Brainchains Dr Theo Compernelle MD PhD, 2014-06-27 In this book BRAINCHAINS you discover your brain, to unleash its full potential in a hyperconnected, multitasking world Prof Dr Theo Compernelle studied over 600 publications, surveyed 1200 professionals and wrote another easy readable and practical book. As a medical doctor, neuropsychiatrist and scholar with decades of experience in medical schools and business schools in many countries, he integrates science from many domains. What is your most important tool to be successful as a professional? Your brain! What do you know about your thinking brain? Nothing. The sad result: a majority of knowledge workers ruin the performance of their magnificent brain, and obstruct the matchless potential of their brain-ICT collaboration (Information and Communication Technologies). Taking into account the strengths and weaknesses of your brain you will also get the best results from your brain-ICT synergy. -Part 1: How your reflecting brain, your archiving brain and your reflex brain influence your thinking -Part 2: The BrainChains: how always being connected, multitasking, stress and lack of sleep ruin your performance -Part 3: Practical tools and tips to unchain your brain -The fifth BrainChain; Badly Designed Offices about disastrous open offices is a FREE BOOKLET at www.brainchains.org Eye-opener! A great read for all of us who are juggling-it-all, work and family, are interested in increasing productivity and to get the most of our brains AND our smart phones. Marjan Inbar, Senior Communications Consultant, NY. USA ...quite a feat to integrate research from so many domains and turn them in a very readable, inspiring, useful often surprising and even stirring book... not only the problems... but also the solutions... Daniel Blumberg, Principal and Investor, NY ... a compelling, meticulously researched, and cleverly illustrated case against the twin tyrannies of hyperconnectivity and multitasking... also shows how to free ourselves from them Nelida and Jorge Colapinto (Psychologists). Wynnewood. PA. USA Read this book if you'd like to learn how to master information technology, rather than have it master you and letting it get in the way of doing your best work. Prof Peter Cappelli. G.W. Taylor Professor of Management. The Wharton School. Philadelphia. USA ...Multitasking is impossible! Understanding and accepting this, helped me to refocus on tasks which matters and to rediscover my creativity. I used the short MULTITASKING test in my meetings in our global organization. It's exciting to see everywhere the aha-epiphany! Dr. Peter zum Hebel, Vice President, Manufacturing, Kemira Germany ... a revelation for me and helped me better understand why people do what they do in a health & safety context. An essential and easy read for practical people, who want to know how people work and what can be practically done to maximize their efficiency and reduce human error Malc Staves, Global Health & Safety Director, L'Oreal .Paris France ... an easy to read page turner... which I feel everyone in the connected world should read Dave Scott President Barco, Inc. USA ...everybody is complaining about a continuous input overload. Yet the real quandary is: while we are continuously flooded by the breakers of redundant signals we do suffer from a lack of relevant information. Theo Compernelle describes and analyzes this state of affairs and its impact on our daily life and our habitual and creative performance. Gottlieb GUNTERN, President of CREANDO - International Foundation for Creativity & Leadership, Switzerland ...This book shows me a so powerful human brain ... Looking inside into my brain, I get my idea to have my life back under my own control... and recapture time to love and be loved... Wei TAO, Business Information Manager of DSM China

