Kingdom Chaos Jeff Dixon, 2020-10-22 Author Jeff Dixon once again combines thrilling fiction, faith, and Disney facts in *Kingdom Chaos*, a stand-alone novel with crossover to his beloved novel series, *Dixon on Disney*. As the story unfolds, the controversial President Tyler Pride and his family board a monorail at the Transportation and Ticket Center for a trip to the Epcot Resort. When the monorail arrives at Epcot, the president and his family are gone. A national crisis instantly explodes across the Disney resort. The president has been kidnapped. And if the president is missing at Walt Disney World, who better to find him than the man who knows Walt Disney World better than anyone who has ever lived, Grayson Hawkes? This is a political and ideological thriller, an action-adventure mystery, and, also, a story of how faith and politics sometimes clash. Like Dixon's past novels, *Kingdom Chaos* can best be described as *faction*, a weaving of fact and fiction set in the Walt Disney World Resort in Central Florida. The places and locations are real, and the novel builds on events from the life of Walt Disney and the history of the Walt Disney World Resort. The sights, the sounds, and the secrets of the themed resort all become a part of solving the mystery and trying to save the president of the United States. *Kingdom Chaos* is set in the same fictionalized Disney World as the original novel series *Dixon on Disney*. Grayson Hawkes and other characters return, joined by new characters and a threat with national implications unlike any they've faced before. Along the way, we will unpack enough of their backstory to create numerous fun Hidden Mickeys for readers of the original series to find and connect to the first four books.

Forgotten Disney Kathy Merlock Jackson, Carl H. Sederholm, Mark I. West, 2023-06-19 This work demonstrates that not everything that Disney touched turned to gold. In its first 100 years, the company had major successes that transformed filmmaking and culture, but it also had its share of unfinished projects, unmet expectations, and box-office misses. Some works failed but nevertheless led to other more stunning and lucrative ones; others shed light on periods when the Disney Company was struggling to establish or re-establish its brand. In addition, many Disney properties, popular in their time but lost to modern audiences, emerge as forgotten gems. By exploring the studio's missteps, this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits. With essays by writers from across the globe, it also asserts that what endures or is forgotten varies from person to person, place to place, or generation to generation. What one dismisses, someone else recalls with deep fondness as a magical Disney memory.

Beauty and the Beast (Disney Beauty and the Beast) Teddy Slater, 2014-02-26 Come be our guest in the Beast's castle where teapots talk, spoons dance, and beautiful Belle discovers that things are never quite as they seem. Disney's *Beauty and the Beast* is retold in the classic Little Golden Book format.

Explorer Academy: The Star Dunes (Book 4) Trudi Trueit, 2020-03-17 Cruz, Sailor, Emmett, and the gang are on their way to Africa when Nebula misses their intended target and someone close to Cruz ends up on the brink of death. Secrets creep out from the shadows and leave Cruz with more questions than answers in this fourth title in the hit series. A major discovery forces the Explorer Academy into the limelight in *The Star Dunes*, but Cruz has much more on his mind than 15 minutes of fame. A new face on board the ship brings Cruz's worlds colliding, just as a major close call tears them apart. En route to Africa, Team Cousteau is now down a major player, and Cruz can't help but be preoccupied by the hole in his life. The discovery of his mom's next clue leads him to the most exotic location yet--a vast desert--with no other information to lead the way, while an unlikely ally helps Cruz pursue another piece of the puzzle. Just as things seem like they might turn out

alright, Dr. Fanchon Quills has a technological breakthrough which gives Cruz a glimpse into the past and reveals more about his future than he may really want to know.

Explorer Academy: The Falcon's Feather (Book 2) Trudi Trueit, 2019-03-19 It's an adventure of a lifetime when Cruz Coronado sets sail for the shores of Iceland and Norway aboard the Explorer Academy ship to continue his studies at sea. But, things take a turn while exploring the icy north, when he embarks on a dangerous mission to uncover the first piece of an important puzzle his mother left behind. In the exciting follow-up to *The Nebula Secret* in the 7-book Explorer Academy series, Cruz, Sailor, and Emmett, along with their new ally Bryndis, embark on their first globe-trotting mission aboard the ship Orion. Cruz jumps right back into school and starts using the latest technology in submersible underwater dives, but is soon reminded of the dangers of exploration when his equipment fails and he almost drowns. Determined to keep his eyes on the prize, Cruz sneaks away to try to find answers, but unknowingly lures his friends into bigger trouble. When a friend of Cruz's mom meets an untimely end, Cruz's luck really seems about to run out and the questions multiply. What does the message mean? Where will it lead? Who is following him? And why? This captivating book is the sequel every Explorer Academy fan is waiting to read!
