*The Graveyard Shift* Maria Lewis,2023-09-12 When a horror-loving radio show becomes the stage of a gruesome murder, its host Tinsel Monroe is put next on the killer's list... A fast paced, thrilling murder mystery novel, paying homage to slasher films of the 90's, *The Graveyard Shift* is the perfect Halloween read for fans of Riley Sager and Grady Hendrix. Tinsel Munroe has busted her guts to get where she is. Yet her dream of working in radio hasn't turned out to be everything she hoped it would. Sure, she has her own show – aptly titled *The Graveyard Shift* – where she celebrates the sounds of cult-cinema, but the wage is barely enough to cover her rent and the midnight hours are putting a strain on her relationship with her boyfriend. Even after three years at Melbourne's coolest station, she's seemingly no closer to a prime-time slot. That is, until someone is murdered live on air. Mistaking it for a Halloween prank, a visit from police informs Tinsel that the hysterical call was – in fact – the real deal. She's freaked out, but her true-crime obsessed sister Pandora is fascinated. While detectives assure them the killer will soon be caught, the bodies continue to drop with the killer striking in increasingly gruesome ways. With a growing, macabre audience to her radio show, that potentially includes the killer, Tinsel begins receiving strange messages over the text-in lines. Her workplace, and even her home, are suddenly not the sanctuaries she once thought. Tinsel and her sister are left with no choice but to team up with Detective James as they race to find the connection between her and the culprit. The people she thought she could trust are now those she should fear the most. In order to survive, Tinsel is going to have to listen to more than just the airwaves...

**Kill Maker** Trevor L. White,2012-07-31 Dalton and Oriel had been living together for over two years. They had met after the Wimbledon tournament where Oriels doubles partner had tested positive to drugs and both players were taken in for questioning. During an interview with Dalton advice came through that, Oriels tests had proved negative. In a show of courtesy, he took her to the police canteen and there over a cup of tea a mutual attraction between the two started. Possibly, it wouldnt have gone any further as touring tennis players never stay long enough for lasting relationships. Fortunately, for Dalton and unfortunately for Oriel in her next tournament she broke her ankle ending her professional career.

The Pest W. Teignmouth Shore,2022-06-02 'The Pest' is a romance novel by W. Teignmouth Shore (1865-1932). It shows some interesting aspects of man-woman relationships with the help of magnetic characters. Excerpt: When he had left the room, Marian sat down again by the fire, her face lit up by a smile of complete satisfaction. She was not trembling on the brink of revolt. When she had met him that foggy afternoon she had been so, but only because she felt helpless. Now succor had come. She felt certain that she could win Maddison to her will, that she would be able to use him as the stepping-stone to the luxury and power for which she lusted. He had almost loved her in the old days, he nearly loved her now after these two brief meetings; at any rate, he was sorry for her. She would tempt him and he would fall.

**Letters From The Earth** Mark Twain,2017-04-04 The Creator sat upon the throne, thinking. Behind him stretched the illimitable continent of heaven, steeped in a glory of light and color; before him rose the black night of Space, like a wall. His mighty bulk towered rugged and mountain-like into the zenith, and His divine head blazed there like a distant sun. At His feet stood three colossal figures, diminished to extinction, almost, by contrast -- archangels -- their heads level with His ankle-bone. When the Creator had finished thinking, He said, I have thought. Behold! He lifted His hand, and from it burst a fountain-spray of fire, a million stupendous suns, which clove the blackness and soared, away and away and away, diminishing in magnitude and intensity as they pierced the far frontiers of Space, until at last they were but as diamond nailheads sparkling under the domed vast roof of the universe. At the end of an hour the Grand Council was dismissed. They left the Presence impressed and thoughtful, and retired to a private place, where they might talk with freedom. None of the three seemed to want to begin, though all wanted somebody to do it.
