**The WVU Coed Murders** Geoffrey C. Fuller, S. James McLaughlin, 2021-10-04 Some said that the killer couldn't be a local. Others claimed that he was the wealthy son of a prominent Morgantown family. Whispers spread that Mared and Karen were sacrificed by a satanic cult or had been victims of a madman poised to strike again. Then the handwritten letters began to arrive: You will locate the bodies of the girls covered over with brush--look carefully. The animals are now on the move. Investigators didn't find too few suspects--they had far too many. There was the campus janitor with a fur fetish, the harmless deliveryman who beat a woman nearly to death, the nursing home orderly with the bloody broomstick and the bouncer with the girlish laugh who threatened to cut off people's heads. Local authors Geoffrey C. Fuller and S. James McLaughlin tell the complete story of the murders for the first time.

**Mountaineers Are Always Free** Rosemary V. Hathaway, 2020 The West Virginia University Mountaineer isn't just a mascot: it's a symbol of West Virginia history and identity that's embraced throughout the state. Folklorist Rosemary Hathaway explores the figure's early history as a backwoods trickster, its deployment in emerging mass media, and finally its long and sometimes conflicted career--beginning officially in 1937--as the symbol of West Virginia University--

Adrian Simcox Does NOT Have a Horse Marcy Campbell, 2018-08-14 A classic in the making, this heartwarming story about empathy and imagination is one that families will treasure for years to come. Adrian Simcox tells anyone who will listen that he has a horse--the best and most beautiful horse anywhere. But Chloe does NOT believe him. Adrian Simcox lives in a tiny house. Where would he keep a horse? He has holes in his shoes. How would he pay for a horse? The more Adrian talks about his horse, the angrier Chloe gets. But when she calls him out at school and even complains about him to her mom, Chloe doesn't get the vindication she craves. She gets something far more important. Written with tenderness and poignancy and gorgeously illustrated, this book will show readers that kindness is always rewarding, understanding is sweeter than judgment, and friendship is the best gift one can give.

**Tied Up in Knotts** Karen Knotts, Betty Lynn, 2021-09-21 Karen Knotts tells the full story of her father, Don Knotts. Much has been written about Don Knotts's career, especially about his iconic role as Barney Fife on *The Andy Griffith Show*, but personal views into the man himself are few and far between. In *Tied Up in Knotts*, a loving daughter provides a full-life narrative of her father: Don's difficult childhood in an abusive home, his escape into comedic performance, becoming a household name, his growth as a feature film actor, his failing health, and his family life throughout, leading to touching and hilarious moments that will make the reader laugh and cry. Those looking for a behind-the-scenes peek at the show, from the nuts and bolts of production to the hilarious pranks and heartfelt moments between the cast and crew, will see it all through the eyes of the little girl who grew up on the set. Knotts will delight readers with the memories of celebrities touched by Don's life, including Ron Howard, Tim Conway, Andy Griffith, Elinor Donahue, John Waters, Barbara Eden, Katt Williams, and Jim Carrey. *Tied Up In Knotts* delves beyond Barney Fife nostalgia to tell the life story of a man and father.

**The Global Industrial Complex** Steven Best, 2011 *The Global Industrial Complex: Systems of Domination* is a groundbreaking collection of essays

by a diverse set of leading scholars who examine the entangled and evolving global array of corporate-state structures of hegemonic power--what the editors refer to as the power complex--that was first analyzed by C. Wright Mills in his 1956 classic work, *The Power Elite*. In this new volume edited by Steven Best, Richard Kahn, Anthony J. Nocella II, and Peter McLaren, the power complex is conceived as co-constituted, interdependent and imbricated systems of domination. Spreading insidiously on a global level, the transnational institutional relationships of the power complex combine the logics of capitalist exploitation and profits and industrialist norms of efficiency, control, and mass production. While some have begun to analyze these institutional complexes as separate entities, this book is unique in analyzing them as overlapping, mutually-enforcing systems that operate globally and which will undoubtedly frame the macro-narrative of the 21st century (and perhaps beyond). The global industrial complex--a grand power complex of complexes--thus poses one of the most formidable challenges to the sustainability of planetary democracy, freedom and peace today. But there can be no serious talk of opposition to it until it is more popularly named and understood. *The Global Industrial Complex* aims to be a foundational contribution to this emerging educational and political project.

What's Public about Public Higher Ed? Stephen M. Gavazzi, E. Gordon Gee, 2021-10-19 Exploring the current state of relationships between public universities, government leaders, and the citizens who elect them, this book offers insight into how to repair the growing rift between higher education and its public. Higher education gets a bad rap these days. The public perception is that there is a growing rift between public universities and the elected officials who support them. In *What's Public about Public Higher Ed?*, Stephen M. Gavazzi and E. Gordon Gee explore the reality of that supposed divide, offering qualitative and quantitative evidence of why it's happened and what can be done about it. Critical problems, Gavazzi and Gee argue, have arisen because higher education leaders often assumed that what was good for universities was good for the public at large. For example, many public institutions have placed more emphasis on research at the expense of teaching, learning, and outreach. This university-centric viewpoint has contributed significantly to the disconnect between our nation's public universities and the representatives of the people they are supposed to be serving. But this gulf can only be bridged, the authors insist, if people at the universities take the time to really listen to what the citizens of their states are asking of them. Gavazzi and Gee draw on never-before-gathered survey data on public sentiment regarding higher education. Collected from citizens residing in the four most populous states—California, Florida, New York, and Texas—plus Ohio and West Virginia, the authors' home states, this data reflects critical issues, including how universities spend taxpayer money, the pursuit of national rankings, student financial aid, and the interplay of international activities versus efforts to create closer to home impact. An unflinching, no-holds-barred exploration of what citizens really think about their public universities, *What's Public about Public Higher Ed?* also places special emphasis on the events of 2020—including the COVID-19 pandemic and the worst racial unrest seen in half a century—as major inflection points for understanding the implications of the survey's findings.

