**Available Light** Paul Ferrini, 1990 Inspirational, passionate poems dealing with the work of inner integration, love and relationships, death and re-birth, loss and abundance, life purpose and the reality of spiritual vision.

**Unfolding our Light** Michael Eastwood, 2013-10-01 Based on his work with the Crystal Oversouls, *Unfolding Our Light* explores a new vision for an awakening humanity which takes into account the changes to the traditional model of auras and chakras. The book explains Eastwood's childhood connection to light-beings and a particular experience he had as a child. This experience connected him directly to light-beings and their guidance. The book follows the light-beings' message: "In Lemuria your vastness was reflected through at least ten layers of your aura as well as ten chakras, awakened and fully operational. In this lifetime humanity, as well as all kingdoms of this planet, will awaken from this slumber through an initiation – the like that has not been since since Lemurian times. This initiation will activate the ten layers of your aura as well as all ten chakras. Through this you and humanity will remember union with the wider universe. This human initiation will be keenly watched by the inner planes as well as other star worlds – it involves them too."

*Shoeing the Modern Horse* Steven Kraus, 2023-04-14 The must-have reference for effective and responsible shoeing for the good of the horse. All horses have four hooves that are integral to their overall health, their athletic ability, and ultimately, their longevity, whether their "job" is simply grazing in a pasture or competing at the highest levels. But not all horses are the same—the individual needs of each horse require an understanding of responsible, informed hoofcare on the part of the owner, rider, or trainer. This highly illustrated guide by one of the world's leading minds in the area of farriery provides an unparalleled look at advances in shoeing and general hoof maintenance, with the goal of helping owners to comprehend the "whys" of certain choices, recognize variations in shoeing options, and become better consumers of horse shoes and horseshoeing all around. Steve Kraus, Head of Farrier Services at the Cornell University College of Veterinary Medicine and instructor at the Cornell Farrier School, is uniquely qualified to provide a varied and thorough exploration of hoof-related topics, including: Equine conformation—how to assess it in relation to soundness and performance, and how farriers use it to guide shoeing choices. To shoe or not to shoe? Using sense and science to analyze which horses are better served with shoes and which may be comfortable and healthy barefoot. Types of horseshoes and traction devices, modification devices, adhesives, materials, and more. Shoe loss—why it happens and how to prevent it. Farrier training—where and how it happens, how to find a good one and what you should expect. Horse handling for shoeing—how to prepare your horse and yourself. The future of farriery with 3D printing. And so much more. With plenty of "adventures from the road" and lessons learned during his years of shoeing horses professionally, Kraus provides a guide that is not only massive in value, it's entertaining, to boot. An excellent resource for all serious horse people who wish to keep their horses comfortable and performing their very best while making informed decisions and having intelligent conversations with hoofcare professionals.

**The Light in the Sound** V. G. Anderson,2015-10-19 The Light in the Sound is the character-driven and often comical story of a spirited young woman, Rachel Richardson, who works in an adult toy store in Seattle. Her estranged family lives a thousand miles away, and she has a bunch of wretched friends. She really just wants to be loved, but this isn't a love story. It's about combating isolation. Rachel is tired of walking through life half asleep—literally and figuratively because she also suffers from night terrors. Counting on others becomes increasingly difficult, though. As she attempts to make new connections, familial wounds grow deeper and deceptions multiply. Her sense of disconnection from family, work, and friends grows, resulting in her attempting to cut all ties, turn inward, and numb herself emotionally. Ultimately, in the wake of losing everything—yet again—Rachel is forced to discover how many times one person can start over before self-destructing.

**Winfred Cowell, Smedaphites, and the Aliens** Lee Ching Kai,2014-04 The Dark Lord has landed his intergalactic ship deep in the heart of the Sahara desert in preparation for his Skeleroff invasion of the unsuspecting and unprepared planet Earth. His ship carries the weapons and personnel he'll need for the invasion-and a cargo of alien prisoners who escape in an ejection capsule during the landing. Landing in the mountains only two kilometres from Powell Street, it's no wonder the escaped aliens found their way to eighteen-year-old Winfred Cowell's home-though too late. By the time Margaret Parof, one of the alien escapees, reaches Winfred, the boy has already been found. With Margaret's help, Winfred barely escapes with his life, but not before taking the Mocrax, the Skelleroff's most prized treasure. Now, with all the power of the Dark Lord in pursuit, there's no place on Earth to hide. Margaret must take Winfred to Portable Accommodation, her home. There Winfred must learn the extraordinary techniques he will need in order to defeat the Dark Lord. The fate of the world depends on it.

**Stones of the New Consciousness** Robert Simmons,2009 Stones of the New Consciousness begins with a new approach to meditation with stones, and to the possibility of conscious relationship with the spiritual beings who express themselves in our world as crystals and minerals. This beautifully designed book examines the most important stones that help accelerate and enhance human evolution. Each entry is illustrated with color photos of exceptional examples. The stones include Moldavite, the extraterrestrial amorphous crystal; Nuummite, the oldest gemstone on Earth; and Circle Stones, the highly energetic Flint found in crop circle formations. Other featured rarities include Nirvana Quartz from the Himalayas and high-vibrational Natrolite from the emerald mines of Russia. Author Robert Simmons includes historical and mythological references for each stone, positing that the fabled Stone of the Holy Grail and the Philosopher's Stone of the alchemists may have physical counterparts among the materials discussed.

Simmons presents practices for deepening one's awareness of the stones' gifts--from expanding one's consciousness, to healing, to fulfilling one's personal and collective destiny. While emphasizing direct contact with stones, the book also explores crystal energy tools, energy environments, and applications such as stone elixirs and essences that can aid anyone on a spiritual path.

