Purposeful Play for Early Childhood Phonological Awareness
Hallie Yopp,Ruth Helen Yopp,2010-08-01 Purposeful Play for Early Childhood Phonological Awareness provides 70 activities designed to help students detect and manipulate the sounds of language.

Whether through singing songs, engaging in role-playing games, or tossing balls of yarn, every activity provides fun ways for children to interact with language and one another while offering explicit support for developing phonological awareness. Use fun, engaging activities, grouped according to phonological skills, that build sequentially and reinforce previously learned skills while introducing new skills. Address how to isolate sounds in words so young children can hear and recognize individual words, syllables, initial sounds, rhymes, and phonemes. Pronunciation guides give explicit instruction so that all sounds are correctly articulated.

Knowledge Annotation: Making Implicit Knowledge Explicit

Alexiei Dingli, 2011-04-06 Did you ever read something on a book, felt the need to comment, took up a pencil and scribbled something on the books' text'? If you did, you just annotated a book. But that process has now become something fundamental and revolutionary in these days of computing. Annotation is all about adding further information to text, pictures, movies and even to physical objects. In practice, anything which can be identified either virtually or physically can be annotated. In this book, we will delve into what makes annotations, and analyse their significance for the future evolutions of the web. We will explain why it was thought to be unreasonable to annotate documents manually and how Web 2.0 is making us rethink our beliefs. We will have a look at tools which make use of Artificial Intelligence techniques to support people in the annotation task. Behind these tools, there exists an important property of the web known as redundancy; we will explain what it is and show how it can be exploited. Finally we will gaze into the crystal ball and see what we might expect to see in the future. Until people understand what the web is all about and its grounding in annotation, people cannot start appreciating it. And until they do so, they cannot start creating the web of the future.

Classworks - Literacy Year 3 Carolyn Bray,2003-06

'Classworks Literacy' teacher's resource books contain exemplified units of work for teaching literacy in school. Each book covers a wide range of fiction, poetry and non-fiction and includes comprehensive notes and practical ideas for teaching, all in a user-friendly format.

Playing with ... K Lucy Sanctuary,2017-07-05 This diverse and practical resource presents activities, games and ideas to support children who have speech sound difficulties between the age of 3 - 7 (older if used with children with a learning difficulty), eg developmental delay, disordered speech sounds, developmental apraxia of speech. The book is divided into seven main sections: mouth exercises (oro-motor exercises); single sounds (k); short words - consonant + vowel, eg, car, key, cow; longer words that begin with the speech sound k - consonant + vowel + consonant, eg, comb, can, cap; longer words that end with k, eg, book, bike,

duck; words with more than one syllable that begin with k, eg, cooker, coffee, camel, caterpillar; and, using words in sentences. Each section provides the opportunity for the child to hear the speech sound in isolation and in words before they try to say it (ie receptive and expressive activities). Includes: different activities to practise listening and saying the target sound/word; drilling games - ie the opportunity to hear the speech sound in isolation and in words, and to say them in increasingly challenging sequences in a game format; games that can be played with the picture cards of the words the child is working on; and, an auditory bombardment section composed of funny rhymes containing the words, the child has been working on in the section. The resource contains simple, accessible information on the development of speech sounds and specific information about the speech sound k. Examples of session plans using the resource are included in the book to help users plan work.

High-Frequency Picture Words: Picture Word Match Staci

Marck,2014-06-01 **This is the chapter slice Picture Word Match from the full lesson plan High-Frequency Picture Words** Increase vocabulary, sight word recognition and comprehension as you help your students identify 120 common nouns using real life pictures as an aid. Picture associations will aid young readers in developing

anchor words to increase their oral and written language. We also highlight high frequency words which encourage beginning skills for reading. As students begin to read and build their picture word knowledge, they will build a bank of known vocabulary words that will aid them in beginning to read and spell. Many of these picture words can be used to help spell similar words by analogy. Boxes are used to help students come to understand that words can be recognized by the shapes of their letters, as they contain small, tall or hanging letters. Color graphic organizers and a comprehension quiz are included. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy.

Sight & Picture Words Big Book Staci Marck, 2009-12-01 All of our content is aligned to your State Standards and are written to Bloom's Taxonomy. Increase sight word recognition, vocabulary and comprehension as you help your students identify 130 sight words and 120 common nouns using real life pictures as an aid. Picture associations will aid young readers in developing anchor words to increase their oral and written language. Sight words are words that must become automatically recognized by the reader because they are often not pronounced or spelled in regular ways. We also include the 100 high-frequency words that make almost 50

percent of everything that we read as adults, because having a bank of high frequency words is essential to building fluent reading skills. Reproducible worksheets include: mixed up words, boxed words, writing, cloze sentences, stories and puzzles. Color graphic organizers, a comprehension quiz, and test prep are also included.
