*Lean Habits For Lifelong Weight Loss* Georgie Fear, 2015-04-07 Simple, Everyday Habits for a Lifetime of Leanness If you feel like you've tried every fad diet in town and you're still carrying extra weight, Lean Habits is your answer. With easy tweaks to everyday decisions, you'll enjoy your meals, have tons more energy and most of all, you'll achieve long-term weight loss success without food restrictions. Georgie Fear is a registered dietitian and nutrition expert whose specialty is one-on-one coaching to help people lose weight permanently. Lean Habits is her personalized plan. It is not a diet; it's a lifestyle. Other diets that dictate calorie counting or food restrictions simply don't work because they're not sustainable. You lose the weight only to gain it back when you get sick of avoiding all your favorite foods. What does work are small, personalized changes to your lifestyle—like learning to sense when you are truly hungry, and recognizing the signs to stop eating at just enough— which lead to healthier eating habits that you practice every day. Lean Habits will help you understand your relationship with food, your habits that are keeping you from weight loss and how you can start listening to your body's real needs. Simple modifications will be your stepping-stones to a healthy life in which you lose weight while still eating the food you love. Georgie's strategy is founded on rock-solid modern scientific data and is accessible to everyone—even those who love chocolate. This is the weight-loss guide for real people, so, if you're ready to get started on your real-life weight loss journey, take a deep breath and let's get lean!

**Target 100** Liz Josefsberg, 2017-12-19 When I was losing weight, Liz was more than my coach; she was my rock, and I couldn't have done it without her. She just got it, because she'd been through it herself (and helped about a million other people through it, too). Target 100 is Liz in book form—smart, supportive, and full of practical, simple solutions. Liz changed my life and my whole concept of dieting—and now can change, yours too. —Jessica Simpson

When did weight loss get so complicated? Today, it feels like there are a million different apps, tools, workouts, and eating plans designed to help you lose weight. Some promise success via drastic, unlivable restrictions, others are so complex they turn losing weight into a second job. In Target 100, celebrity weight-loss coach Liz Josefsberg shows you don't have to be a slave to your weight-loss program. You don't have to count every gram of every nutrient and every calorie you eat at every meal. Believe it or not, weight loss can be simple. It can even be . . . fun. A 15-year veteran of the weight-loss industry and who lost—and kept off—65 pounds herself, Liz has accrued a high-profile clientele. She helped Oscar-winner Jennifer Hudson lose weight and transform her life and coached Jessica Simpson to shed over 50 pounds of baby weight (twice!). But along with the likes of Charles Barkley and Katie Couric, Josefsberg has also coached thousands of others, everyone from stay-at-home moms to office jockeys. Along the way, she's learned what works—and what doesn't—when it comes to lasting weight loss, and she's ready to share her secrets with the rest of us. Target 100 streamlines the weight-loss process into six easy-to-follow guidelines and shows you how to adjust them to fit your lifestyle, personalizing the program so that it works for you. Josefsberg offers tips, worksheets, and powerful insights to help you fine-tune a range of weight-related behaviors, from battling stress to getting more sleep, setting the stage for permanent, long-term weight loss. Instead of counting calories, you'll learn how simple changes come together to jumpstart your health and wellbeing, such as:

- Drinking 100 ounces of water a day
- Exercising for 100 minutes a week
- Adding 100 minutes of Sleep a week
- De-Stressing for 100 minutes a week
- And more!

Warm and no-nonsense, encouraging and informative, Target 100 is a holistic and revolutionary wellness book with a simple message: You don't need to be perfect to lose weight, or transform yourself into someone you're not. You can lose weight for good, with the world's simplest weight loss program.

**Weight Loss Confidential** Anne M. Fletcher, 2008-01-02 The only book to go to the real experts on how teens lose weight successfully: teens who have actually done it. Using the approach that made her book *Thin for Life* an award-winning bestseller, Anne M. Fletcher interviewed and surveyed more than 100 teens who had lost weight - some as much as 100 pounds - as well as their parents. Many of these teens came from overweight families and had been heavy since childhood. Yet they were able to turn things around and make important lifestyle changes. How did they do it? What works? What doesn't? And what can families do to help? In *Weight Loss Confidential*, you'll meet:

- Taylor S., who lost 100 pounds when he was sixteen and has kept the weight off for about four years.
- Joelle T., who watched the scale climb beyond 200 pounds when she was in the eighth grade. She's lost 55 pounds.
- Robin S., thirteen, who weighed 170 pounds by the time she was nine and who has since slimmed down. I have a lot more friends now and more energy, she says.
- Wes G., Fletcher's own son, who was inspired to lose 65 pounds after meeting another boy who had lost weight. That's when Fletcher realized that teens listen more readily to other teens than to adults. Challenging conventional assumptions about teen weight loss, Fletcher distills the results of the latest scientific studies and findings of the countless authorities in the field, weaving them together with her own conclusions. In so doing, she shows that there is no one-size-fits-all prescription for teen weight loss but a variety of strategies that make a difference. With the number of overweight children and teens skyrocketing, *Weight Loss Confidential*

offers solutions - healthy approaches that families can use for a lifetime.

At one time or another, we all have dieted, perhaps trying one of the fad diets of the day. Billions of dollars are spent every year in an effort to lose weight, yet the only thing getting lighter is our wallet. Over time, we have become convinced that the failure of our dieting efforts is our fault. We did not try hard enough, long enough, nor good enough. That every diet craze is the ultimate, and we would be foolish not to try it. But in actual fact, it is the diet that fails US! So, why DO diets fail us? Dr. Lynn Edwards shares her unique perspective in deciphering the perils of dieting and the psychology of weight loss. In this book, another in her series of personal empowerment books, she shares with us twelve reasons why diets fail us, while presenting three fundamental ways to achieve a healthy body and lifestyle. The 3M's are the basics to any successful and sustaining effort, proven effective by the many clients she has supported over the years. Diets are based in deprivation, and Dr. Lynn presents a refreshing model that builds on strengths and personal fulfillment.
