as George Hennard's shooting rampage at Luby's in Killeen in 1991, Charles Whitman at the University of Texas, and Virginia Tech shooter Seung-Hui Cho. The authors explore the strange paradox that the shooting at Fort Hood was classified as workplace violence rather than a terrorist act. This classification has major implications for the victims of the shooting who have been denied health benefits and compensation.

Encore! Brian Leahy Doyle, 2009 In *Encore!* The Renaissance of Wisconsin Opera Houses, Brian Leahy Doyle chronicles the histories of ten Wisconsin opera houses and theaters, from their construction to their heydays as live performance spaces and through the periods when many of these stages went dark. All but one of the featured theaters has been restored to its original splendor. Just as the beginnings of these theaters were often the result of

the efforts of local citizens, Doyle discovers that their restoration is due to the commitment of dedicated and passionate people. More than one of these revived theaters has spurred the revitalization of its surrounding downtown business district as well.

Just Harvest Greg Francis, 2021-05-18 Although Greg Francis is not a farmer, he planted a seed as a lead counsel in a groundbreaking class-action lawsuit that yielded the largest gain for Black farmers in U.S. history. Since the last slaves were freed in the United States more than a century ago, countless promises made to the Black community have been broken. The first, of course, was the pledge of 40 acres and a mule to each emancipated family. Without land to their name, achieving economic independence was a near impossibility, yet Black farmer persisted. At first, many labored under condition that replicated slavery until they became tenant farmers, sharecroppers, and ultimately landowners. Throughout the years, systemic discrimination and racism barred them from receiving government funds intended as much for them as for other farmers. Their land, livelihood, and very existence were threatened time and again. Just Harvest not only pays homage to all the Black farmers who fought to own the land they've worked for decades, but it also celebrates the largest civil rights settlement won on their behalf. When the first of two landmark class-action law suits secured restitution for only a fraction of the affected farmers, a second lawsuit was launched, yielding astounding results. Due to the efforts of Francis and

other on the latter case, more than \$1 billion dollars has been paid by the U.S. Department of Agriculture to Black farmers for the injustices they suffered. In telling the story of Black farmers and their epic legal battle, Francis provides both personal and historical context. If you're American, these events should have personal and historical resonance for you too.--Page 2 of cover

Made From Scratch Kent Taylor, 2021-08-24 * An Instant Wall Street Journal Bestseller * From founder Kent Taylor, the incredible made-from-scratch success story of Texas Roadhouse. In *Made From Scratch*, the late business maverick Kent Taylor tells the legendary story of Texas Roadhouse and in the process reveals its recipe for success: embracing unorthodox business practices. Because isn't it a little unusual for a company to do almost no advertising? Is it wild to give away free peanuts and rolls and keep prices low, even as costs rise, or to keep the menu basically the same since it opened? Does it fly in the face of reason to prohibit coats and ties at headquarters and to have a CEO who dressed like he was part of the landscaping crew? These business practices might be unconventional, but for Kent and Texas Roadhouse, they worked. What Kent and his Roadies cooked up is an island of misfits who are cool with being different. They love to have fun, but are serious about following meticulous recipes to serve up hand-cut steaks, fall-off-the-bone ribs, made-from-scratch sides, ice-cold beer, and irresistible fresh-baked bread. It's *Legendary Food, Legendary Service*, the Texas Roadhouse way. To show how this company became a staple of American dining and survived a once-in-a-lifetime pandemic, Kent took a trip back in time to offer the lessons learned from his pathbreaking life, revealing how a distracted kid from Louisville, Kentucky, created anything worthwhile at all.