The Fortune Cookie Principle Bernadette Jiwa, 2013 This should be the next book you read. Urgent, leveraged and useful, it will change your business like nothing else. SETH GODIN -Author The Icarus Deception It's not how good you are. It's how well you tell your story. Big corporations might have huge marketing and advertising budgets but you've got a story. Your brand story isn't just what you tell people. It's what they believe about you based on the signals your brand sends. 'The Fortune Cookie Principle' is a brand building framework and communication strategy consisting of 20 keys that enable you to begin telling your brand's story from the inside out. It's the foundation upon which you can differentiate your brand and make emotional connections with the kind of clients and customers you want to serve. The most successful brands in the world don't behave like commodities and neither should you. A great brand story will make you stand out, increase brand awareness, create customer loyalty and power profits. Isn't it time to gave your customers a story to tell? 'The Fortune Cookie Principle' will show you how. ADVANCE PRAISE FOR THE FORTUNE COOKIE PRINCIPLE It's so easy to overcomplicate what great brands and new businesses need to do to resonate with their consumers. The simple questions asked in this book help you to de-mystify that process. It encourages you to think beyond what you do to why you do it and why that matters to your customers. Had this been available when I was driving Sales and Marketing Capabilities in my past corporate life at Cadbury Schweppes, this would have been recommended reading. Now I'm an entrepreneur I simply apply these principles each and every day. Wendy Wilson Bett-Co-Founder Peter's Yard Yes, you need a great product, but without a compelling story, success is improbable. The 'Fortune Cookie Principle' is an easy-to-read guide that will help any marketer or business owner begin to ask the right questions about the stories they tell. Bernadette includes dozens of examples and questions to get your storytelling ship in the right order. Let's face it...telling compelling stories to attract and retain customers is not easy. Most brand marketers are not great storytellers. This book will give you a new perspective on your marketing, and help you move from talking about yourself to talking about things your customers actually care about. Then, and only then, will your marketing actually work in today's consumer-led economy. Joe Pulizzi-Founder Content Marketing Institute The wisdom in this book is better than any fortune. Read and apply! Chris Guillebeau-Author \$100 Startup This book is an inspiration. Bernadette ignites real-world experience with a true passion for helping businesses move to the next level. Mark Schaefer-Author Return on Influence Full of inspiring stories about what makes businesses unique (and successful) in today's supersaturated markets. David Airey-Author Work For Money, Design For Love. If you're someone who cares about why you do what you do and how you do it, this book is for you. Tina Roth Eisenberg-Founder of Tattly

DevOps for Developers Michael Httermann, 2012-10-24 DevOps for Developers delivers a practical, thorough introduction to approaches, processes and tools to foster collaboration between software development and operations. Efforts of Agile software development often end at the transition phase from development to operations. This book covers the delivery of software, this means “the last mile”, with lean practices for shipping the software to production and making it available to the end users, together with the integration of operations with earlier project phases (elaboration, construction, transition). DevOps for Developers describes how to streamline the software delivery process and improve the cycle time (that is the time from inception to delivery). It will enable you to deliver software faster, in better quality and more aligned with individual requirements and basic conditions. And above all, work that is aligned with the “DevOps” approach makes even more fun! Provides patterns and toolchains to integrate software development and operations Delivers an one-stop shop for kick-starting with DevOps Provides guidance how to

streamline the software delivery process

Our Halloween John Cena, 2021-09-23 Wonderfully well-written, outrageous, and provocative. ? Booklist. Entertaining ? and scholarly ? Like a bag of Halloween candy, the book is a lot of fun. ? Boston Globe. Fans of cultural history will devour each chapter ? like a toothsome treat. ? Christian Science Monitor. Acclaimed cultural critic David J. Skal explores one of America's most perplexingly popular holidays in this original mix of personal anecdotes and social analysis. Skal traces Halloween's evolution from its dark Celtic history and quaint, small-scale celebrations to its emergence as mammoth seasonal marketing event. Skal takes readers on a cross-country survey that covers remarkably divergent perspectives, from the merchants who welcome a money-making opportunity that's second only to Christmas to fundamentalists who decry Halloween a form of blasphemy and practicing witches who embrace it as a holy day. He also profiles individuals who revel in this once-a-year occasion to participate in elaborate fantasies. Their narratives, combined with the author's cultural analysis, offer a revealing look at an intriguing aspect of our national psyche.

An Unknown World Jacob Needleman, 2012-09-27 What is the purpose of life on Earth? Philosopher Jacob Needleman frames man's role on the planet in a completely new and fresh way, moving beyond the usual environmental concerns to reveal how the care and maintenance of a world is something vital and basic to our existence as authentic human beings. In some of his most deeply affecting writing, Needleman draws on his childhood experiences with a terminally ill friend whose impending death forces the young boys to face questions of the meaning of existence at an early age—questions that Needleman carried with him in his explorations of science and philosophy throughout his career as a scholar of religions. The conclusions that he reaches will give all of us a new sense of the purpose of our lives and the planet we live on.