**Early Native Americans in West Virginia: The Fort Ancient Culture** Darla Spencer, 2016 Follow Archaeologist Darla Spencer as she discovers the history and habits of 16 Native American sites in West Virginia. Once thought of as Indian hunting grounds with no permanent inhabitants, West Virginia is teeming with evidence of a thriving early native population. Today's farmers can hardly plow their fields without uncovering ancient artifacts, evidence of at least ten thousand years of occupation. Members of the Fort Ancient culture resided along the rich bottomlands of southern West

Virginia during the Late Prehistoric and Protohistoric periods. Lost to time and rediscovered in the 1880s, Fort Ancient sites dot the West Virginia landscape. This volume explores sixteen of these sites, including Buffalo, Logan and Orchard. Archaeologist Darla Spencer excavates the fascinating lives of some of the Mountain State's earliest inhabitants in search of who these people were, what languages they spoke and who their descendants may be.

**Control of Violence** Wilhelm Heitmeyer, Heinz-Gerhard Haupt, Stefan Malthaner, Andrea Kirschner, 2010-11-04 The *Control of Violence in Modern Society*, starts from the hypothesis that in modern society we will face an increasing loss of control over certain phenomena of violence. This leads to unpredictable escalations and violence can no longer be contained adequately by the relevant control regimes, such as police, state surveillance institutions, national repression apparatuses and international law. However, before investigating this hypothesis from an internationally and historically comparative perspective, the terms and tools for this undertaking have to be rendered more precisely. Since both control and violence are all but clear-cut terms but rather highly debatable and contested concepts that may take multiple connotations. The main question is whether an increase in certain forms of violence can be explained by the failure or, in turn, overeffectiveness of certain control mechanisms. It is asked, for instance, which contribution religion can make to limit violence and, in turn, which destructive potential religion might have in its fundamentalist form. Moreover, the concept of individual self-control as well as social institutions and strategies of collective disengagement and de-radicalization are investigated with regard to their potential for controlling violence. The *Control of Violence in Modern Society* concludes with a re-examination of the hypothesis of a loss of control by specifying in what cases and under which circumstances we can speak of a loss of control over violence.

**Captain Crash and the Dallas Cowboys** Cliff Harris, 2014-09-02 How does it feel to see your name among the Cowboys greats in Texas Stadium's Ring of Honor? What was it like to be recruited by professional scouts? What happened to the guy who hooked Randy White in the back with a wayward fishhook? How did legendary coach Tom Landry motivate his players? How did a waterbed and transcendental meditation help Cliff Harris gain an edge over his opponents? Replete with memories from his college days at Ouachita Baptist and then as a member of the Dallas Cowboys during the "America's Team" era, Cliff answers those questions and more in the updated edition of *Captain Crash and the Dallas Cowboys*. Read about his teammates, his coach, his enemies, training secrets, Super Bowls—of which Cliff played in five, winning two—Pro Bowls, motorcycles, and motorboats. In this book, first published in 2006 and now including a new introduction, Cliff takes us on the wild ride that was his life as a Cowboy free safety and how he got there in the first place. The book also includes great insider stories written by famous fellow players Walt Garrison, Roger Staubach, Lee Roy Jordan, and Charlie Waters. Perfect for the shelf of any Dallas Cowboys fan! *Unmentionable* Therese Oneill,2018-05-08 The New York Times bestselling, hysterically funny and unsettlingly fascinating (Jenny Lawson) guide to the secrets of Victorian womanhood. Have you ever wished you could live in an earlier, more romantic era? Ladies, welcome to the 19th century, where there's arsenic in your face cream, a pot of cold pee sits under your bed, and all of your underwear is crotchless. (Why? Shush, dear. A lady doesn't question.) UNMENTIONABLE is your hilarious, scandalously honest (though never crass), illustrated guide to life as a Victorian lady, offering detailed advice on: ~ What to wear ~ Where to relieve yourself ~ How to conceal your loathsome addiction to menstruating ~ What to expect on your wedding night ~ How to be the perfect Victorian wife ~ Why masturbating will kill you ~ And more Irresistibly charming, laugh-out-loud funny, and featuring nearly 200 images from Victorian publications, UNMENTIONABLE will inspire a whole new level of respect for Elizabeth Bennett, Scarlet O'Hara, Jane Eyre, and all of our great, great grandmothers. (And it just might leave you feeling ecstatically grateful to live in an age of pants, super absorbency tampons, epidurals, anti-depressants, and not-dying-of-the-syphilis-your-husband-brought-home.)

Gordon Gee,2018-11-15 This book should be of great interest to faculty members and students, as well as those parents, legislators, policymakers, and other area stakeholders who have a vested interest in the well-being of America's original public universities.
