The People Code Taylor Hartman,2007-09-18 Motive matters! Give me five minutes and I can predict your life success. I can help you understand why you do what you do by identifying your Core Motive. –Dr. Taylor Hartman In his life-changing book, Dr. Taylor Hartman introduces you to the People Code and why people do what they do. The concept of Motive is a fresh method for analyzing your own innate personality as well as that of those around you. You then have the ability to utilize that knowledge to improve workplace and personal relationships. As an author, psychologist, and leadership coach, Dr. Hartman offers a remarkably astute system for segmenting everyone into specific Motive-types denoted by a color: Red (power wielders), Blue (do-gooders), White (peacekeepers), and Yellow (fun lovers). He then explains how to ensure that all possible alliances between them function at optimum effectiveness. If you struggle with self-acceptance and have questions about why you and others act the way you do, Dr. Hartman and The People Code can help you maximize your life success by improving your day-to-day relationships.

Ode to Color Lori Weitzner,2016-12-06 Internationally renowned textile designer Lori Weitzner presents a novel, layered perspective on the use and significance of color in design and culture in this spectacular treasury illustrated with 225 full-color images. Ode to Color, a stunning anthology by renowned and award-winning textile and wallcovering designer Lori Weitzner, principal of Lori Weitzner Design, Inc., offers an immersive, sensual, and engaging journey in the world of color as it applies to culture, design, mood, and memory. Each of the ten chapters in this richly illustrated volume presents a distinct color world through an intimate and often kaleidoscopic perspective, a compilation of the numerous—and often shifting—associations and emotions we assign to a color or group of colors. Each chapter combines diverse imagery—evocative fine art and photography, environmental interiors, details of Weitzner’s gorgeous designs as well as her sketches and watercolors—with excerpts from literature and her own essays on a wide array of topics relating to the palette. The result is a fully sensory conveyance of each palette’s particular power as well as a consideration of its tangible and intangible connections, from its place in religion, pop culture, and commerce to the impact it has upon our decision making, our moods, and our tastes. While each chapter is unique in its approach to the ten worlds, with its mix of essays, prose and range of art, from a Technicolor Disney cartoon in Out Loud to David Bowie as Ziggy Stardust in Silverlight, each chapter includes: An introductory essay on a subject that characterizes the palette A two-page photographer of an open drawer in Weitzner’s studio that she has arranged with various fabrics, skeins, and objects that, together, comprise the palette; An evocative two-page word collage that presents both color names and the words commonly associated with the palette; Design pointers that provide in-depth insight to working with color and to decorating with each palette throughout the home, from wall treatments to accessories. Spectacular and imaginative, this experiential volume will captivate, inspire, and inform a broad audience, including interior designers and decorators, architects, graphic and fine artists, and anyone interested in art, design, fashion, pop culture, and spiritual discovery. Sumptuous, beautifully designed, and filled with wondrous imagery and compelling stories and facts, it makes an inspiring and unusual gift for almost any occasion.

The Four Tendencies Gretchen Rubin,2017-09-12 NEW YORK TIMES BESTSELLER • Are you an Upholder, a Questioner, an Obliger, or a Rebel? From the author of Better Than Before and The Happiness Project comes a groundbreaking analysis of personality type that “will immediately improve every area of your life” (Melissa Urban, co-founder of the Whole30). During her multibook investigation into human nature, Gretchen Rubin realized that by asking the seemingly dry question “How do I respond to expectations?” we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: • Upholders meet outer and inner expectations readily. “Discipline is my freedom.” • Questioners meet inner expectations, but meet outer expectations only if they make sense. “If you convince me why, I’ll comply.” • Obligers (the largest Tendency) meet outer expectations, but struggle to meet inner expectations—therefore, they need outer accountability to meet inner expectations. “You can count on me, and I’m counting on you to count on me.” • Rebels (the smallest group) resist all expectations, outer and inner alike. They do what they choose to do, when they choose to do it, and typically they don’t tell themselves what to do. “You can’t make me, and neither can I.” Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. It’s far easier to succeed when you know what works for you. With sharp insight, compelling research, and hilarious examples, The Four Tendencies will help you get happier, healthier, more productive, and more creative.
