Risk and Health Communication in an Evolving Media Environment H Dan O'Hair, 2018-01-12 Broadcast media has a particular fascination with stories that involve risk and health crisis events-disease outbreaks, terrorist acts, and natural disasters-contexts where risk and health communication play a critical role. An evolving media landscape introduces both challenges and opportunities for using communication to manage extreme events and hazardous contexts. Risk and Health Communication in an Evolving Media Environment addresses issues of risk and health communication with a collection of chapters that reflect state-of-the-art discussion by top scholars in the field. The authors in this volume develop unique and insightful perspectives by employing the best available research on topics such as brand awareness in healthcare communication, occupational safety, climate change communication, local broadcasts of weather emergencies, terrorism, and the Ebola outbreak, among many other areas. It features analysis of new and traditional media that connects disasters, crises, risks, and public policy issues into a coherent fabric. This book bridges a substantial, but sometimes disconnected body of literature, and by doing so asks how contexts related to risk and health communication are best approached, how researchers balance scientific findings with cultural issues, and how scholars study an increasingly media-savvy society with traditional research methods.

Life's Been a Blast Emily Lyons, Jeff Lyons, 2005 Emily Lyons survived a bomb detonated by Eric Robert Rudolph in Birmingham, Alabama on Jan 29th, 1998. Rudolph was on the FBI's Top Ten for over five years with a reward of one million dollars. The manhunt cost \$30 million. Emily sustained extensive injuries, including the loss of her eye. This book is about the attack, but there is so much more - love and hate, life and death, joy and sorrow. Most of all, it is about survival. Tragic events do not make a person special. Life knocks everybody down. What counts is how you stand up afterwards. Emily faced her injuries head on and with a smile. This bombing was an unforgivable act that strikes at the heart of the constitutional freedoms and individual liberties all Americans hold dear. -- President Clinton. In an era of terrorism, Emily Lyons proves its failure. It has made her more outspoken, more likely to smile, and even more treasured by her husband. Her personal story is an inspiration to all. --Gloria Steinem. Thank you so much for your courage. --Katie Couric, Today Show. Emily and Jeff's inspiring story is one of overcoming tragedy with love and humor. --Rick Journey and Janice Rogers, WBRC.

Hook, Line and Supper Hank Shaw, 2021-04 Quite possibly the only fish and seafood cookbook you'll ever need, from the author of the award-winning website Hunter Angler Gardener Cook. So many people get all tense when faced with a piece of fish or a bag of shrimp. It's understandable: you went through all that effort to catch it, or, if you bought it from the store, we all know that fish isn't cheap. You don't want to mess things up. Hook, Line and Supper aims to cure that stage fright once and for all by breaking down the essence of fish and seafood cookery, allowing you to master the methods that bring out the best in whatever you catch or bring home from the market. Rather than focusing on specific species, Hook, Line and Supper zeroes in on broad, widely applicable varieties of fish - both freshwater and salt - that can substitute for each other, and clearly and carefully provides master recipes and techniques that will help you become a more competent and complete fish and seafood cook. Hank Shaw, an award-winning food writer, angler, commercial fisherman and cook at the forefront of the wild-to-table revolution, provides all you need to know about buying, cleaning, and cooking fish and seafood from all over North America. You'll find detailed information on how best to treat these various species from the moment they emerge from the water, as well as how to select them in the market, how to prep, cut and store your fish and seafood. Shaw's global yet approachable recipes include basics such as classic fish and chips and smoked salmon; international classics like Chinese steamed fish with chiles, English fish pie, Mexican grilled clams, and Indian

crab curry; as well as deeply personal dishes such as a Maine style clam chowder that has been in his family for more than a century. It also features an array of fish and seafood charcuterie, from fresh sausages and crispy skin chips, to terrines and even how to make your own fish sauce. The most comprehensive guide to preparing and cooking fish and seafood, Hook, Line and Supper will become an indispensable resource for anglers as well as home cooks looking for new ways to cook whatever fish or seafood that strikes their fancy at the market.