The Helpers: Profiles from the Front Lines of the Pandemic Kathy Gilsinan,2022-03-01 A deeply moving narrative of the coronavirus pandemic, told through portraits of eight individuals who worked tirelessly to help others. In March 2020, COVID-19 overtook the United States, and life changed for America. In a matter of weeks the virus impacted millions, with lockdown measures radically reshaping the lives of even those who did not become infected. Yet despite the fear, hardship, and heartbreak from this period of collective struggle, there was hope. In *The Helpers*, journalist Kathy Gilsinan profiles eight individuals on the front lines of the coronavirus battle: a devoted son caring for his family in the San Francisco Bay Area; a not-quite-retired paramedic from Colorado; an ICU nurse in the Bronx; the CEO of a Seattle-based ventilator company; a vaccine researcher at Moderna in Boston; a young chef and culinary teacher in Louisville, Kentucky; a physician in Chicago; and a funeral home director in Seattle and Los Angeles. These inspiring individual accounts create an unforgettable tapestry of how people across the country and the socioeconomic spectrum came together to fight the most deadly pandemic in a century. Beautifully written and profoundly moving, *The Helpers* is about ordinary people who stepped up to meet an extraordinary moment. "This is the story of how we beat the pandemic," Gilsinan writes, "but I hope that it someday serves as an introduction to the story of how we made a better country. That future starts with people like the ones in this book."

21st-Century Surveillance Technologies Daniel E. Harmon,2017-07-15 The new ways governments, law enforcement agencies, and businesses can keep tabs on

people is jaw dropping. This book examines the many new methods of data collection, the rationale behind developing them, the pros and cons of developing these new technologies, and the difficulties of restricting the use of these technologies before laws can be passed to protect citizens from abuses. This technology is getting more sophisticated as well as more common, leaving us to wonder if it really is a progressive development.

The Encyclopedia of Louisville John E. Kleber,2014-07-11 With more than 1,800 entries, The Encyclopedia of Louisville is the ultimate reference for Kentucky's largest city. For more than 125 years, the world's attention has turned to Louisville for the annual running of the Kentucky Derby on the first Saturday in May. Louisville Slugger bats still reign supreme in major league baseball. The city was also the birthplace of the famed Hot Brown and Benedictine spread, and the cheeseburger made its debut at Kaelin's Restaurant on Newburg Road in 1934. The Happy Birthday had its origins in the Louisville kindergarten class of sisters Mildred Jane Hill and Patty Smith Hill. Named for King Louis XVI of France in appreciation for his assistance during the Revolutionary War, Louisville was founded by George Rogers Clark in 1778. The city has been home to a number of men and women who changed the face of American history. President Zachary Taylor was reared in surrounding Jefferson County, and two U.S. Supreme Court Justices were from the city

proper. Second Lt. F. Scott Fitzgerald, stationed at Camp Zachary Taylor during World War I, frequented the bar in the famous Seelbach Hotel, immortalized in *The Great Gatsby*. Muhammad Ali was born in Louisville and won six Golden Gloves tournaments in Kentucky.

12 Seconds in the Dark John Mattingly, 2022-03-15 You might think you know what happened in the tragic shooting of Breonna Taylor, but no one knows that better than the lead officer on the scene, Sergeant John Mattingly. However, with the full support of the mainstream media, Black Lives Matter activists and other leftist groups immediately pounced on the tragedy, exploiting Breonna's death and twisting the story—in some cases, telling outright lies—to bolster a shameful “All Cops Are Bastards” narrative and radical “Defund the Police” agenda. In *12 Seconds in the Dark: A Police Officer's Firsthand Account of the Breonna Taylor Raid*, Sgt. Mattingly tells what really happened that horrible night. A twenty-year police veteran with an impeccable record, Mattingly takes readers inside the Louisville Metro Police Department's response to suspected criminal activity that night, debunking lie after lie about what happened, including: The officers followed standard forced-entry protocol—and even gave the suspect more time than usual to respond before entering. Taylor's boyfriend inside the apartment most certainly knew it was the police who were at his door, despite falsely claiming the police did not announce or identify themselves. Breonna should not have died that night, but her death did not happen the way the media told you. In this gritty and suspenseful true story, Mattingly sets the record straight on this shocking story that gripped the nation.
