We Heart L.A. Parks Narrated Objects,2021-02-14 Public parks are vital resources to all of us as places for exploration, celebration, education, recreation, and activism. We Heart L.A. Parks celebrates these important sites by featuring more than 50 public parks within the city of Los Angeles with original illustrations, personal stories, and fun activities, including two colorful fold-outs: an L.A. parks map and an L.A. Park Adventures board game. From hiking trails and waterfalls, to basketball courts and barbecue pits, to historic architecture and park vendors -- We Heart L.A. Parks highlights the diversity of our city's open spaces and how urban wildlife and humans can share these spaces and flourish. We Heart Harry Billie Oliver,2022-03-22 A love letter to Harry Styles, a pop star who's a sign of the times. The world may have had to say goodbye to One Direction, but that hasn't stopped Harry Styles from stealing our hearts. From the swoop of his boy band bangs to his sheer Gucci look on the runway, the singer, actor, and all-around dreamboat is a tour de force of a cultural icon, but our love is deeper than his great choices in fashion and his dulcet tones. Did you know that Shania Twain is one of his idols? That he's BFFs with Stevie Nicks? And that he's generous with his money, donating to a long list of charities? This book is packed with 50 tidbits of Harry Styles trivia and some very serious collages. Billie can only pray that he one day sees it and graces her with an Instagram DM. (A girl can hope.)

The Other "F" Word John Danner,Mark Coopersmith,2015-03-04 Leverage the power of failure in your organization Nobody wants to fail, but failure is a fact of life. Most of us treat it as a regrettable, even shameful, event best overlooked. In truth, failure can be a game-changing strategic resource that can help you and your organization achieve the greater success you crave. The Other F Word shows how successful leaders and teams are putting failure to work every day - to re-engage employees, spark innovation and accelerate growth. Authors Danner and Coopersmith - with their rare blend of senior-level executive experience, global advising, teaching acumen and cross-discipline perspective - share these valuable new practices, and show how they can improve results across your organization. Based on exclusive interviews with prominent leaders and insightful examples from their own in-depth work, the book features a practical seven-stage framework to liberate failure as a force to advance your leadership agenda. After all, everyone creates and confronts failure on a daily basis. Why not use it to your advantage? The Other F Word shows you how to: Start an open, productive conversation about failure across your organization Reduce the fear of failure that stifles initiative, creativity and engagement Anticipate, prepare for and respond to failure, so you can leverage it when it happens Harness failure as a catalyst to drive innovation, improve performance and strengthen culture Failure's like gravity – pervasive and powerful. Whether you're a leader or team member of a startup, a growing business, or an established enterprise, failure is today's lesson for tomorrow. Let The Other F Word show you how to apply this lesson and take your company where it needs to go.

Seeing Ourselves Through Technology Jill W. Rettberg,2014-10-02 This book is open access under a CC BY license. Selfies, blogs and lifelogging devices help us understand ourselves, building on long histories of written, visual and quantitative modes of self-representations. This book uses

examples to explore the balance between using technology to see ourselves and allowing our machines to tell us who we are.

Internet and Mobile Phone Addiction Olatz Lopez-Fernandez,2019-03-07 Internet use-related addiction problems (e.g., Internet addiction, problem mobile phone use, problem gaming, and social networking) have been defined according to the same core element: the addictive symptomatology presented by individuals who excessively and problematically behave using the technology. Online activity is the most important factor in their lives, causing them the loss of control by stress and difficulties in managing at least one aspect of their daily life, affecting users' wellbeing and health. In 2018, Gaming Disorder was included as a mental disease in the 11th Revision of the International Classification of Diseases by the World Health Organization. In 2013, the American Psychiatric Association requested additional research on Internet Gaming Disorder. The papers contained in this e-Book provide unique and original perspectives on the concept, development, and early detection of the prevention of these health problems. They are diverse in the nature of the problems they deal with, methodologies, populations, cultures, and contain insights and a clear indication of the impact of individual, social, and environmental factors on Internet use-related addiction problems. The e-Book illustrates recent progress in the evolution of research, with great emphasis on gaming and smartphone problems, signaling areas in which research would be useful, even cross-culturally.

It's All Good Gwyneth Paltrow,2013-04-02 Gwyneth Paltrow, Academy-Award winning actress and bestselling cookbook author, returns with recipes for the foods she eats when she wants to lose weight, look good, and feel more energetic. Last spring, after a particularly grueling schedule and lapse of overindulgence, Gwyneth Paltrow was feeling fatigued and faint. A visit to her doctor revealed that she was anemic, vitamin D deficient, and that her

stress levels were sky high. He prescribed an elimination diet to clear out her system and help her body heal. But this meant no coffee, no alcohol, no dairy, no eggs, no sugar, no shellfish, no deep-water fish, no wheat, no meat, no soy, nothing processed at all! An avid foodie, Paltrow was concerned that so many restrictions would make mealtime boring, so, together with Julia Turshen, she compiled a collection of 185 delicious, easy recipes that followed her doctor's guidelines. And it worked! After changing her diet, Paltrow healed totally, felt more energetic and looked great. Now, in It's All Good, she shares the go-to dishes that have become the baseline for the restorative diet she turns to whenever she feels she needs it. Recipes include: Huevos Rancheros, Hummus Tartine with Scallion-Mint Pesto, Salmon Burgers with Pickled Ginger, even Power Brownies, Banana Ice Cream, and more!