Sidelines and Bloodlines Ryan McGee, Jerry E. McGee, Sam McGee, Rece Davis, 2020-09-15 Ryan McGee has been one of my closest friends for nearly half our lives, and my admiration for his storytelling ability is infinite. *Sidelines and Bloodlines* is his deft storytelling at its best. Fathers and sons and sports—and the impenetrable bonds forged and memories created when they intersect. —Marty Smith, New York Times bestselling author and ESPN reporter Football is a game of lines—on and off the gridiron In *Sidelines and Bloodlines*, Ryan McGee—co-host of the popular Marty & McGee show on ESPN Radio and SEC Network—teams up with his father and brother to share lessons learned between the white lines, featuring a cast of characters that runs from no-name small college athletes and coaches to one-name legends such as Holtz, Paterno, Tebow, and Bo. The McGees provide a rare and often hilarious glimpse inside the lives of college officials, detailing how a love for the game convinces accomplished professionals from all walks of life to voluntarily endure ceaseless insults and highly public criticism. The book contains memorable stories of brawling high school referees and making awkward small talk with George Lucas and Darth Vader at the Rose Bowl to the heart-tugging story of young sons in the stands on a Saturday as a stream profanity-laden insults directed at their father drowns out the marching band. *Sidelines and Bloodlines* delivers laughs, tears, and a deeper understanding of a life in stripes.

The Southernization of America Frye Gaillard, Cynthia Tucker, 2022-03-15 Pulitzer Prize-winner Cynthia Tucker and award-winning author Frye Gaillard reflect in a powerful series of essays on the role of the South in America's long descent into Trumpism. In 1974 the great Southern author John Egerton published his seminal work, *The Americanization of Dixie: The Southernization of America*, reflecting on the double-edged reality of the South becoming more like the rest of the country and vice versa. Tucker and Gaillard dive even deeper into that reality from the time that Egerton published his book until the present. They see the dark side—the morphing of the Southern strategy of Richard Nixon and Ronald Reagan into the Republican Party of today with its thinly disguised (if indeed it is disguised at all) embrace of white supremacy and the subversion of democratic ideals. They explore the “birtherism” of Donald Trump and the roots of the racial backlash against President Obama; the specter of family separation on our southern border, with its echoes of similar separations in the era of slavery; as well as the rise of the Christian right, the demonstrations in Charlottesville, the death of George Floyd, and the attack on our nation's capital—all of which, they argue, have roots that trace their way to the South. But Tucker and Gaillard see another side too, a legacy rooted in the civil rights years that has given us political leaders like John Lewis, Jimmy Carter, Raphael Warnock, and Stacey Abrams. The authors raise the ironic possibility that the South, regarded by some as the heart of the country's systemic racism, might lead the way on the path to redemption. Tucker and Gaillard, colleagues and frequent collaborators at the University of South Alabama in Mobile, bring a multi-racial perspective and years of political reporting to bear on a critical moment in American history, a time of racial reckoning and of democracy under siege.

A Season to Remember Carson Tinker, Tommy Ford, 2014-05-01 In Tuscaloosa, Alabama the world revolves around one thing: The University of Alabama's Crimson Tide. But on April 27, 2011 everything changed. An EF4 tornado ripped through the small college town and changed it forever. Carson Tinker, the starting long snapper for the 2011 and 2012 National Champion Crimson Tide, was among those forever changed by the events of April 27. Tinker lost his girlfriend Ashley Harrison to the storm, but not his faith. In the midst of unfathomable destruction, Tinker saw love, companionship, perseverance, and triumph in a community torn apart by a natural disaster. Where everyone else saw tragedy, Carson Tinker saw blessing. Following the storm, the Crimson Tide suited up to face their most challenging season to date. Tinker's personal story guides readers through what cannot be described any other way than a season to remember.

Brilliant Disguises William Thornton, 2009-11-02 Cameron Leon is a newly-hired worker for the Forster Foundation, a world-wide charitable organization led by a reclusive billionaire. To get the job, Cameron has to join a church. However, Cameron, still mourning the recent death of his brother Peter, decides he will only pretend to get saved. In the process, he impersonates not only a Christian, but on occasion his brother. Cameron continues to receive tearful phone calls from Peter's widow, Cecelia, who wants to hear her late husband's voice. Cameron, a born mimic like his brother, flawlessly impersonates him but feels the need for a personal kind of cleansing. In the end, Cameron discovers not only how many faces he has, but how many there are among the people around him. In the end, he finds he has been impersonating someone - or Someone - all along. According to Thornton, *BRILLIANT DISGUISES* grew from a longing to see the inner life of a Christian in a fictional setting. But the only way to make such a familiar setting appear unfamiliar to Christian readers was to have the story told by someone posing as one. Thornton says, Probably anyone who has attended an evangelical church, or any church for that matter, has a story of someone who volunteers for everything, is there for every service, has been a model of prayer and devotion for what seems like generations. It could be the Sunday School director or the lady who helps out in the kitchen or the organist. Then one Sunday, they come forward during the dedication and announce that they've never felt they

were saved. I wondered how that could happen, and I figured it would help if we were dealing with a character who was a born mimic.