Luminaries of the Humble Elizabeth Woody,1994 Poems on those who are not often heard from: salmon, trees, edible roots, berries, deer. In Cricket, she writes: Brilliant, he bristles as an undercover militant. / Hand winging in the air, / running the current of his backward hair. / Dogged, he insists on an argument. By the author of Hand into Stone.

The Collected Stories of Carol Shields Carol Shields,2010-07-23 Carol Shields, the Pulitzer Prize-winner author of the novels Unless, The Stone Diaries and Larry's Party was also a renowned short story writer. Now readers can enjoy all three of Carol Shields's short story collections – Various Miracles, The Orange Fish and Dressing Up for the Carnival – in one volume, along with the previously unpublished story, “Segue,” her last. With an eye for the smallest of telling details – a woman applying her lipstick so “the shape of pale raspberry fits perfectly the face she knows by heart” – and a willingness to explore the most fundamental relationships and the wildest of coincidences, Shields illuminates the absurdities and miracles that grace all our lives. From a couple who experiences a world without weather, to the gentle humor of an elderly widow mowing her lawn while looking back on a life of passion, to a young woman abandoned by love and clinging to a “slender handrail of hope,” Shields's enormous sympathy for her characters permeates her fiction. Playful, charming, acutely observed and generous of spirit, this collection of stories will delight and enchant Carol Shields fans everywhere. Excerpt from The Collected Stories of Carol Shields Let me say it: I am an aging woman of despairing good cheer — just look into the imaginary camera lens and watch me as I make the Sunday morning transaction over the bread, then the flowers, my straw tote from our recent holiday in Jamaica, my smile, my upturned sixty-seven-year-old voice, a voice so crying-out and clad with familiarity that, in fact, I can't hear it anymore myself, thank God; my ears are blocked. Lately everything to do with my essence has become transparent, neutral: Good morning, Jane Sexton smiles to one and all (such a friendly, down-to-earth woman). “What a perfect fall day.” “What glorious blooms!” “Why Mr. Henning, this bread is still warm! Can this be true?”

**Horse-Shoeing as it is and as it Should Be** William Douglas,2023-09-23 Reprint of the original, first published in 1873.

The Ideal of Kingship in the Writings of Charles Williams, C.S. Lewis and J.R.R. Tolkien Christopher Scarf,2013-06-27 In his distinctive work, Christopher Scarf explores the writings of the three most prominent Oxford Inklings - Charles Williams (1886-1945), C.S. Lewis (1898-1963), and J.R.R. Tolkien (1892-1973) - to reveal and contrast their conceptions of the ideal of 'kingship'; divine, human, and mythological. As practising Christians, the faith of all three writers was central to their literary and personal visions of kingship, society, love, beauty, justice and power. Scarf investigates their belief in God as Creator and heavenly King, opinions on the nature of His very being, and the way in which all believed the Creator to be unique rather than one among many. The relationship between the earthly and heavenly King is considered, as well as the extent to which the writers contend that earthly kings are God's viceregents, act with His authority, and are duty-bound to establish and sustain just and joyous societies.

Examining the writings of all three men in detail, Scarf also highlights the covert evidence of their lives and personalities which may be discovered in their texts. An understanding of the authors' individual but overlapping views of the essential meaning of Kingship, and their personalities and early lives, will enrich the reader's appreciation of their created worlds. This volume provides a unique focus on Kingship and the Christian beliefs of three well-loved writers, and will be of interest to any reader seeking a fuller understanding of the individuals and their works.

*The Mango's Kiss* Albert Wendt, 2011-11-01 An epic novel stretching out from Samoa to Europe, America and New Zealand, from the turn of the nineteenth century, through the First World War, the Spanish Influenza Epidemic and beyond. Since the 1960s, Albert Wendt has created a profound and fabulous Pacific world that is uniquely his own. A fictional world focused on Samoa and New Zealand and reaching out to the centres of the world, a world inhabited by the richest menagerie of characters in Pacific fiction, characters whose lives and stories reflect our own complex depths. Sixteen years in the writing, *The Mango's Kiss* is a striking addition to that world. Pele's first moment of remembered consciousness is the morning kiss of the mango fruit on her cheek. That kiss brings with it the awareness of mortality, pleasure and pain. It is a gift from her father, Mautu Tuifolau, the local pastor, the man she adores. Love is never simple, though, and in this story of the struggles and passions of Pele and her family, it must adapt to the growing world that stretches out from village life in Samoa to the cities of Europe, America and New Zealand. It must accommodate the conflicts of a gifted family and the attraction of extraordinary outsiders, from a famous English writer to an American anthropologist, missionaries and the trader Barker, with his quest for gold and epic tales of an adventurous past. And it must encompass the family's links to the ancient gods of pre-missionary times and move through the turn of the nineteenth century, the First World War, the terrible Spanish Influenza Epidemic and beyond.

*The Journey That Never Was* Jeanne de Ferranti, 2019-01-25 To Jeanne de Ferranti's business-minded parents, it was dismissed as an irresponsible waste of time, and it quickly became 'the journey that never was'. It didn't enter the record books, and it was never reported in the press. But to Jeanne and her friend and co-driver Jane, it was rather a big adventure. Back in the early 1960s, as two young women in their twenties, they drove one of the first Minis right round the world, and made it home in one piece. The pair survived endless mechanical breakdowns and a major road accident, enduring hunger, thirst, poverty, bureaucratic red tape and food which ranged from the delightful to the disgusting. They frequently had to fight off the attentions of amorous men, even, at one point, escaping from an attempted rape at knifepoint. But along the way they experienced the kindness of many strangers and saw some of the greatest sights the world has to offer, finally making it safely home two years after they had set out. This, half a century on, is Jeanne's enthralling account of the round-the world adventure which at the time was simply swept under the carpet.