A Most Improbable Journey: A Big History of Our Planet and Ourselves Walter Alvarez, 2016-11-15 A thrilling synthesis from a brilliant scientist who discovered one of the most important chapters in our history. —Sean B. Carroll Big History, the field that integrates traditional historical scholarship with scientific insights to study the full sweep of our universe, has so far been the domain of historians. Famed geologist Walter Alvarez—best known for the “Impact Theory” explaining dinosaur extinction—has instead championed a science-first approach to Big History. Here he wields his unique expertise to give us a new appreciation for the incredible occurrences—from the Big Bang to the formation of supercontinents, the dawn of the Bronze Age, and beyond—that have led to our improbable place in the universe.

Liberalism Mark Dice, 2018-11-13 It's as if we're living in an episode of the Twilight Zone. Every day we are inundated by news reports, trending topics on social media, and new political movements promoting such bizarre beliefs about race, gender, sexuality, and life in general, that it's impossible in many cases to distinguish whether such ideas are serious or if they're a parody of what liberalism has become. The political differences between liberals and conservatives used to be pretty well established, but recently the tug of war between the Left and the Right took a dramatic and disturbing turn. Modern liberalism has been replaced with new mind-boggling agendas promoting the adoption of unscientific, authoritarian, and sociologically disastrous ideologies. In attempts to accomplish their plans, the Left are conspiring to end freedom of speech, traditional families, long-cherished holidays, and hope to implement a new world order. Who is behind this madness? What is their ultimate goal? How far are they willing to go to achieve it? And what can we do to stop them? Bestselling author and media analyst Mark Dice takes you on a tour inside the minds of those constructing this new social landscape in his groundbreaking investigation: Liberalism: Find a Cure.

Scrum - A Pocket Guide - 2nd edition Gunther Verheyen, 2019-02-16 This pocket guide to Scrum is the one book for everyone who wants to learn or re-learn about Scrum. The book describes the framework as it was designed and intended, with a strong focus on the purpose to the rules and adding an historical perspective to Scrum and the Agile movement. Several elements that were described in the first edition of Scrum - A Pocket Guide (2013) were later added to the official Scrum Guide. The most noticeable ones are the Scrum Values (2016) and the description of the 3 questions of the Daily Scrum as a good, yet optional practice (2017). As the balance of society keeps shifting from industrial labor to digital work, complexity and unpredictability keep increasing. The need for agility through Scrum increases equally, in and beyond software and product development. This 2nd edition of Scrum - A Pocket Guide offers the clarity and insights on Scrum that many organizations need, today and in the foreseeable future. Scrum - A Pocket Guide is an extraordinarily competent book. It flows with insight, understanding, and perception. This should be the de facto standard handout for all looking for a complete, yet clear overview of Scrum without being bothered by irrelevancies. (Ken Schwaber, Scrum co-creator) The author, Gunther Verheyen, is a seasoned Scrum practitioner (2003). Throughout his standing career as a consultant, Gunther has employed Scrum in diverse circumstances. He was partner to Ken Schwaber and Director of the Professional Scrum series at Scrum.org. He is the founder of Ullizee-Inc and engages with people and organizations as an independent Scrum Caretaker.

Dyslexic Hearts Club Hanneke Hendrix, 2016-03-17 In The Dyslexic Hearts Club we meet an unlikely trio of women who are on the run and experience a plethora of exciting, comical and even comforting absurdities. 3 women with burns share a hospital room that is guarded by a policeman and more men hang around outside, waiting for them. Feeling threatened by this male presence, the women decide to escape. A thrilling, comical and strangely comforting account of this escape ensues. While on the run from the police, criminals and cheated husbands, the women find themselves in situations they can only overcome by sticking together.
