No Fear Allowed Laura Herring,2015-08-04 This business leader’s biography is “an honest book, a rare insight into the truth of what entrepreneurs face every day” (Maxine Clark, founder, Build-A-Bear Workshop; founding member, PROSPER Women Entrepreneurs). In No Fear Allowed, Laura Herring traces her story from psychologist to entrepreneur and then business leader, sharing her experience as the Founder and Chairwoman of IMPACT Group, a global company she grew to almost fifty million dollars. Filled with straight talk from the frontlines of corporate America that can benefit anyone in business, no matter what level, this inspiring read reminds us that whether you’re an entrepreneur, an intrapreneur in a corporate setting, or simply a lover of great business biographies, “No Fear Allowed” is not just a phrase. It’s a battle cry! “An amazing, heartfelt personal story of overcoming failure after failure on the road to triumph . . . Her lessons learned at the end of each chapter are worth the price of the book alone.” —Sandra Yancey, founder and CEO, eWomenNetwork

Finance 'n Stilettos Zaneilia Harris,2015-11-30 No matter where you are in life personally, Finance 'n Stilettos is written for you. Zaneilia strives to show women how to effectively manage their finances with class and a touch of flair. As well-heeled women, we know that shoes are an essential component to a stylish and sophisticated wardrobe. Finance is just as important to our daily lives as the red peep toe stiletto pump is to a perfectly tailored black pinstripe suit. They both are valuable to a woman’s confidence and inner feeling of being well put together. Throughout this book, Zaneilia intertwines her personal stories while highlighting financial tips for women going through the various phases of life. She shares how smart successful women can avoid and recover from money mishaps that can potentially derail their financial progress. The first step to bouncing back with grace and dignity is acknowledgement of the mistake. If you never admit it, you can’t fix it. Instead of dwelling on past financial missteps, she wants to motivate women to learn effective strategies that can help them navigate through the runway of life.

Single. Women. Entrepreneurs. Second Edition Erin Albert,2017-01-28 The number of unmarried adult women actually outnumber the number of married women for the first time in US history, according to the Population Reference Bureau, in October, 2010. Women are now earning more, going to college and graduate schools more, and finding ways to become more independent. Also, according to the Kauffman Foundation, single, divorced and widowed women start more businesses as entrepreneurs than men in their respective categories. This book interviews over 30 single women entrepreneurs throughout the US to discern why they started their original businesses, what the perceived advantages and disadvantages are for the single woman entrepreneur, what they each learned from the experience, and what advice they have for the next generation of women solopreneurs. The first edition of this book has been reviewed in The New York Times, Entrepreneur and author Dan Pink’s blog.

OECD SME and Entrepreneurship Outlook 2005 OECD,2005-07-21 Describes recent trends concerning SMEs and entrepreneurship in OECD economies and beyond discussing innovation, regulatory burdens, entrepreneurship education, access to financing, and women's entrepreneurship. The Power of Procurement United Nations Women,2017-04-12 This manual provides corporations and their suppliers with a deeper understanding of the barriers and challenges preventing women-owned businesses from accessing and fully participating in local and global values chains. It provides the tools and techniques for reducing or eliminating these barriers and for leveraging the vast untapped economic potential represented by women-owned businesses. For many women, entrepreneurship offers a path to economic empowerment and it is incumbent upon corporations to help create conditions that permit this.
